Good Morning,

To meet the deadline as best as possible, here is a quick review and comment to the bill as approved by the IP Deputy Assistant Secretary. We'd appreciate the opportunity to review comments both submitted by OCVEC, as well as those collected by OCVEC from across the Components. Thank you.

Respectfully,

Subject: NEED REVIEW BY 11AM TODAY: Hill Request on Draft Authorization for DHS CVE Office

All – please see the draft authorization bill for the Office for the Countering Violent Extremism Coordinator.

This was sent back by the Hill, late over the weekend, with a hard stop of review/comments by late morning today.

We understand this is a quick turnaround, the OCVEC is under the same timeline, and is reviewing now.

We wanted to make sure your offices/components had the opportunity to review, albeit under small time window.

Please send back any **major edits** back by **11AM TODAY (This morning)**. This is unfortunately a hard stop and silence will be considered concurrence.

Thank you.
