I've reached out to (b)(6), (b)(7)(C) for clarification on the project code. (b)(5), (b)(7)(E) only accepts 3 digits so I'm assuming I'll be capturing all associated OT with project code (b)(5), (b)(7)(E) but want to confirm with the FO first. I believe the four digit project code (b)(5), (b)(7)(E)

Once I receive the code, I'll update all the work tickets for the airport. I've already gone through them and compiled a list.

Directors, Field Operations, and Executive Directors,

The Office of Finance has created Project code (b)(5), (b)(7)(E) to track CBP costs associated with Executive Order entitled, "Protecting the Nation from Foreign Terrorist Entry into the United States" (January 27, 2017).

This project code is intended to capture all costs as a direct result of the E.O. that are not for work already being captured by a previously issued national project code. For example, if your office is already using a project code to track a certain activity ongoing prior to the issuance of this E.O. then you should continue to do so. However, if your office does see an increase in expenses and workload as a direct result of the E.O. then utilize this project code. This code can be used to track both operational expenses and overtime costs associated with activity driven by the E.O.

Please let me know if you have any questions for what should be included with this project code or have a member of your staff contact (b)(6), (b)(7)(C) of my staff. Thank you.

Good morning Ms. Durst

I am not sure I anyone has reached out to the BFO yet on this. The EAC will be having a call with Rep. Charlie Dent later today. Can the BFO provide the number of passengers encountered who fall under the E.O for the Port of Harrisburg, and Philadelphia? Also any issues that may have occurred. Basically the cumulative numbers off the daily reporting for each port.

The front office has requested this information by noon today but if you can have someone shoot it to me as soon as possible it would be appreciated.

Thank you in advance.

Subject: Proposed revision to reporting template

Good morning,

IAD is proposing a revision to the template the BFO is using to report our EO projections (previous version and proposed version attached for comparison). We are proposing that the below format be used by the Baltimore field office in place of the previous format as it includes the information required when requesting an exemption and removes unnecessary information.

Date	Flight #	Last name	First Name	DOB	COC (write out country name)	A # (if applicable)	PPN	Applicant Status (use drop down box)	Classification	Lookout Placed (Y/N)	UPA X Event #	Derog Y/N	Comments
------	----------	-----------	------------	-----	------------------------------	---------------------	-----	--------------------------------------	----------------	----------------------	---------------	-----------	----------

Please advise if suitable and ok to continue with above format.

Thanks.

In order to expedite and meet our hourly deadline, I did the attached work ups. I did not work on (b)(6), (b)(7)(C) because I wasn't sure if she'd board. Can you please use a template I have attached and research her info. Most of it will have to come from the interview, but at least the SUBJECT OF INTEREST info will save time tomorrow.

Send it back to me.

This is what we need to submit to the DFO. I don't expect you or your officers to do the report, but I wanted to give you an idea of the information we need. We need at least the areas highlight in red including the questions in red if possible. I understand you can only gather so much without actually speaking to them, but if we can start filling out the template it gives us a head start.

DEPARTMENT OF HOMELAND SECURITY RESPONSE TO RECENT LITIGATION

The Department of Homeland Security will continue to enforce all of the president's Executive Orders in a manner that ensures the safety and security of the American people. The president's Executive Orders remain in place—prohibited travel will remain prohibited, and the U.S. government retains its right to revoke visas at any time if required for national security or public safety. The president's Executive Order affects a minor portion of international travelers, and is a first step towards reestablishing control over America's borders and national security.

Approximately 80 million international travelers enter the United States every year. Yesterday, less than one percent of the more than 325,000 international air travelers who arrive every day were inconvenienced while enhanced security measures were implemented. These individuals went through enhanced security screenings and are being processed for entry to the United States, consistent with our immigration laws and judicial orders.

The Department of Homeland Security will faithfully execute the immigration laws, and we will treat all of those we encounter humanely and with professionalism. No foreign national in a foreign land, without ties to the United States, has any unfettered right to demand entry into the United States or to demand immigration benefits in the United States.

The Department of Homeland Security will comply with judicial orders; faithfully enforce our immigration laws, and implement the president's Executive Orders to ensure that those entering the United States do not pose a threat to our country or the American people.

Subject: Reporting Guidance for Actions Taken Related to Executive Order: Protecting the Nation from Foreign Terrorist Entry Into the United States

MEMORANDUM FOR: Directors, Field Operations
Director, Pre-Clearance

FROM: (b)(6), (b)(7)(C)
Deputy Executive Director, Operations (Acting)
Office of Field Operations

SUBJECT: Reporting Guidance for Actions Taken Related to Executive Order: *Protecting the Nation from Foreign Terrorist Entry Into the United States*

On January 27, 2017, President Donald Trump issued Executive Order: *Protecting the Nation from Foreign Terrorist Entry into the United States*. It is the policy of the United States to protect its citizens from foreign nationals who intend to commit terrorist attacks in the United States; and to prevent the admission of foreign nationals who intend to exploit United States immigration laws for malevolent purposes.

As we push forward in our efforts to protect our Nation, OFO Operations will require daily reporting on our activities as related to this Executive Order. Reporting will include encounters in the air, land and sea environments with anyone who arrives into the U.S. from the seven (7) countries (Iran, Iraq, Libya, Somalia, Sudan, Syria and Yemen) that meets the criteria outlined in the Executive Order and the instructions issued to the field by Admissibility and Passenger Programs.

Using the attached spreadsheet, data should be captured daily for the 24-hour time period beginning at 0300 (EST) – and ending at 0259 hours (EST). **By 0500 hours (EST) daily**, each Field Office is required to submit their data from the previous 24-hours to OFO Field Liaison (b)(7)(E) Reports must be submitting using the attached Microsoft Excel template document. Field Liaison will consolidate these reports into a final report senior CBP and DHS leadership.

If you have any questions regarding to reporting, please contact the Field Liaison Division, at (b)(6), (b)(7)(C) (b)(6), (b)(7)(C) For questions pertaining to the implementation of the new policy, please contact Ryan Hutton, Deputy Executive Director, Admissibility and Passenger Programs at (b)(6), (b)(7)(C)

DEPARTMENT OF HOMELAND SECURITY RESPONSE TO RECENT LITIGATION

The Department of Homeland Security will continue to enforce all of the president's Executive Orders in a manner that ensures the safety and security of the American people. The president's Executive Orders remain in place—prohibited travel will remain prohibited, and the U.S. government retains its right to revoke visas at any time if required for national security or public safety. The president's Executive Order affects a minor portion of international travelers, and is a first step towards reestablishing control over America's borders and national security.

Approximately 80 million international travelers enter the United States every year. Yesterday, less than one percent of the more than 325,000 international air travelers who arrive every day were inconvenienced while enhanced security measures were implemented. These individuals went through enhanced security screenings and are being processed for entry to the United States, consistent with our immigration laws and judicial orders.

The Department of Homeland Security will faithfully execute the immigration laws, and we will treat all of those we encounter humanely and with professionalism. No foreign national in a foreign land, without ties to the United States, has any unfettered right to demand entry into the United States or to demand immigration benefits in the United States.

The Department of Homeland Security will comply with judicial orders; faithfully enforce our immigration laws, and implement the president's Executive Orders to ensure that those entering the United States do not pose a threat to our country or the American people.

ALCON,

Please be advised that HQ has now given the DFO discretion to Detain on Board any crewman identified in the EO. For the cattle ships destined for Philly and Wilmington please consider that the DFO has authorized detaining those crewmen on board. For any other foreign arrivals with similar circumstances please contact the Field Office to request the DFO's discretionary authority. Please note that should the DFO authorize the detention of crewmen that a robust security plan will be necessary – so for any vessel with one or two affected crewmen it may be less impactful to repatriate the crewman to his home country.

Subject: BFO Question Pertaining to Vessel Crew

PDs,

I just received the below answer to the vessel crew question and I confirmed it telephonically with HQ. The EAC wants any crew from the 7 countries removed from the United States and escorted to their international flights – escort arranged via vessel agent/contract security or if not by CBP. Detained on board was not an option per my conversation.

(b)(6), (b)(7)(C)

– please provide me with the crew lists for your impending cattle ships and how many crew this affects – I suspect we will have a significant issue that I need to make HQ aware of based upon how many crew this impacts.

(b)(6), (b)(7)(C)

– please let me know if this will impact the port of Baltimore

I spoke with (b)(6), (b)(7)(C) who stated they have not been told to take any additional action at this time due to the Executive Order. They are still continuing their security plans for the PHL and WMT cattle ships, will board the WMT one when it gets to anchorage (they've already boarded the (b)(6), (b)(7)(C) and will also be boarding the ship that our stowaway will be arriving on later next week.

See if the USCG was going to deny entry up the river or possibly force them to change the crew out

I know we can possibly push it from our side showing the increased scrutiny detention, possible additional armed guards etc

The last time crew swap was a while ago - and I believe under Bush - it was Iraqi nationals it was a different situation

Talked with (b)(6), (b)(7)(C) He will initiate coordination with USCG first thing tomorrow morning and keep everyone apprised. We will also initiate coordination with the vessel agent too.

Fingers crossed...once the vessel agent tells the owners what will happen to their crew and they figure out all the associated costs, they will hopefully cancel themselves, thus no need for USCG to deny entry or for us to remove everyone.

This could get complicated. Easiest course of action would probably be to coordinate with the USCG and keep the vessels out.

But there are a thousand cows (im guessing) already at Penn getting medical exams.

Only chance to get Syrians out of Philly will probably be on Qatar. Dont think they can get into Eurpoe without visas. They won't have visas for Europe.

Then the vessel will need to sit at Penn until they fly in additional crew.

PDs,

I just received the below answer to the vessel crew question and I confirmed it telephonically with HQ. The EAC wants any crew from the 7 countries removed from the United States and escorted to their international flights – escort arranged via vessel agent/contract security or if not by CBP. Detained on board was not an option per my conversation.

(b)(6), (b)(7)(C) – please provide me with the crew lists for your impending cattle ships and how many crew this affects – I suspect we will have a significant issue that I need to make HQ aware of based upon how many crew this impacts.

(b)(6), (b)(7)(C) – please let me know if this will impact the port of Baltimore
