I was thinking of making a formal request to [REDACTED] for a determination. What do you think?

Tom, David

I was at NYSIC Monday and Tuesday participating in a FC T/A. [REDACTED] reminded me that his question on whether eGuardian had an approved privacy policy had not been answered. I believe he indicated that NYSIC would not forward SARs to eGuardian until he knew the answer. The implication was also made that he may not want to provide FBI (or any agency without an approved policy) access to his Shared Space.
