Subject: FBI's Countering Violent Extremism Office Launches New Website

The Southeast Florida Fusion Center received the below information regarding the launch of the new FBI website designed to raise awareness of violent extremism and help keep teens from being radicalized and recruited:

The FBI Miami Division wanted to make you aware of the new website the FBI launched that is designed to raise awareness of violent extremism and help keep teens from being radicalized and recruited
(link:Caution-<https://cve.fbi.gov/>).

For more information, you may find the entire story through the FBI's internet page (link: Caution-<https://www.fbi.gov/news/stories/2016/february/countering-violent-extremism>).

Additionally, high school students are ideal targets for recruitment by violent extremists seeking support for their radical ideologies, foreign fighter networks, or conducting acts of targeted violence within our borders. High schools must remain vigilant in educating their students about catalysts that drive violent extremism and the potential consequences of embracing extremist beliefs.
