I see the files uploaded to the eGuardian server so it appears it all went well.

Thanks!

Subject: Push of SARs from MDPD to eGuardian

Hi [REDACTED]

We just finished our call with [REDACTED] from Miami-Dade and as part of the test, she was able to push 5 SARs from the Miami-Dade Shared Space to eGuardian. If you could follow up and let us know whether they have been successfully sent to eGuardian, I would appreciate it. Once this is done, I will coordinate with eGuardian to ensure that these have been received.

The SAR Numbers are: 92, 126, 130, 133 and 152.

[REDACTED] that so much for your assistance with this test.

Thanks,

President & CEO
