TRANSITORY RECORD

The major event this week is Operation Cross Country 9. OPA is once again supporting VCAC's "Operation Cross Country" initiative, which is taking place October 8-10 in 55 of 56 field offices and, for the first time, Operation Cross Country IX will feature an international component, with operations taking place across Canada, as well. We're preparing local press release templates, as well as a story on FBI.gov, that will be posted next week. We're also working with the Ontario Provincial Police in coordinating a press conference to be held in Toronto, Canada on October 22 to discuss the international aspect of Operation Cross Country. Since the Innocence Lost initiative was launched in 2003, the FBI has taken part in the rescue of more than 4800 minors, and the operations have resulted in more than 2000 convictions, at least 15 defendants who received life sentences.

AD Kortan is accompanying the Director to NY today and tomorrow. The Director will speak at the "Voices of September 11th" gala this evening. Tomorrow, he will meet with key players at CNN. He will also visit his high school for its 50th anniversary. Also this week, we have the monthly Lync call with media reps, EAD Amy Hess will be interviewed by the *Washington Post*, Cyber Security Awareness Month continues, we're briefing the Deputy Director on the new CVE portal, and the latest *Investigator* will be published.

Have a great week.

Coming up this week
