IP:

Please see urgent request from the CVE coordinator to review their clean draft. I will be assigning this over to your office in ESTT momentarily.

Until then, please review and clear/and or provide comments to the v2 clean draft. I have submitted the original draft that was submitted to ESEC in January as reference.

NPPD is requesting feedback by 11:30am today. We would your feedback at this time, only because we need to run any additional comments by to our COS for approval in order to meet their 12 noon deadline today.

Thank you,

All - apologies for the extreme quick turn around. NSC sent back this tasking to DHS and requested that the original letter response, that was submitted months ago, be refreshed and sent back up.

Also, unfortunately this tasking is past due to lack of interagency response on coordination. We have now been instructed to move forward quickly regardless.

Please see the attached updated letter response.

Please send clearance by CoS level or higher by 12PM TODAY (Thursday).

Thank you.
