Please see BM for comments/input. Also I have attached the LA CVE Framework which will give the DUS the most current perspective on USG efforts to partner with local stakeholders in CVE. This should be included as background reading material.

Thanks.

Hi (b) (6)

DUS Clark has requested some meetings on CVE with the Netherlands while he returns back from Kenya on Monday, June 29<sup>th</sup>. We've put together the attached briefing memo for him, can you please let us know if you have any thoughts or additions? He takes off today for Kenya so we are going to include this in his book and note that if there are any other additions, we'll email them to him prior to the June 29<sup>th</sup> meeting. Thanks so much!

Best
