SUBJECT: Law Enforcement Suspicious Activity Reporting (SAR) System - eGuardian

We respectfully request your coordination on the attached action memorandum that outlines background on the eGuardian system and proposed implementation details. The attached Secretary of Defense memorandum directing the Department to begin using the Federal Bureau of Investigation's (FBI's) eGuardian system as DoD's SAR system incorporates previously coordinated component comments.

The eGuardian system, which is FBI-owned and maintained, provides an unclassified, secure web-based capability to report SARs and will contribute to our overall force protection threat information structure.

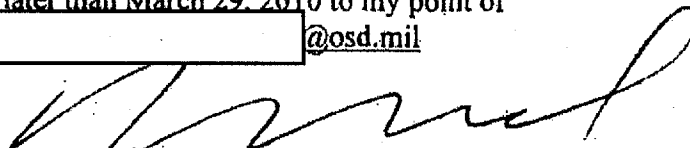

Our request for coordination is to maintain transparency of the overall process and to provide everyone an opportunity to review funding information contained within the action memorandum. Funding details contained within memorandum only address FBI resource requirements. Request you provide a funding estimate in support of your organizations plan to implement the system through your members on the eGuardian working group.
