
STATEMENT OF FACT

I, (b)(6) do hereby make the following statement:

On Saturday, September 1, 2012 at approximately 0530 hours, I entered the Terminal B checkpoint. As I was making my way to the back of the checkpoint, I passed by Lead Transportation Security Officer (b)(6) LTSO (b)(6) said "hey I wanted to send you an email regarding something that took place yesterday that I was uncomfortable with". I asked her what happened and she said that while she was working TDC, a passenger came up that had a security document to get through the checkpoint but no ID. Her ID was in her purse that she had left in the gate area which is why she had been issued a security document. LTSO (b)(6) stated that she asked the passenger to step to the side of the TDC area while she went back to check with the deputies at the rear of the checkpoint. She asked Sacramento Sheriff's (b)(6), (b)(7)(C) at the rear of the checkpoint if he would help the passenger get her purse and he asked LTSO (b)(6) to call the airlines and make sure that they did in fact have it.

While LTSO (b)(6) was on the phone with the Southwest rep, she heard them say that a TSA officer was there retrieving the purse and BDO (b)(6) returned to the checkpoint with the passenger's purse. I asked LTSO (b)(6) to provide a statement regarding the incident.

At approximately 0920 hours, I met with BDO (b)(6) in the Manager's office at Terminal B checkpoint. I asked her to tell me about the incident that occurred yesterday with the purse. She stated that a female passenger had come up to the checkpoint stating that she left her purse in the gate area and the passenger had been instructed to go to the ticket counter. The passenger returned to the checkpoint with a security document to get through security but stated that her ID was in her purse that had been left in the gate area at gate 15.

BDO (b)(6) stated that she dropped back into the checkpoint, noticed that the Law Enforcement Officers were busy, the checkpoint itself was busy, and went to the gate herself. She stated that she told the gate agent that the passenger missing the purse was at the checkpoint and the gate agent handed her the purse. She stated that she told the gate agent she couldn't take the purse but he set it in front of her and was busy helping other people. She brought the purse back to the checkpoint and gave it to (b)(6), (b)(7). She stated that she was told both by Supervisory Transportation Security Officer (b)(6) and (b)(6), (b)(7) not to do that in the future for liability reasons.

I asked her what the process is when a passenger presents themselves to the TDC with a boarding pass but no ID. She acknowledged that the process is to call for a LTSO to respond.

I asked her what other BDOs were at the checkpoint at that time and she stated that only BDO (b)(6) (b)(6) was at the checkpoint when she left to retrieve the passenger's purse.

I asked her to provide a written statement to me of the incident that we had just discussed.

I, (b)(6) do hereby make the following statement:

On Friday, August 31, 2012, I along with (b)(6) was conducting SPOT at Terminal B Checkpoint. (b)(6) was positioned in the queue conducting WTF. I was positioned inside the Screening Checkpoint, behind TDC, observing her. A woman approached TDC and informed them that she had left her purse on the sterile side of the Concourse next to a gate. A Lead approached her, and informed the passenger she would be helped. At that moment, (b)(6) displayed her badge to TDC, walked through, and told me she was going on a 10-10. Then she left the Checkpoint.
