Subject: Alert: ~~(U//FOUO)~~ OPS-NOC Note (Initial): Violent Protest - Kenosha, WI (NOC 0378-20)

~~UNCLASSIFIED//FOR OFFICIAL USE ONLY~~

This information is being provided for senior DHS and Component leaders. It is meant to increase senior leader situational awareness and is ~~not for public release.~~

Good Morning,

The NOC is reporting on civil unrest in direct response to an officer involved shooting:

Overview: *After the shooting of a black male by police, violent protest broke out in downtown Kenosha.*

Report: *A large group of protesters marched on the Kenosha Police Department and the co-located Kenosha County Sheriff's Office. Dump trucks and municipal garbage trucks were parked across the roads leading to the police building and county courthouse. Several were set on fire and government buildings were broken into with unknown damage inside. There are media and video reports of a fire in the basement of the county courthouse.*

The Kenosha County Sheriff ordered a curfew until 0800 ET; however, police are unable to enforce it as they protect the police building. The fire department is not responding to the courthouse or truck fires due to the lack of police protection.

Armed civilians are in the area.

The only federal buildings in the area are a post office and Social Security Administration building. Neither appear to be impacted by the violence at this time.
