Subject: CVE Research Roadmap Interview Scheduling

Dear (b) (6),

I am contacting you regarding the *Countering Violent Extremism (CVE) – Developing a Research Roadmap* project being conducted by the Department of Homeland Security. We greatly appreciate your willingness to participate and would like to schedule a time to conduct an in-person interview with you. We're happy to come to your office or host you here in our Washington, DC (Metro Center) office. Might you have availability the weeks of February 22, March 7, or April 4? The interview will take approximately one hour.

We are interested in understanding how your office defines its goals, the programs it implements, and the connections these efforts may have to countering violent extremism. This information will be used to develop a comprehensive overview of existing CVE efforts that will ultimately assist the Department of Homeland Security to identify potential future CVE research and development efforts.

Please let us know at your earliest convenience if you are available to talk with us during the above dates. We are also happy to answer any questions you might have about the project.

Best regards,

(b) (6)
