PLEDGE AGAINST UNLAWFUL PROFILING

I am committed to protecting the constitutional and civil rights of the traveling public and will not tolerate discriminatory practices.

I understand that the consideration of race or ethnicity in screening or otherwise in the course of my work at TSA is prohibited under Department of Homeland Security and agency policy.

I further understand that profiling, whether based on race, ethnicity, or religion undermines TSA's ability to fulfill its transportation security mission and I commit to immediately notifying management or other avenues listed below if I observe or believe that unlawful profiling is occurring.

I will not retaliate against any employee, contractor, or member of the public who has made a civil rights complaint or engaged in a protected activity, or has shared rights concerns with the press or others.
