I'm OK with it. Concerned about funds to support them however given the eGuardian and DHS commitments and burn rates. I think we should go a little slow technically until an assessment of their privacy policy is made.

Tom

We have not had a chance to coordinate for this call. Are you intending to press [REDACTED] and [REDACTED] for a decision on Shared Space or eGuardian today or is it about participation in this phase or a later phase with the solution still TBD?
