Thank you, (b) (6) I'm not sure PSCD will have information (b) (6) is seeking regarding DHS role in CVE, although I'm sure they will be of help in the physical security / best practices sense. If you'd like to give (b) (6) my information, I'm happy to put him in touch with specific points of contact at the DHS Office for Community Partnerships and the DHS Office for Civil Rights and Civil Liberties (b) (6) group) who may be of more assistance.

Very much appreciate the heads up!

Thank you,
(b) (6)

Dear (b) (6) and (b) (6),

We have met last April at the Mosque Foundation in Bridgeview, when you gave a presentation on violent extremism and how youth are being radicalized and recruited by terrorist groups and how the Muslim community can help. I was one of the organizers of that event.

I would like to request materials on Counter Violent Extremism in any format available, including your PowerPoint presentation contents, if possible, to be shared with participants of the US Council of Muslim Organizations (USCMO) International Conference of Muslim Councils in the West held in DC on February 1st-3rd, 2016.

This historic event will be the first of its kind to bring Muslim leaders from around the world together to exchange experiences and discuss common issues of concern to their communities. More info available at <http://www.uscmo.org/first-international-conference-main/>.

The conference will address, among other agenda items, developing strategies to challenge and counteract the serious problem of violent extremism in all its forms. Any practical and informational materials on CVE, which can help Muslim communities in the west address violent extremism would be appreciated.

If you would like more clarification, please call me at (b) (6) (mobile) or at my office phone extension below.

Thank you.
