Please see the attached Health of the Service (HOTS) analysis that characterizes the impact of a notional (b)(5) deployment to Kenosha, WI. It accounts for all major sources of attrition to the workforce and includes the current Operation (b)(7)(E) deployment. This notional deployment would make

For the with 24 hours response, we opened consideration to all of FPS forces.

- FPS planning factors have been that (b)(7)(E) "Deployed" in this context includes all sources of attrition – operational deployment, workman's comp, sick call, military leave, respirator unqualified

- FPS posture with support to PDX is (b)(7)(E) deployed or otherwise unavailable)
- Any deploying forces would ne to be risk-based decisions to continue attrition in sourcing regions.
- A deployment of (b)(7)(E) deployed or otherwise unavailable)

The attachment depicts what this sourcing might look like. The potential source I depicted is RPF, which relatively available purely in terms of RPF duties. A consideration though is that when not deployed, these (b)(7)(E)

Sirs,

FPS has a single protected facility in Kenosha – the SSA at 5624 6th Ave. This facility is approximately .3 mile from the Kenosha Courthouse and the locus of the rioting. This facility is reportedly CLOSING permanently on Friday, with SSA moving to their new facility at 3915 30th Ave. (we have reached out to SSA to confirm if this schedule has been impacted by the current events – I will update once we have that conversation). The new facility is approximately 1.6 miles from the Kenosha Courthouse (2.5 miles by vehicle).

The current SSA location is closed and all windows/entrances boarded up. We do not have any new damage reports.

For deployment purposes, R5 has

Good morning, the front Office is requesting information on the federal footprint in Kenosha, WI. From what I understand there is a SSA Office and a Post Office in town and no FPS LEOs are permanently assigned there.

Could you all please verify the number of Federal facilities in Kenosha and also provide the following:

1. Number of FPS LEOs that could deploy to Kenosha within 4 hours,
2. Number of FPS LEOs that could deploy to Kenosha within 8 hours,
3. And the number of FPS LEOs that could deploy to Kenosha within 24 hours.

(b)(6); (b)(7)(C)

once all this info is gathered could you please send it to Chris Tomney and ?

Thanks,

Kris Cline
