---

Hello everyone,

The attached email correspondence between me and Dan, at ID.me is FYI. I will check in with Dan regarding where they are with having all English info on their website also available in Spanish.

Thank you,  
Jackie

**Subject:** FW: Update to ID.me Webpage

FYI – This went through comms of course and will be updated at ID.me. There were some typos and some things that are no longer correct since everyone will have to go now! I am working on getting the info added to the IIC as well.

Inna

**Subject:** Update to ID.me Webpage

Hi Dan,

I have worked on updating the verbiage on the English and Spanish page for Oregon with ID.me. Attached is a document with the updated information. You will find both the English and Spanish version. I have attached the correct hyperlinks for each area as well (and they are noted in the note section of the doc). There is an area that needs to be fully deleted, shown in the WORD document. Please take a look and let me know if you have any questions about it. Also, if I could review it once its updated, before going live that would be great. If not, could you let me know as soon as it is updated so I can review it?

I will also be looking at the FAQs to see if anything needs to be updated there. I believe we only have those in English for Oregon, is that correct?

Please let me know if you need anything further from me!

Thank you,
