Tom –

You have the memo in another email I sent to you.

Off the top of my head, goals to reach by 9/11/2011 could include:

- Two thirds of fusion centers connected to the NSI via shared space; all fusion centers equipped with SAR capabilities via eGuardian and view access to the Shared Space
- All fusion centers and federal entities (FBI and DHS I&A) incorporating SAR information into threat reporting
- All fusion centers delivering SAR Line Officer Training; MCCA, IACP and NSA endorsing the training and ensuring that their membership has implemented the training within their respective jurisdictions
- Federal law enforcement components, in particular DHS and DOJ, have received SAR Line Officer Training and a cadre of NOC, NCTC, FBI and DHS I&A analysts have gone through the SAR Analytic/Vetting training (8 hour course)
- Hotel/casino/entertainment (commercial sector) private sector partners are connected to the SAR initiative
- Major transportation partners have been trained on SAR and are actively participating in outreach/awareness campaigns
- Tribal law enforcement entities participating in the SAR effort with fusion centers in key states with large tribal law enforcement presence

Tom, David, Pat –

Laurie is meeting with the AG on Tuesday morning about issues unrelated to NSI. However, I have told her that what we need the AG to know, is that the NSI is real, its working, its connecting the dots, its state and local, but supporting the JTTFs and most of all that its an opportunity for the AG and the Department to be very visible on national security and connecting the dots.

Laurie noted that the AG is already aware of the NSI generally. We agreed that we want him to know about the success stories and how much demand there is in support of it. We also want him to know what we are striving to deliver by 9/11/2011.

Laurie indicated that she would provide him with a "ONE-PAGER" on this if we got it to her early on Monday. She iterated and reiterated to me however that it's a one-pager and if its more than one page (front only), that she wouldn't get it to him.

Can we pull that off? Very crisp, punchy and to the point – likely the who, what, why, where and when format....

Send to me and I'll review? I'll be online all weekend and Monday.

Thanks guys!

Jim
