Hi Team,

I reviewed the [REDACTED] task, and you should receive the file around 10 pm PST (6 am UTC). The filename as defined will follow this convention [REDACTED] I recognize this is different from what you expected and hope it doesn't cause too much inconvenience.

Let us know if you have any questions.

Best,

Andy

Dan,

I'm looping in our Senior Integration Engineer, Andy Leonard.

Andy, from Oregon Dan (because you know this is all above my head):

I do have a minor concern however. The test files that were sent over were named like:

[REDACTED]

The file that was sent today was:

[REDACTED]

Can you confirm what the production filename format will be and what time (pacific standard time) will they normally be arriving?

Thanks,
