Sorry for the delay. Please see below for a notional schedule (please advise soonest if these times are absolutely unworkable) for Monday. We'll seek to hold all meetings in the same room in Building 19.

Suggest we organize a call to discuss on Friday.

9:30: Overview and legal authorities meeting (OGC, (b) (6))

10:30: NPPD: NCCIC, ISACs, private sector interaction generally (Durkovich and/or Kolasky + 2)

11:30-11:45: Break

11:45: OCP/CVE Task Force (b) (6)

12:30: Social Media Task Force (b) (6)

1:00 Lunch

1:30: Privacy, CR/CL (b) (6)

2:15 I+A, CT Staff/Policy

Rest of day: Follow-up as needed

Subject: FW: DHS Visits for Monday (5/2)

All - per the discussion with S1 yesterday and previous correspondence, the NSC Sprint Team will be visiting DHS next Monday for meetings on content flagging. I expect roughly four people and we'd like to keep meetings at the NAC (apologies to NPPD and OCP). See note below from NSC on current interests (non-exclusive) from the team.

I'll send around later this morning a list of discussions and suggested meeting participants and then we can try to juggle schedules around to fit the pieces in.

Thanks,

DHS team,

Per Jen's high side email, I wanted to check in and see if next Monday will work for DHS site visits. The Sprint Team is available the entire day. During today's visit, some of the DNI private sector engagement folks mentioned your information sharing authorities (more specifically they discussed the NCCIC, ISACs, and sector coordinating councils); I believe the team is particularly interested in hearing about these efforts. Would also be helpful to hear about your collection authorities and any work in the social media space. Copying (b) and team on this email in case they have any other specific requests. Thanks so much for your help on this.

V/r,
