Awesome, and thanks for the quick response. Everyone came away from the demo excited about ID.me's capabilities and what Oregon can do with it. We are just about done defining how we see ID.me fitting into our system and I'm hopeful to have a project manager assigned here in the next few days.

Subject: Re: Oregon ID.me question

Hey Dave-

We do! We currently support English and Spanish, for both the hosted landing page or full integration. We support 9 languages at CA DMV so we're able to support any language OED requires, but it would add a little bit of time for anything beyond English/Spanish. Of note, for Trusted Ref only English/Spanish language support is available right now.

What languages does OED require?

Thanks-

Mere Work

Good morning Mere, I think OED only walked away with one follow up question. Does ID.me offer services in multiple languages? If so what languages are supported? Thanks
