Sir,

(b)(7)(E)

The Social Security Office move went smoothly over the weekend. The old office is empty and the new office is secure. The SSA reports the new office is technically open, though not open to the public. The management team will be onsite completing the move in and handling any cases which require in person visits. In person visits, as with most SSA locations, are by appointment only. Our (b)(7)(E) already went to the new office this morning to patrol and perform a check in. We will continue to provide service to the office from Milwaukee as is our norm.

Please let me know if you have any other questions.

(b)(6); (b)(7)(C)
