Hi Dan and Mere,

Here is an updated version of the Requirements check sheet and I have a few questions out to folks that are out of the office.

I'm working on getting you the logo and banner for the state landing page tomorrow. What is the format you prefer and are there specific specs you need?

I also a few questions for you:

- What is HLP? Where did answers for 3a and b come from?
- We're starting off by receiving the [REDACTED] files from you. Do you need anything else from us on this before we send over the first 50 claimants?

Lori
