Subject: Kenosha assist

Oneida County SRT report

08/25/2020

Oneida County Bearcat and SRT members were deployed to assist with riot control in the area of the Kenosha County courthouse. No chems or less lethal were deployed from our unit. 2 Oneida county SRT operators along with 4 Cudahy members travelled South on Sheridan road providing cover and relief for Field Force Teams. Shots were fired one block South of our location. Bearcats moves up and we provided cover while the wounded were extracted. We assisted a wounded pedestrian to the hospital. FBI requested our assistance with a possible barricaded suspect. During this assist, Oneida County Bearcat was used for cover and pushed through a fence. FBI ultimately released us shortly after the suspect was reported to be in custody and we returned to the staging area with the other tactical teams.
