Damage assessment of 5624 6th Ave in Kenosha, WI. Wednesday August 26th 2020.

Walking the entire block as well as specific perimeter of the SSA, there doesn't appear to be any additional damage other than from previous nights (2 broken windows). All windows (5) are plywood boarded up as well as the front public glass door. They do not appear to have any damage other than spray paint on one panel that has "FUCKIZ" written in black spray paint. There is no other building damage and the area is very clean. The rear of the SSA space there are two steel doors. Both are secure and do not have any damage. See attached pictures.
