KENOSHA POLICE
FIELD CASE REPORT

CASE# 2020-00047282

NARRATIVE

On 08/26/20 at approximately 2119 hrs I OFC Krueger 700 was in full KPD patrol uniform in marked SQD 3381 (audio/video available), operating as a two-officer unit with OFC Moretti 569. I responded to 5717 Sheridan RD for a Weapons complaint. OFC Torres 397 called out with a subject brandishing a firearm near an organized protest in the 5600 blk of Sheridan RD.

Upon my arrival on scene, OFC Torres and OFC Traxler 426 had taken the suspect, later identified as [REDACTED] (WI PDL) into custody. Due to the hostile nature of the scene, [REDACTED] was put into the back of the squad car in a hasty fashion and pulled off-scene for security purposes. [REDACTED] was then transported to the Kenosha County Detention Center (KCDC). OFC Torres advised me [REDACTED] was taken into custody for WI SS 947.01(1) - Disorderly Conduct While Armed and for WI SS 946.41(1) - Resisting an Officer.

I did not question [REDACTED] while he was in custody. [REDACTED] voluntarily stated he was tased from a roof and then was taken into custody shortly after he took out his AR-15 style .22 LR caliber Heckler & Koch HK416D rifle (ser # HR013535) from a case. [REDACTED] advised he was stashing a case nearby as he took an Uber ride service to get from Waukesha to Kenosha for the protest. [REDACTED] also stated he had a 9 mm concealed handgun at the time of his arrest.

I took possession of [REDACTED] rifle from OFC Gacke 649 in the sallyport of KCDC. It should be noted that due to the nature of the call, the rifle was handled without gloved hands while taking [REDACTED] into custody and while transporting the firearm. [REDACTED] was searched incident to arrest with negative results for contraband. Two loaded magazines of .22LR ammunition were located in [REDACTED] vest, along with a loaded 9MM magazine in his backpack. I did not have possession of the 9MM firearm [REDACTED] claimed to have and did not observe [REDACTED] with this firearm.

OFC Moretti removed taser probes from [REDACTED] backpack strap and from his jeans. [REDACTED] had superficial scratches on his hands from being taken into custody by other Officers. No medical attention was required.

[REDACTED] was turned over to KCDC jail staff along with his ID card. I retained possession of [REDACTED] rifle and backpack with knives, water bottles, tactical gear and wallet as the jail staff would not allow dangerous weapons within the jail. I later logged the rifle into KPD evidence locker #012 and the backpack into locker #038. A triple I for [REDACTED] and an e-trace form for the rifle were turned in along with this report. End of report.

KENOSHA POLICE
FIELD CASE REPORT

CASE# 2020-00047282

NARRATIVE

20-0047282

August 25, 2020:

Today at about 4:00pm I was assigned to conduct surveillance during the riots/ protests taking place in Kenosha WI.

I was in plain clothes but had a distinct exterior ballistic vest carrier with "Police" stretched across the back and K9 Unit on the front.

I also had my department issued badge on a metal chain around my neck. I was on the roof top of "Mangias" restaurant looking at the crowd of about 500-600 people and monitoring as many as the armed protesters as possible. While I was there I saw a male white distance himself from the crowd and walk south away from the protests along Sheridan Road. I saw that he was carrying a large black gun case and was continually looking over his shoulders, as if to see if he was being followed. I then saw him cross over Sheridan Road and walk towards my location. I saw him walk into the gangway between Kim's Temple and Mangia's Restaurant. I could see that he was dressed in all black and was now prowling along two businesses. Kenosha had issued an emergency curfew and it had been issued from 8:00pm forward.

I looked down and saw that the male white was removing the gun from the case and arming it. I would describe the gun as a military assault type rifle capable of penetrating through body armor. I gave my location to the police officers in the area and waited for them to converge on the male.

I could see that police were coming from the east and west into the gangway. This created a dangerous crossfire situation that endangered the lives of police and civilians. I removed my taser from the holster and a called out "Police" to the male white gunman. He appeared surprised and disoriented and turned up to look at me. I saw the barrel of his gun coming up towards me and I deployed the Taser and I saw an immediate response. The other officers converged on him and began to extract him from the area. I looked back out at the crown on Sheridan Road and saw that some of the protesters were converging on the officers. I was scared that they would react with hostility towards police and harm us.

I quickly came down from the roof and ran through the parking lot looking for police. I saw that officers were escorting the male white with the gun away as he kicked at them. I saw that he had

another handgun in his waistband. I pulled that gun out from the male whites back and placed it next to us while I then helped to handcuff him. He was transported away and Det. Traxler recovered the gun that I placed on the ground and secured it, later placing it into evidence.

I did not speak to the male white and was later informed that his name was [REDACTED]

I later confirmed his identity by looking at his booking photo.

I spoke to Det. Sobbe on August 26, 2020 and he informed me that he had completed a DA packet referring charges.

KENOSHA POLICE
FIELD CASE REPORT

CASE# 2020-00047282

NARRATIVE

On 08/25/20 I, Detective Pfeffer #541, was on special assignment for civil unrest within the city of Kenosha along with numerous officers and mutual aid law enforcement agencies. This was the third consecutive night of a large demonstration that included peaceful protests, arson, vandalism, looting, countless shots fired, and countless armed citizens. There was a County of Kenosha Civil Unrest Advisory State of Emergency Curfew for 2000 hrs. issued for everyone east of I-94. I was riding with Det. Torres and Det. Traxler in an unmarked, civilian vehicle. I was wearing plain clothes with a department-issued, black Kevlar vest that read POLICE in large font on my back in white letters as well as my Kenosha PD department-issued badge hanging from my neck clearly displayed on my chest area.

Around 2100 hrs, there was a report of a subject carrying a rifle near the corner of Sheridan Rd/57th St. The Tactical Response Team was requested to assist in locating the individual. Det. Torres climbed on the roof of the former Mangia Wine Bar (5717 Sheridan Rd) to gain an elevated vantage point for surveillance of the chaotic activity. Approx. 10 minutes later Det. Torres requested assistance in making contact with a subject he was observing in an L-cove directly south of the U.S. Taekwondo Academy (5713 Sheridan Rd.) and north of the former Mangia Wine Bar. Torres watched the subject as he was removing a rifle from a case and charging it with ammunition. Det. Traxler and I approached that location from the south near 58th St/Sheridan Rd. and north through a business thoroughfare behind Mangia's (east of the building). I did not observe the subject initially and continued north down the thoroughfare in an attempt to locate him. I came to the N/E corner of the Mangia building and made a quick peak west into the L-cove. I observed what appeared to be a hard, black, plastic rifle case lying on the ground at the entrance of the L-cove. I still did not see the subject. In a panicked voice Det. Torres yelled "drop the gun" repeatedly and I heard a Taser being deployed. I immediately located a M/W as he fell to the ground and observed the rifle underneath him. I repeatedly yelled, "Hands behind your back" but the subject did not comply. I attempted to deliver several hand strikes to the subject as I could not remove his hands from underneath him where the rifle was lying. Other officers came from behind me to assist. As I looked up to the west I observed several demonstrators converging rapidly on my location into the L-cove. They appeared approx. 15 feet away and quickly closing in on me. Demonstrators were shouting obscenities and making hand gestures in an aggressive manner. The M/W was eventually escorted by officers out of the L-cove where I entered, and was secured in a patrol squad that was there to assist. Demonstrators were present, aggressive, and approaching while the M/W was being secured in the patrol squad by officers. I participated in forming a layer of security surrounding the involved law enforcement vehicles as necessary to maintain scene safety and exit without further incident. See other Officer's/Detective's reports for further information.

KENOSHA POLICE
FIELD CASE REPORT

CASE# 2020-00047282

NARRATIVE

On 08-25-20 at around 1600 hours, I, Detective Traxler #426 was assigned to conduct surveillance during the protests/riots taking place in Kenosha, WI. I was in plain clothes but I was wearing a distinct exterior ballistic vest carrier with "Police" stretched across the back and "Police" on my upper right chest as well. My KPD issued badge and handgun were visible on my waistline just below the vest carrier as well. I was riding with Detectives Torres #397 and Pfeffer #541 who were similarly attired. It should be noted that a curfew was declared at 2000 hours for all areas east of I-94.

During our surveillance we observed multiple individuals walking around with rifles slung across their chest and had observed multiple individuals with handguns concealed and carrying them openly at times as well. At around 2100 hours, Torres exited our vehicle to take up a surveillance position from the former Mangia's Restaurant located at 5717 Sheridan Road, which had partially burned, during the previous nights of unrest. Torres while up on the roof, was able to see into Civic Center Park, located at Sheridan Road and 57th Street/across the street, which seemed to be the center of the protests. Within about 10 minutes, Torres stated that he had observed a M/W, later identified as the suspect, [REDACTED] in between Mangia's and the US Taekwondo Academy located at 5713 Sheridan Road. Torres indicated that [REDACTED] had removed a rifle from a carrying case while in between the buildings. Pfeffer and I exited our vehicle and began approaching the suspect from the south through the alleyway to the east of the businesses and other arrest teams began to converge as well.

Pfeffer and I were walking northbound through the alley with weapons drawn looking for the suspect and believing that other arrest teams were coming in from the north. We got near the north end of the former Mangia's when I heard Torres state "Police" and then I heard a Taser deploy. I could see the lights reflecting off the Taser's wires and I followed them to [REDACTED] as prior to that I had not seen him.

Pfeffer and I moved in and I saw the rifle case next to [REDACTED] and he was on his hands and knees. Pfeffer moved in on the left side and I went in on his right side and stated, "Police, your under arrest, put your hands behind your back". [REDACTED] refused to put his hands behind his back and I was unable to physically pull his right arm from underneath him and get it behind him for handcuffing. I began giving strong side hand strikes to [REDACTED] ribcage area and I was continually ordering him to place his hands behind his back. [REDACTED] began to cry out, "Help, help, help" in I believe an attempt to reach out to the other protesters to help him escape arrest/overpower the officers. I looked up and saw a group of protesters approaching our position as the other arrest teams arrived for a cover team. I grabbed [REDACTED] by the collar of his shirt and began to drag him out of the gangway and then southbound through the alley as [REDACTED] was now screaming that he had a CCW permit.

At the end of the alleyway/58th Street, I saw Torres remove a handgun from [REDACTED] back, as I assisted him to his feet, secured him in handcuffs, and turned him over to PO Moretti #569 for transport. I picked up the handgun from the sidewalk and made it safe as I saw that there one live round in the chamber and 6 more in the magazine. I placed the handgun, ammunition, etc into our
