See the recent attached email from Barry Mahoney. We sent him alot of information on Criminal DCM in all 3 counties and our initial plans for Civil DCM.

Please be thinking about & let me know what you think the 3 major things are that you want to accomplish from the workshops given where you are in the process with your judges.

I do want the criminal workshop to include a panel of 4 judges--1 from each county( so far Reese, Hardt, Labode and I think Grieder), to discuss three things: What our approach has been, Key things that have worked well (Stengths), Key areas that are problems( Weaknesses) and need work for the future( Opportunities). That panel will be facilitated by Mahoney and run for about 30 minutes( 5 minutes each judge with Q&A).

For civil, I will also want to plan a panel ( 20 minutes) with Judge Pivacek, Judge McHugh & Judge Kyle to talk about key issues in the civil process for complex civil cases that are problems and are related to delay. Most of the civil workshop will focus on fundamentals , a panel discussion and then group work on developing strategies and a plan.

Please check with those judges and let me know if they are willing to participate. Also, I think you should each(Civil) identify 1- Bar Rep and 1 Clerk rep to invite. Let me know how you want t handle that.

On civil, attached is a Powerpoint that we did for Lee civil judges. It might be helpful to you in working with your judges.

Thanks

Rick,

Thanks for sending the materials on both criminal and civil case processing in the two e-mails today. They are interesting and helpful. I haven't worked my way through all of them in detail, but having this information will be very useful in planning the workshops.

I would like to go over some of the material and my initial plans with you later this week (even before our Dec 15 phone call) if possible, because this is my best week for working on the materials. (My daughter and two grandkids ages 5 and 3 will be with us in Denver Dec 7-20, and I will be spending most of my time with them during that period.) I have a few threshold questions and initial thoughts as I get started working on the agenda:

1. What should I plan on as hours for the workshop? Begin both days at 8:30 AM, end at 4:30 or 5 PM on Thursday and

20TH CIR 00428

at 12:50 or 1:00 PM on Friday? Let me know your thoughts Page 2

2. Will lunch be available at Edison? How much time should we plan on for lunch?

3. I would plan on a 15-minute break in the morning and in the afternoon. Will there be coffee/tea/soft drinks available during breaks?

4. The impact on the jail population and the Lee court's pending felony caseload from the initial months of felony DCM is impressive. We should spend some time on this and figure out how best to convey the success.

5. Foreclosure cases are clearly going through the roof in the 20th Circuit. Has the Circuit (or any counties) developed any special procedures for dealing with these cases (e.g., presumptive mediation; requirement that the plaintiff prove possession of title at the outset)?

6. I am very conscious that we will be trying to cover a lot of ground in a very short period of time (one day for civil and a half day for criminal. We will need to balance attention to fundamentals and specific techniques of caseflow management with time for the Participants to work in groups on plan development (or, for Lee County participants, perhaps plan refinement/enhancement). Let's get clear on the top priority objectives for each session.

I am sure that I will have plenty of additional questions as I work my way through the materials that you have sent and develop a draft of an agenda and of the materials that I will plan to use. I will want to discuss, with you, which of the materials that you have sent should be incorporated into the presentations, taking account of the fact that the judges and others in the five counties are in different places in development of DCM.

I have made flight and hotel reservations. I am scheduled to arrive at RSW at 4:15 PM on Wednesday, January 13. I will be staying at the Crowne Plaza, as per suggestions made by you and Dawn. If we can get some time that Wednesday afternoon/evening, that would be good. I'm sure that we'll talk by phone in the meantime. If there is a good time to talk with you briefly by phone later this week, let me know.

Best regards,

Barry

Hi Barry

First, let me apologize for the large number of files and data that I am sending. I have tried to pare it down, but I have chosen to err on the side of "too much is better than too little", so that you have as much background as possible.

On the civil side, I previously sent you a PP presentation that laid out the Lee civil trends. I also have overall filing data attached and civil pending case data for Collier. Lee and Collier have been the 2 counties to take the lead in civil.

I will send Criminal DCM data and materials in a separate email.

Best

The *Residential Foreclosure Bench Book* was written by the Eleventh Circuit's Judge Jennifer Bailey and Assistant General Counsel Doris Bermudez-Goodrich. Used for a recent judicial education course for judges assigned to hear foreclosure cases, this bench book presents readers with the nuts and bolts of current foreclosure law and procedures.

In addition to this bench book, the Court Education Resource Library, developed by OSCA's Court Education Section and Publications Unit, contains a plethora of judicial education materials, among them, court publications (benchguides, bench books, toolkits, and case summaries); court education program materials; and other useful resources (a catalog of books, manuals, and other publications, including materials by state and national organizations).

Dear Judges

As Judge Pivacek suggested, I would like to schedule a Civil Case Management meeting for 6/11/10 at 10:00 AM, prior to the next CBC meeting, to review status of the Civil Case management plans and initiatives underway in each county.

The working groups in Collier and Lee have made a lot of progress and there appears to be a good consensus on standardized orders and procedures. Charlotte's Civil Case Management Stakeholder working group is just getting started. This meeting will give us a chance to discuss civil case management plans, areas for circuit uniform procedures/orders and bring you up to date on the Civil backlog reduction funding expected for 2010-11.

The meeting is tentatively set for 6/11/10 at 10:00 AM in Ft Myers to occur prior to the CBC meeting set for 1:30 PM that day. A tentative agenda is attached. Please feel free to invite any staff or civil judges from your local working groups to the meeting.

## **FORECLOSURE CHECKLIST REVIEW**

From: Magistrate David C. Friedman

March 15, 2010

To: Judges Turner, Murphy, Crown, Carr, Provost and Martin:

The checklist for summary and default judgments in foreclosure is now familiar to you but I attach it for ease of reference. As to each section of the checklist, I have attempted to provide a description of legal issues presented over the course of my twenty-seven months presiding over foreclosure hearings, and how I have arrived at the recommendations regarding some of those issues.

After my review I will place the checklist in the front of each file and the checklist is intended to fall within the provisions of Rule 2.420, Florida Rules of Judicial Administration. It is not to remain in the court file for the clerk to file stamp as a public record.

I will not be placing the case name and case number at the top but will indicate the date of my review. I will make note of all pleadings relevant to the checklist which are neither docketed nor filed, and some which are docketed but not filed. There will be documents filed after my review and before the hearing which appear in the file or on the clerk's docket after the date of my review. I have suggested to the court clerks (Donna Woodruff, supervisor) that her staff attach by clip or otherwise to the outside of the file all documents which were filed after my review so that they may draw the attention of the presiding judge. The documents often sent to the clerk's office days before a hearing are the Original Note and Mortgage and the proposed Judgment. On occasion updated Affidavits may also be filed late.

Rather than fill in the spaces on the checklist to include names of all parties, dates and types of service, date of filing of pleadings, etc., I have chosen to note on the checklist only those papers and pleadings which are absent or raise potential issues for the hearing. If no notation is found on the checklist next to a listed pleading or paper I have found nothing in the pleadings filed to bring to your attention - and that is also true if only the date of my review appears on the checklist.

**NOTICE OF HEARING:**

The Notice must be filed a reasonable time prior to the hearing on the summary judgment. (ten days has been found to be sufficient (See 560 So.2d 1337). Rule 1.510, the summary judgment rule, does not require a specific number days between the service of the Notice and the date of the hearing. For a default judgment under rule 1.500, if no arithmetic calculations are required, the hearing on a default judgment may proceed without service of the notice of hearing.

I will be checking the service list on the Notice of Hearing to examine whether all parties are correctly listed where they were served with initial process, or at the address of any attorney of record.

**ORIGINAL NOTE OR LOST NOTE ESTABLISHED**

If the Original Note is not in the file and there is a count in the complaint to reestablish a lost Note, the essential provisions of F.S. 673.3091 are to be alleged in the Complaint and the instrument may be reestablished under F. S. 71.011 and 673.3091. The Judgment should provide for indemnification of the borrower or maker. I will examine the Lost Note Affidavit to ensure it comports with the basic requirements of the statute and that it was timely served.

**IS PLAINTIFF ORIGINAL LENDER?**

I will examine the Note if it is in the file to ensure it contains a blank endorsement on the front or the back of the Note or on an Allonge, or that the instrument is specifically endorsed to the Plaintiff. I will examine any Assignment(s) to ensure that the chain from transferor to transferee of the Note is complete. Sometimes, the Note may not have a specific endorsement to the Plaintiff. Then, to establish standing, the Plaintiff will rely on a valid Assignment of Mortgage which by its specific terms transfers the Note or other obligation listed in the Mortgage along with the Assignment of the Mortgage.

Whether the Plaintiff who is not the originator of the loan had standing as the real party in interest at the time the foreclosure action was filed is best proven by the filing of a copy of a recorded assignment which was executed by a corporate official before the date the action was filed. This does not occur often. Where there was a transfer of the

negotiable instrument (the Note), the Assignment, if filed in the court file, often was executed after the date the action was filed. In my view, this only creates an issue if there is either an affirmative defense or stated opposition to the Motion for Summary Judgment. While a blank endorsement on the Note suffices to establish that the Plaintiff is the holder, what does the Court do when the Assignment reflects that the Mortgage (and the Note) were physically delivered after the action was filed? Does the Court find no material issue of disputed fact as to standing because Florida permits a holder of a Note or Mortgage to file foreclosure, or does the Court deny the Motion without prejudice and afford an evidentiary hearing to the Plaintiff to meet its burden under WM Specialty Mortgage v. Salomon, 874 So.2d 680 (4<sup>th</sup> DCA 2004) and establish an equitable assignment? I have opted for the latter and postponed a summary judgment hearing or denied the Motion without prejudice because the Plaintiff's own evidence conflicts with the allegation in the complaint that it held or owned the instruments when it filed the suit.

Where there are multiple endorsements on the Note, I have required the Plaintiff to file a copy of each Assignment of Mortgage to establish standing and a clear chain of transfer of the negotiable instrument each step of the way. The Plaintiff must establish that as the assignee of the mortgage it receive those rights the transferor had acquired. (See FL-Mortgages §7-2, an excellent reference) I will draw your attention to this issue when it is apparent.

**DEFENDANTS, SERVICE, ANSWER, AFFIRMATIVE DEFENSES, DEFAULT**

I will examine the returns of service to ensure each named party-defendant was served and will note if any Affirmative Defenses appear in any Defendant's responsive pleading. The presence or absence of a Default does not prohibit the entry of summary judgment. The Default is of course a prerequisite to a Motion under 1.500.

I will also check the non-military affidavit(s).

The presence of an Affirmative Defense at the hearing on summary judgment requires that the Court ensure that the Moving Party refute by its evidence each and every Affirmative Defense before the Court can determine that there are no material issues of disputed fact. The absence of an Answer and an unresolved Motion for Extension of

Time does not prohibit summary judgment, but the plaintiff has a higher burden to conclusively show that the defendant cannot plead a genuine issue of material fact.

Of-cited cases by parties opposing summary judgment include the following: Frost v. Regions Bank, 15 So.3<sup>rd</sup> 905 (3<sup>rd</sup> DCA 2009), which requires the bank to refute an affirmative defense alleging that the lender did not comply with the condition precedent requiring mailing of the notice of default/notice of intent to accelerate. Also cited is Howdeshell v. First National Bank of Clearwater, 369 So.2d 432 (2d DCA 1979), holding that plaintiff must disprove affirmative defenses or establish their legal insufficiency, particularly as it relates to equitable defenses. Finally, Judge Hugh Hayes' opinion for the 2d DCA in Nard v. Devito, 769 So.2d 1138 (2d DCA 2000), is quoted for the proposition that the possibility or slightest doubt that an issue might exist must be resolved against the moving party. ( I also note the opinion contains a footnote from the trial record revealing how not to criticize a conflict in appellate decisions).

### **MOTION FOR SUMMARY JUDGMENT FILED**

I will examine the Motion to ensure that it was timely served at least 20 days prior to the date of the hearing. There are two appellate decisions suggesting that the 5 day mail rule must be added and that therefore 25 days must separate the service date and the date of the hearing (excluding the date of service). Berman in West's Florida Practice Series on Civil Procedure, citing the following two cases, says that five days must be added and that the Motion must be served no less than 25 days prior to the hearing. The first cited case, Nelson v. Balkany, 620 So.2d 1138, is easily distinguishable due to the litany of procedural problems in the short opinion; the other case, Ultimate v. C G Data, 575 So.2d 1138, seems to require demonstrable prejudice to establish a claim of untimeliness. On March 3, 2010, the 2d DCA in Verizzo v. BONY addressed timeliness of both service and filing under 1.510 and, in quoting the 20 day period stated in the rule, did not add the 5 day mailing period. (See case cited in Verizzo, Coastal Caribbean v. Rawlings, 361 So.2d 719, on the 20 day filing interpretation and on affidavit requirements)

In the absence of an objection (demonstrable prejudice) at the hearing it appears that 20 days is sufficient, particularly where there is a default – that is an argument the

lender asserts. I had for a few months early in 2008 required summary judgment hearings to be rescheduled where the Motion was served between 20 and 25 days before the hearing. I came around to agreeing with the lenders that a party not present at the hearing whether defaulted or not, who presented no affirmative defenses and no affidavits in opposition, could be served with the Motion and Affidavits 20 days prior to hearing (exclusive of the date of service). See Azanza v. Private Funding Group, 4<sup>th</sup> DCA, Oct. 7, 2009)

### **SUPPORTING AFFIDAVITS FILED**

I will examine the Affidavits for several purposes. Are they originals? Are they served at least 20 days prior to the hearing? Are the line items in the proposed judgment (if present at the time of my review) properly supported by the affidavits – I will not be adding the total of each line item, but supplemental affidavits are often filed which may include line items in the proposed judgment not listed on earlier filed affidavits. These later affidavits most often include taxes and insurance made for the escrow account of the defaulted borrower, property inspections and other expenses accruing later during the litigation. There is no requirement that the affidavits list interest accumulated to the date of the hearing – but it helps to see the per diem listed in the affidavit.

Affidavits must be served timely – and appellate decisions hold that a party is entitled to timely service of proof of all sums sought. (Ellis v. Barnett Bank, 341 So.2d 545 (1977)). So, where additional attorney fees, costs, or expenses are included only in affidavits filed untimely, the Plaintiff may reschedule or ask the Court to delete an item or two and reduce the amount of the judgment. The fact that a clerk or judicial default was entered against the Defendant does not change the requirement that a party have timely notice of all sums sought and the evidence supporting the claims.

1.510(e) requires attachment of the document reviewed to support a personal knowledge affidavit. I have, upon an objection to admissibility of an affidavit or an argument in opposition, agreed that the Motion should be denied or continued if the essential documents referred to in an affidavit are not attached. Sworn or certified copies of the documents are required by the Rule.

Some cases helpful in resolving questions regarding admissibility of affidavits include the following: West Edge II v. Kunderas, 910 So2d 953 (2d DCA 2005), Kimball v. Publix, 901 So2d 293 92d DC A 2005), Lenhal Realty v. Transamerica, 615 So2d 207 (4<sup>th</sup> DCA 1993), and Foster v. Weber, 5778 So2d 857 95<sup>th</sup> DCA 1991). Also see cases annotated under F.S. 90.803(6), the business records exception to the hearsay rule.

### **SERVICE AND FILING OF ORIGINAL NOTE**

Very often the Note has been filed and not served, and just as often it is filed and served but less than twenty days before the hearing on summary judgment. Untimeliness under 1.510 can be cured over objection if the copy of the Note attached to the complaint or otherwise filed is identical to the Original Note. If standing is asserted as an Affirmative Defense or in opposition at the hearing, and the back (not the front) of the Note has the proof of delivery, I have postponed the hearing if the Defendant objects to untimeliness and an inadequate opportunity to prepare, having never seen the exhibit offered as evidence in support of the Motion.

### **PENDING DISCOVERY**

As a general rule where discovery is pending summary judgment is inappropriate. Where the moving party at summary judgment has objected to discovery the next expected step is a Motion to Compel or a Motion for Protective Order. But there may be occasions where the Court can determine that the pending discovery issues are moot, so insignificant that summary judgment may proceed, or that the non-movant has been dilatory. There are occasions where at the eleventh hour the defense serves discovery upon the plaintiff who may still proceed to obtain summary judgment. The trial court can reach the conclusion that the record is sufficiently clear to disclose that further discovery is not needed to develop significant issues through the discovery process. (as cited in Colby v. Ellis, 562 So.2d 356 (2d DCA 1990), where the Court said a party does not have an unlimited right to discovery before summary judgment; also see 49 Fla. Jur. 2d Summary Judgment, §72, for exceptions to general rule stating it is abuse of discretion to proceed where no opportunity to complete discovery).

## **FORM OF FINAL JUDGMENT**

On February 11, 2010, the Florida Supreme Court amended the form for Final Judgments in foreclosure cases. Some of the bank's firms have already made the changes, but some have not moved as quickly. One of the provisions which still finds its way into some of the proposed judgments requires that the clerk not conduct the judicial sale if the plaintiff or its representative is not present. This has been stricken by me and the Supreme Court in its February 11 opinion also declined to allow it to be inserted.

Often the attorney for the condo or homeowners association will appear at the hearing and had filed affirmative defenses and limited opposition. Under 718.116 and 720.3085 the assessments may have priority over the first mortgagee. The applicable language usually appears at the end of the proposed judgment. Judge Casanueva's opinion for the 2<sup>nd</sup> DCA on February 19, 2010, in Coral Lakes v. Busey Bank is very helpful in its analysis of some of the issues often raised at summary judgment.

## **MEDIATION**

Rule 1.700(a) permits the Court to order any circuit civil case to mediation. Until the 20<sup>th</sup> Circuit adopts by Administrative Order the Florida Supreme Court's mandatory mediation order and the managed mediator is selected (to start no later than July 1<sup>st</sup> according Part H of the Request for Proposal on circuit's website), the Rule governs. I have, with the blessing of our Circuit Judges, sent at least 120 cases to mediation and have used a list of certified civil mediators on rotation. If at a summary judgment hearing, you are inclined to send a case to mediation and postpone the hearing, I will be available to draft the Order for Mediation to the assigned Circuit Judge for execution, as I always have. This will permit the rotation list to continue until the managed mediator is on board.

I would be more than happy to work out some days to shadow Judges in Lee County. Most of the foreclosure cases are now handled by Judge Richards and senior judges, so it might be difficult to watch many foreclosures with other judges. We could set you up with general civil hearings and first appearance, however. Let me know what days you are looking for and what you are interested in watching. Feel free to come by and talk to me.

So far, at the suggestion of Judge Kyle, I have placed the following dates on my schedule for shadowing:

Tuesday 2/9 shadow Judge Richards DV court

Thursday 2/11 shadow Judge Kyle dependency court

**20TH CIR 00447**

I'd like to shadow a few criminal first appearance judges to get an idea of what all the "Duty Judges" cover I've not yet read the handbook) in both counties during my 3 week orientation if possible. I'd like to observe some contested foreclosure cases as well. Also, anything on the civil dockets with different judges/different styles would be welcome.

Lee,

Once you have a Charlotte county schedule, let me know and I will put together a Lee County "shadow" schedule. I am copying Judge McHugh as I will ask that he assist with this coordination. It would be good to see some civil hearings in Lee County as well as the Friday foreclosure docket. We have a total of three shadow weeks prior to your official start on March 1. As you know, you will be in Charlotte for the weeks of March 1 and March 8 and then return to Lee the week of March 15. I think that it would also be beneficial for you, Ellen and me to meet with Judge Richards and Dana Davis to discuss their current scheduling of foreclosure hearings and see if they have any ideas on how to improve this foreclosure system. I will have Joanne coordinate this meeting. Please let me know what else I can assist you with during your transition.

We're just less than a week out from my officially reporting for duty. I've been doing a few things unofficially, as time permits, and plan to observe Judge Richards' foreclosure docket for part of the morning tomorrow. I have also been invited

All,

We have purchased through our CJIS agency a piece of equipment that will allow us to do video conferences to the state (or outside our network) from anywhere in our circuit. This will allow us to do these trainings from individual counties. We are in process of configuring this "bridge" and should have it up for the video conference training on the 17th. We are very happy with this new technology for our circuit and were able to share in the cost of the equipment with the State's Attorney and the Public Defender. We can also now do circuit wide calls with every county at the same time, before we could only do up to 4. Thanks to the CJIS and AOC networking staff for configuring this and installing the equipment. It was not an easy task.

If you have any questions, please give me a call.

v.  
**PRIVATE FUNDING GROUP, INC.**, a  
Florida corporation, Respondent.  
**No. 4D09-3751.**

Oct. 7, 2009.

**Background:** Foreclosure action was brought. The Seventeenth Judicial Circuit Court, Broward County, **John B. Bowman, J.**, entered summary judgment of foreclosure, and denied property owners' motion to postpone the foreclosure sale and vacate the summary judgment. Owners filed petition for writ of certiorari.

**Holding:** The District Court of Appeal held that owners waived entitlement to 20 days' notice of summary judgment hearing. Petition denied.

Property owners waived entitlement to 20 days' notice of summary judgment hearing

and, thus, were not entitled to relief from summary judgment of foreclosure on the ground of insufficient notice, where owners did not object to the insufficiency of notice either before the hearing, at the hearing, or in a timely motion for rehearing, and there was no showing that owners lacked a sufficient opportunity to raise the issue. [West's F.S.A. RCP Rule 1.510\(c\)](#).

\*586 [Thomas A. Pila](#) of Pila Law Group, L.L.C., Miami, for petitioners.

No appearance for respondent.

PER CURIAM.

Petitioners, Alvaro E. Azanza and Maria A. Cedeno Azanza, petition this court for issuance of a writ of certiorari. In their petition, they request that this court quash the orders of the lower tribunal dated September 10, 2009, and February 4, 2009. The September 10, 2009 order, for which review is sought, denied the petitioners' motion to postpone the foreclosure sale of their home and to vacate the February 4, 2009, order. The February 4, 2009, order granted a summary judgment of foreclosure to respondent ten days after the motion for summary judgment was served on petitioners. We deny the petition, as the petitioners have not shown a departure from the essential requirements of law.

According to the petition, the underlying action was filed September 3, 2008. On January 20, 2009, respondent moved for summary judgment and served a notice of hearing. The hearing was held fifteen days later on February 4, 2009, and the court entered a final judgment of foreclosure. The petitioners did not timely appeal this judgment. Then, after retaining counsel,

24 So.3d 586, 34 Fla. L. Weekly D2055  
 (Cite as: 24 So.3d 586)

petitioners, a day before the scheduled foreclosure sale, filed a limited notice of appearance and an emergency motion to postpone the sale. As grounds, counsel argued the summary judgment of foreclosure was improper because it was granted in violation of the Florida Rules of Civil Procedure, as petitioners were not given twenty days notice prior to the summary judgment hearing. *See Fla. R. Civ. P. 1.510(c)* (stating that “[t]he movant shall \*587 serve the motion at least 20 days before the time fixed for the hearing”). The motion alleged, without explanation, that the petitioners did not waive compliance with [rule 1.510\(c\)](#), they had defenses to raise, and the court had no discretion regarding the time requirements of [rule 1.510\(c\)](#). The trial court denied the motion. This petition followed.

This court has held that any error in failing to give twenty days notice prior to a summary judgment hearing is waived if the party does not object to insufficient notice either before a summary judgment hearing, at the summary judgment hearing, or in a motion for rehearing. *E & I, Inc. v. Excavators, Inc.*, 697 So.2d 545, 546 (Fla. 4th DCA 1997) (holding that “where, as in the present case, there was no objection to the insufficient notice prior to the [summary judgment] hearing, at the [summary judgment] hearing, nor in the motion for rehearing, the issue has been waived”). If this issue can be waived and, if unpreserved, is not grounds for reversal on direct appeal, it should not be grounds for an extraordinary writ filed months after the time for an appeal has run. Although petitioners' motion filed in the trial court alleges that they did not waive compliance with the rule, there is no showing in this case that they did not have a sufficient opportunity to object to the insufficient notice either before the

summary judgment hearing, at the summary judgment hearing, or in a timely motion for rehearing. Petitioners have, therefore, neither shown a departure from the essential requirements of law nor that there is any basis for granting certiorari review. We, accordingly, deny the petition.

If you have an option re coming to Ft. Myers to observe, the best days would be Tues 11/16 or Wed 11/17 – those are the judicial case management conferences and pre trial conferences. Monday of that week (11/15) is a motion calendar and docket sounding – not anything you are unfamiliar with. The trial docket runs for Thursday & Friday (11/18 & 19) and Nov 29 to December 2 ( I am out the week of T’giving) and you are quite familiar with trial stuff.

If you wanted to observe in Charlotte County (first FULL 2 weeks of each month), there’s no best time. The residential foreclosure trials are on Monday & Wednesday. Tuesday is DV/violence court and Thursday is dependency (which you will not have on your split docket).

Just wanted to give some info for your consideration. Talk to you soon, Lee

Lee, if there is still time/opportunity to "shadow," you may want to try and come up for DV Court next Tues. (Judge Richards will be presiding) and either the 16th or 23rd to watch me conduct DV hearings to get a flavor of different styles. I'm glad you are watching foreclosures up here tomorrow as we do conduct them a little differently up here compared to Lee Co. (we do not get the same level of assistance from the Clerk's office up here in comparison to Lee Co. in terms of review of paperwork, FJ's, etc.). I also strongly encourage you to come up on one of the two monthly judicial dependency days; e.g. Thursday 2/11).

Good morning Judges,

We're just less than a week out from my officially reporting for duty. I've been doing a few things unofficially, as time permits, and plan to observe Judge Richards' foreclosure docket for part of the morning tomorrow and have been invited to attend the Charlotte County Judge's meeting on Thursday which I plan to do.

I'm not sure where I'm supposed to go on Monday morning (I assume Charlotte County) or what schedule I will be observing. Let me know when and where I am need on Monday. These times, they are exciting!

So far, at the suggestion of Judge Kyle, I have placed the following dates on my schedule for shadowing:

Tuesday 2/9 shadow Judge Richards DV court

Thursday 2/11 shadow Judge Kyle dependency court

Tuesday 2/16 shadow Judge Kyle DV court (even though Lee County week)

I'd like to shadow a few criminal first appearance judges to get an idea of what all the "Duty Judges" cover I've not yet read the handbook) in both counties during my 3 week orientation if possible. I'd like to observe some contested foreclosure cases as well. Also, anything on the civil dockets with different judges/different styles would be welcome.

Lee,

Once you have a Charlotte county schedule, let me know and I will put together a Lee County "shadow" schedule. I am copying Judge McHugh as I will ask that he assist with this coordination. It would be good to see some civil hearings in Lee County as well as the Friday foreclosure docket. We have a total of three shadow weeks prior to your official start on March 1. As you know, you will be in Charlotte for the weeks of March 1 and March 8 and then return to Lee the week of March 15. I think that it would also be beneficial for you, Ellen and me to meet with Judge Richards and Dana Davis to discuss their current scheduling of foreclosure hearings and see if they have any ideas on how to improve this foreclosure system. I will have Joanne coordinate this meeting. Please let me know what else I can assist you with during your transition.

Subject: Fl Supreme Court DENIED Motions for rehearing on the their Feb 11 mortgage foreclosure opinion

Earlier today, the Florida Supreme Court denied the motion for rehearing filed by Ben-Ezra & Katz, P.A. and the Motion for Rehearing/Clarification filed by Shapiro & Fishman as it relates to the Amendments to the Florida Rules of Civil Procedure on Foreclosures and the Forms (Final Judgment of Foreclosure).

I have had a number of contested hearings about whether the opinions were binding since the time for rehearing had not expired and the original opinion stated that the opinion is “not final until time expires to file rehearing motion and, if filed, determined.”

Since rehearing was denied, the opinions set forth in SC09-1460 and SC09-1579 are final. We should thus expect to see VERIFIED Complaints on residential property, use of the new form “Affidavit of Diligent Search & Inquiry”, new approved Form for “Mo cancel/Re-set Foreclosure Sales”, (uniform) Final Judgments which are in substantial conformity with the approved Form 1.996(a) and a bigger push for managed mediation on homestead property.

Today's Supreme Court Decision can be found at [www.flcourts.org](http://www.flcourts.org) . click on Supreme Court, then Court Opinions, then Supreme Court opinions, then click on year (2010) and look under the 06/03/09 opinions. 20TH CIR 00474

Please feel free to pass along to fellow Circuit Judges who preside over foreclosure cases in other counties as I do not have the docket assignments memorized for counties other than the two where I preside.

---

**We need to update the below information that appears on the internet under general rules. This seems to be causing some confusion. Any suggestions on some language changes for the below rule? Also in speaking with a local attorney who handles foreclosures, there has been some confusion in what should be handled by Judge Richards (in person) and what can be handled by Judge Shenko (telephone or in person). We may need to add specific language to both JACS calendars. Maybe something along the line of "all Motions for summary judgment foreclosures, motions for final default judgment and entry of default will be heard by Judge Richards in Person only....."**

**I need your help with these issues.**

#### **MORTGAGE FORECLOSURE RULES:**

If an attorney does not plan to attend a mortgage foreclosure hearing seeking a Final Judgment in person, the attorney must submit a proposed Final Judgment (to be held with the file, not filed) directly to the Clerk of the Court, to be received at least 15 days in advance of the hearing, with copies to be sent concurrently to all parties/counsel of record. A cover letter referencing the case style, case number, and the date and time of the upcoming hearing in addition to a courtesy copy of the original hearing notice for the hearing should accompany the proposed Final Judgment. A proposed Final Judgment should include any requisite calculations (example: \_\_\_ days X \_\_\_ per diem interest rate = \_\_\_ total interest) and list each claimed element of damages separately, all of which must be substantiated by record evidence. Similarly, the Clerk of Court conducts foreclosure sales online, therefore, any such proposed Final Judgment should include language directing the Clerk of Court as follows: "The Clerk of Court shall sell the property at public sale to the highest bidder for cash, except as set forth hereinafter, on \_\_\_\_\_, 20\_\_ at 11:00 a.m. at [www.charlotte.realforeclose.com](http://www.charlotte.realforeclose.com) in accordance with Chapter 45, Florida Statutes." Please do not include a set sales time frame, the Court will designate the sales time frame as applicable.

*From my understanding with Jon Embury in Charlotte County she does hear commercial foreclosures. Only in Lee County does she only hear residential.*

Hi Dana,  
It was brought to my attention today that Judge Richards webpage in Jacs under Scheduling Hearings, Paragraph; Foreclosure Hearings says Judge Schreiber hears all Motions for Summary Judgment. Can you please change it to "Residential Foreclosure Hearings" ? This Atty's office wouldn't believe me when I told her we didn't hear commercial MSJ's.

TCA's –

As discussed at the December meeting, the TCBC is requesting non-recurring funding authority from the Legislature for an Economic Default Recovery Effort, which will be filed as a supplemental FY 2010/11 LBR issue. These funds will be used to provide temporary resources in the trial courts to eliminate backlog in several civil areas, including cases involving mortgage foreclosures, real property, contracts and indebtedness, and county civil valued from \$5,001 to \$15,000.

The funding methodology developed for this Effort is based on the number of backlogged cases (in the aforementioned civil areas) in each circuit. A ratio of one General Magistrate, one Case Manager and two Administrative Support positions for every 15,000 backlogged cases was applied to estimate need. One Administrative Support position is dedicated to mediation for the coordination of civil cases covered under this Effort with the exclusion of residential homestead mortgage foreclosure cases. The annual salaries used to calculate the allocation amounts were approximately: \$79,688 for General Magistrates, \$39,126 for Case Managers, and \$26,090 for Admin Support.

You will find the estimated allocation amount for your circuit in the attached PDF file - Economic Default Recovery Effort. Please indicate, using the attached Economic Default Recovery Effort \_ Distribution spreadsheet, how you would like the funds for your circuit distributed – by category and element. For every element (General Magistrates, Case Managers, General Magistrate Admin Support and Mediation Admin Support) specify the dollar amount and category in which the funds should be allocated - OPS, contracted services and/or expenses dollars. To allow for maximum flexibility, funds may be expended in one or all of the elements. Also, funds dedicated to the General Magistrate element can be allocated as Senior Judge Days if preferred.

As usual we are under a tight timeframe for this Effort. Please respond by Thursday, January 14, C.O.B.

Please let me know if you have any questions or concerns.

Thanks,

Heather

<sup>1</sup> Estimated Number of Backlog Cases calculated for contract and indebtedness, real property/mortgage foreclosure, and county civil (\$5,001 to \$15,000) cases. Backlog cases were determined by subtracting the number of dispositions from the number of filings. The official trial court statistics were used for fiscal year 2006-07 to 2008-09, annualized data (July to October) were used for fiscal year 2009-10, and certification projections were used for fiscal year 2010-11. The dispositions for fiscal year 2010-11 were based on the filing to disposition ratio in fiscal year 2006-07.

What is your take on collier foreclosure backlog progress? Looks like they are moving about 500-600 of older cases per month...receiving 300 filings per month. Looks better, but will they reach goal at this rate?

Florida has a very broad Public Records Law. Most written communications to or from State and Local Officials regarding State or Local business are public records available to the public and media upon request. Your email communications may therefore be subject to public disclosure.
