Furthermore, In these difficult times, please stay safe. Utilize your training and professionalism in every encounter you have. Know that there are people recording everywhere and that people may try to incite you, just to tape the reaction. Don't stoop to their level. This includes everything from traffic stops to answering phone calls.

I have confidence in each and every one of you that you regularly come in and do the right thing time and time again. That is why we have the relationship we have with our community. Remember that the overwhelming majority of our citizens need you and want you.

The command staff stands behind every member of this department because we are confident you will go out and do your jobs the way you were trained.

We believe in you all and thank you.

With much respect,
Chief AMR

Subject: Kenosha's Request for Assistance

All,

As many of you are aware the Kenosha County Sheriff's Department is seeking assistance from other law enforcement agencies to address civil unrest in their county/city. We will be honoring their request through our contribution of officers to the Waukesha County Civil Disturbance Unit and Tactical Enforcement Unit.

We will attempt to honor all requests for CDU/TEU members to assist in this endeavor. This includes the authorization of overtime in order to backfill their responsibilities in patrol for minimum staffing. So officers who are working overtime in these circumstances are assisting just as much as the TEU/CDU members that go to Kenosha as part of the team.

We in the law enforcement community must cooperatively work together during these trying times. Thank you for being members for the TEU/CDU and thank you to the officers who work additional hours in order to backfill for officers in the units who deploy. Lastly, thank you to the sergeants who deconflict schedules in order to make sure that all the needs are met!
