Greetings all Fusion Center Directors,

Please see the attached January 2016 Guidance on “Preventing Violent Extremism in Schools” prepared by the FBI’s Office of Partner Engagement (OPE), Countering Violent Extremism (CVE) Section. This Resource Guide provides a timely and comprehensive framework on CVE issues squarely facing our schools today such as:

- (1) forms of violent extremism;
- (2) behavioral dynamics;
- (3) catalysts that drive violent extremism;
- (4) outcomes of embracing violent extremism;
- (5) community intervention; and
- (6) recommendations for preventing violent extremism.

Please feel free to share this Resource Guide with all of our state, local and tribal partners. For

additional information, please contact
