I'm pretty sure it is Herndon so unfortunately not close.

The presentation would essentially be a CVE 101, intro to what it is and what it isn't and what the Department has done thus far... if possible, what would good is to discuss what is happening in the field.

Again, fully understand if this is not doable.

Thanks for checking,

I'm not familiar with that location. I'm trying to see if its logistically possible...

That's said, I'm not even sure what type of presentation you're asking for. Who was supposed to do it that now can't, I'm happy to talk to them.

It would be to present, know it is last minute.

Thanks for checking!

Hey (b) (6) -

Not sure if the ask is to present or just attend/staff? If its the latter, while I'm not available to go, I could have (b) (6) from my team attend and provide a read out. Please advise if having (b) (6) attend or dial in (if possible) would be of value.

Thanks,
(b) (6)

Hi (b) (6) – this came up last minute, CBP is doing a presentation on CVE 101 for new incoming CT staff from 1:40-2:40pm at NTC.

Would you be able to help and cover the session, fully understand if not.

Thanks,
(b) (6)
