Subject: Fact Sheet on the Role of Fusion Centers in Countering Violent Extremism

Dear Homeland Security Partner:

The Office of Intergovernmental Affairs (IGA) would like to share with you an email that was sent out earlier today by the DHS Office of Intelligence and Analysis' State and Local Program Office regarding recent efforts by the National Network of Fusion Centers in Countering Violent Extremism.

Regards,

Office of Intergovernmental Affairs
U.S. Department of Homeland Security

This message is being sent to you on behalf of Mr. Scott McAllister, Deputy Under Secretary for the State and Local Program Office, Office of Intelligence and Analysis

Colleagues,

To counter violent extremism (CVE), the U.S. Department of Homeland Security (DHS) is working with a broad range of partners, including state and major urban area fusion centers. Fusion centers play an important role in countering violent extremism and protecting local communities from violent crime through their daily operations, including gathering, analyzing, and sharing threat information. The attached fact sheet is intended to help you effectively communicate the role fusion centers play in CVE and protecting local communities from crime and terrorism.

This fact sheet will be accessible via our webpage at <http://www.dhs.gov/fusioncenters>, as well as the DHS CVE webpage at <http://www.dhs.gov/cve>.

Thanks,

Scott McAllister
Deputy Under Secretary for Intelligence and Analysis
State and Local Program Office
