

The attached chart indicates the targeted backlog reduction for the **estimated** Real Property/Mortgage Foreclosure backlog cases for each circuit. The actual number of backlog cases will need to be produced at the beginning of the initiative for tracking purposes.

### **Issue 3: Budget Policy Considerations Approved**

- a) In order to comply with legislative intent, any expenditure of any type utilizing this funding is strictly limited to direct support of the backlog reduction of the approved case types listed in Issue 2.
- b) In order to ensure that senior judges who are assigned to the Foreclosure and Economic Recovery initiative are paid with the appropriate funds, the current senior judge application will be modified to allow circuits to specify from which funding source the senior judge should be paid. The Trial Court Administrators are responsible for ensuring that the information is reported properly.
- c) Expenditures from the Expense category are limited to intra-circuit travel for staff, intra- and inter-circuit travel for Senior Judges, consumable office supplies, postage, copying, printing and reproduction. To maximize the Expense allotment, circuits are encouraged to use existing resources or surplus furnishings for any office furniture needs for OPS staff and/or Senior Judges. Subscriptions and the like are not allowable expenditures for this funding, neither are computers or other communication devices as those items are a county funding responsibility.
- d) A contingency for the Expense category was approved in the original proposal and factored into the appropriated amount. In order to access these contingency funds, a circuit must have exhausted its Foreclosure and Economic Recovery Expense allotment. Requests for additional Expense are to be made in writing to the TCBC Chair, with a copy to the TCBC Budget Management Committee Chair, and to the State Courts Administrator. The request must provide a complete, detailed explanation of how Expense funding came to be exhausted, what steps were taken to alleviate the impending shortfall, the amount requested and how that amount was calculated.

### **Issue 4: Funding/Plan Monitoring Approved**

- a. The Budget Management Committee (BMC) will monitor expenditures on a monthly basis to ensure that resources are only being used for the purpose of backlog reduction for the approved case types. In addition, the BMC will monitor case event data to ensure that expenditures correlate with the TCBC approved activities.
- b. The Supreme Court Inspector General will also be reviewing the Foreclosure and Economic Recovery initiative for potential inclusion in the branch's FY 2010/11 audit plan.

### **Issue 5: Clerk Assistance Approved**

Information on in-courtroom resources (general magistrates and senior judges) that will be assigned in each county and the maximum number of courtrooms that will be scheduled at any one time in each county will be shared with clerks once it has been finalized (see attached chart – please update this information, if needed). The chief judge in each circuit should work with their clerks to ensure the clerks appropriately support their plan. These plans need to be shared with the Office of the State Courts Administrator so that the legislature can be informed of the collaborative work on this issue. In addition, the TCBC approved the requirement that the clerks of court provide data support for this initiative.

Two other issues on performance measurement and FY 2011/12 Legislative Budget Request were postponed until the June 4<sup>th</sup> TCBC meeting.

### **Directions:**

If the decisions above require you to modify your plan allocations, please make the adjustments and notify Dorothy Wilson of the specific changes to the allocation categories by email at [burked@flcourts.org](mailto:burked@flcourts.org) by COB, Tuesday, May 25, 2010. If no changes are needed, please indicate that in an email to Dorothy. In addition, if any changes in your allocations require a revision to the in courtroom resources, please provide that information also.

Listed below are the job classes and hourly rates for OPS positions that were used in the original proposal for the Foreclosure and Economic Recovery Funding. The TCBC approved the circuit allocations with direction to the circuits that they hire within these guidelines.

<u>Element</u>	<u>Position</u>	<u>Maximum rate</u>
Magistrates:	Magistrate	\$35.48 hourly
Case Management:	Court Program Specialist II	\$17.36 hourly
	Court Program Specialist I	\$14.58 hourly
	Court Program Specialist I	\$15.40 hourly w/ CAD – Hillsborough and Pinellas
	Court Program Specialist I	\$15.40 hourly w/ CAD – Broward, Dade, Monroe, Palm Beach
Admin. Support:	Senior Secretary	\$11.89 hourly
	Senior Secretary	\$12.10 hourly w/ CAD – Hillsborough and Pinellas
	Senior Secretary	\$12.48 hourly w/ CAD – Broward, Dade, Monroe, Palm Beach

This amount does not include the 7.65% FICA that needs to be added to the hourly rate.

Lastly, some circuits have already developed plans and position descriptions for the implementation of this initiative. You may want to check with our colleagues if you need some assistance in developing your own plan.

Please let me know if you have any questions. Kris

**Subject:** Economic Default Recovery Effort

TCA's –

As discussed at the December meeting, the TCBC is requesting non-recurring funding authority from the Legislature for an Economic Default Recovery Effort, which will be filed as a supplemental FY 2010/11 LBR issue. These funds will be used to provide temporary resources in the trial courts to eliminate backlog in several civil areas, including cases involving mortgage foreclosures, real property, contracts and indebtedness, and county civil valued from \$5,001 to \$15,000.

The funding methodology developed for this Effort is based on the number of backlogged cases (in the aforementioned civil areas) in each circuit. A ratio of one General Magistrate, one Case Manager and two Administrative Support positions for every 15,000 backlogged cases was applied to estimate need. One Administrative Support position is dedicated to mediation for the coordination of civil cases covered under this Effort with the exclusion of residential homestead mortgage foreclosure cases. The annual salaries used to calculate the allocation amounts were approximately: \$79,688 for General Magistrates, \$39,126 for Case Managers, and \$26,090 for Admin Support.

You will find the estimated allocation amount for your circuit in the attached PDF file - Economic Default Recovery Effort. Please indicate, using the attached Economic Default Recovery Effort \_ Distribution spreadsheet, how you would like the funds for your circuit distributed – by category and element. For every element (General Magistrates, Case Managers, General Magistrate Admin Support and Mediation Admin Support) specify the dollar amount and category in which the funds should be allocated - OPS, contracted services and/or expenses dollars. To allow for maximum flexibility, funds may be expended in one or all of the elements. Also, funds dedicated to the General Magistrate element can be allocated as Senior Judge Days if preferred.

As usual we are under a tight timeframe for this Effort. Please respond by Thursday, January 14, C.O.B.

Please let me know if you have any questions or concerns.

Thanks,  
Heather

<sup>1</sup> Estimated Number of Backlog Cases calculated for contract and indebtedness, real property/mortgage foreclosure, and county civil (\$5,001 to \$15,000) cases. Backlog cases were determined by subtracting the number of dispositions from the number of filings. The official trial court statistics were used for fiscal year 2006-07 to 2008-09, annualized data (July to October) were used for fiscal year 2009-10, and certification projections were used for fiscal year 2010-11. The dispositions for fiscal year 2010-11 were based on the filing to disposition ratio in fiscal year 2006-07.

The state is offering funding on a temp basis to assist with backlogs in county civil related to the bad economy. Let's discuss what assistance that would be most productive for the county civil division to address backlog issues. Our response is due January 14.

You will find the estimated allocation amount for your circuit in the attached PDF file - Economic Default Recovery Effort. Please indicate, using the attached Economic Default Recovery Effort \_ Distribution spreadsheet, how you would

like the funds for your circuit distributed – by category and element. For every element (General Magistrates, Case Managers, General Magistrate Admin Support and Mediation Admin Support) specify the dollar amount and category in which the funds should be allocated - OPS, contracted services and/or expenses dollars. To allow for maximum flexibility, funds may be expended in one or all of the elements. Also, funds dedicated to the General Magistrate element can be allocated as Senior Judge Days if preferred.

As usual we are under a tight timeframe for this Effort. Please respond by Thursday, January 14, C.O.B.

Please let me know if you have any questions or concerns.

Thanks,  
Heather

**Commission on Trial Court Performance and Accountability  
Court Statistics and Workload Committee**

**Foreclosure and Economic Recovery Initiative - Case Reporting System**

**Background:**

The backlog of real property/mortgage foreclosure cases has been accumulating for more than three years. The intent of the legislature in funding this initiative is to reduce the backlog currently in the court system to get properties on the market in order to stimulate the economy.

On May 20, 2010, the Trial Court Budget Commission (TCBC) approved the FY 2010/11 circuit allocations for the Foreclosure and Economic Recovery Funding and approved the effective date for the implementation of the circuits' plans so resources can be deployed on July 1, 2010.

On June 4, 2010, the TCBC requested the Court Statistics and Workload Committee to 1) oversee and approve the development of a case reporting system for the Foreclosure and Economic Recovery initiative; and 2) monitor the results from the data capture in the case reporting system.

**Discussion:**

There are two distinct measurements relevant to this initiative. The first measure was provided by the TCBC as the goal for this project.

**Measurement #1:**

- ❖ Dispose 62% of all backlogged Real Property/Mortgage Foreclosure cases (non-disposed and reopened) in FY 2010-11. This measure will be evaluated at the end of the initiative period using the same methodology as used initially to describe the project to the legislature. This methodology uses the official SRS filing and disposition statistics to calculate backlog.

**Measurement #2:**

The second measurement will provide case specific information during the initiative period. It will allow the courts to generally describe how and why cases are moving or failing to move through the system. Specifically, this second measurement will identify:

- The average age of target cases
- The status of target cases

\* This measurement effort will need to be collected as a separate reporting requirement as this data is not captured in SRS. To facilitate this case tracking and reporting effort, Court Services is developing a tracking application and each clerk of court will be providing a list of backlogged cases as of close of business June 30, 2010, which will be used to pre-populate the case tracking application for each county in each circuit.

Since this is a temporary project (12 months), data reporting should be self-contained and targeted to the specific project goals. Consequently, it is recommended that, for the duration of

**Commission on Trial Court Performance and Accountability  
Court Statistics and Workload Committee**

this short term project, a new data reporting mechanism, the Foreclosure and Economic Recovery Case Tracking System (FERCTS), be developed to capture the data required for this project. For simplicity and ease of use, this system should collect only the data required for the successful tracking for program goals as listed below. FERCTS is not intended to provide case management capabilities. Instead, this application will provide a mechanism to capture and report, to the OSCA, specific and limited case information. This information will then be used as part of the final report to the Legislature describing the outcomes of the Foreclosure and Economic Recovery Initiative.

It is anticipated that a portion of the resources funded for the initiative will be used for this data reporting endeavor. There could be an extensive amount of workload associated with the data reporting system. Nevertheless, this information is essential in summarizing the effort of the courts' in reducing the real property/mortgage foreclosure backlog.

In support of the Foreclosure and Economic Recovery Funding project, the following data reporting plan is proposed.

**Data Reporting Plan**

Case data required to achieve project goals include the following:

- Circuit
- County
- Uniform Case Number
- Filing Date – initial document stamp date as per the SRS Manual (January 2002)
- SRS Case Category – ‘Real Property/Mortgage Foreclosure’ (see Issue 2 below)
- Date of Case Status Change – captures the date case status changed from one category to another (See Issue 2 below)
- Current Case Status – captures data on the status of a case in broad categories (see Issue 2 below).
- Date of Disposition – As per the SRS Manual, report cases as disposed after the final judicial decision which terminates a civil proceeding by a summary/final judgment or ordered entered by the court.
- Disposition Type – Summary/Final Judgment, Trial, and Dismissed (see Issue 2 below)
- Date of Reopen Event – Report the date that a post-judgment motion is filed and the \$50 fee is paid. It is not the intent of this tracking application to capture every reopen event.
- Date Reopen Event Closed – Report the date on which the reopened case is closed after the motion which reopened the case has been resolved by judicial decision/order which completes court proceedings on the issue raised by the motion.(ex. Motion to reschedule foreclosure sale, Order rescheduling sale; See Issue 3 below)

**Application:**

It is expected that this project will involve a large number of case records (over 400,000) distributed over 67 counties. The maximum expected for a single county is approximately

**Commission on Trial Court Performance and Accountability  
Court Statistics and Workload Committee**

65,000. The data entry application must balance ease of development and use and ready availability to all personnel who will use it. Among the several alternatives considered, it was determined that a Microsoft Office application best meets the initiative requirements. Therefore, it is recommended that the data reporting mechanism be developed as a Microsoft Excel spreadsheet application providing basic data entry and case tracking functionality for initiative related data elements. The application will be developed in such a manner that the full sort, filter and related capabilities of Excel will be available to assist staff in updating case information as well as provide a basic user interface to simplify routine case information updating.

The OSCA will divide the cases by circuit and county and initially populate the FERCTS workbooks for each trial court administrator with the pending case data provided by the clerks. The OSCA will transmit the data reporting workbooks to each trial court administrator. Cases transferred into the initiative after July 1, 2010 will have to be entered manually by court administration staff. Court administration will provide an updated copy of these tracking workbooks to the OSCA bi-weekly for monitoring, analysis and reporting.

Issue 1: Workload

OSCA staff is very sensitive to the additional workload any reporting mechanism will impose on initiative staff. Staff has also extensively considered the practicality of collecting certain data elements. Throughout the development process, staff has attempted to balance the need for and value of information to report to the legislature against the workload necessary to capture it. However, the workload involved could be significant for some circuits. This committee needs to decide if the need for results justifies the workload required.

Issue 2: Case Type and Status Reporting:

In an effort to reduce the administrative burden on initiative staff, staff has identified two data elements that can benefit from category reduction. There are thirteen SRS case types describing foreclosure cases. However, most of these groups are designed to capture information related to filing fees and other legislative issues and are not relevant to the processing of cases in this initiative. Similarly, the eleven disposition types also provide more detail than is relevant. Consequently, staff recommends that for purposes of this initiative, the thirteen SRS cases types be reduced to one case type "Real Property/Mortgage Foreclosure" and the eleven disposition categories be consolidated to three categories, Summary/Final Judgment, Trial, and Dismissed.

Case status is a more difficult proposition. Since the primary purpose of the tracking application is to identify why cases are not moving through the system, case status is, arguably, the most important field. The question boils down to what types of status are necessary to adequately describe case activity. Staff has discussed this with various court administration staff and judges and has distilled their suggestions into three options each containing more or less status categories based on consideration of workload and information value:

**Commission on Trial Court Performance and Accountability  
Court Statistics and Workload Committee**

Option 1:

- Active
- Stayed – Bankruptcy
- Stayed - Pending resolution of another case
- Stayed - by Agreement of the parties
- Stayed - Appeal pending
- Inactivity or Pending - Attorney inactivity
- Inactivity or Pending - Insufficient pleadings or documentation
- Inactivity or Pending - Other (see comments)

Option 2:

- Active
- Stayed – Bankruptcy
- Stayed - Pending resolution of another case
- Stayed - by Agreement of the parties
- Stayed - Appeal pending
- Inactivity or Pending - Attorney inactivity
- Inactivity or Pending - Insufficient pleadings or documentation
- Inactivity or Pending - Other (see comments)
- Inactivity or Pending – Loss mitigation review
- Inactivity or Pending – Mediation/Settlement negotiations

Option 3:

- Active
- Stayed – Bankruptcy/Other
- Inactivity by Attorney /Abatement
- Closed

In order to more accurately track the case activity of this initiative, staff recommends applying an default status of “Inactivity or Pending – Other (see comments)” (if options 1 or 2 are selected) to each case provided by the clerk of courts since, by direction, clerks are supplying a list of all pending cases. This initial designation will allow the court administration to identify cases when they become active or have some other status changes. The committee may wish to add an appropriate “Inactive – Other” status to option 3.

Also, in light of the potential workload involved, it is not the intent of this application to capture every reopen or status change event. Rather, the bi-weekly submission will provide a point-in-time snapshot of case status which will allow a reasonable picture of court activity over the course of the initiative.

**Commission on Trial Court Performance and Accountability  
Court Statistics and Workload Committee**

Issue 3: Definition of Reopen Closed Event

There are two data fields in this application that are not specifically defined by SRS instructions, date reopen closed and case status. However, both are important in identifying the reasons why cases are not moving to final sale. It seems that case status should be something that case managers will be able determine fairly easily since it involves long term changes to case status. On the other hand, reopen closed dates may be more difficult. There isn't a specific definition or criteria in SRS that directs when a reopened case is closed and Judge Bailey and Rick Callanan has suggested that case managers may not know when a reopened case is closed.

We have put together a definition that is consistent with SRS as follows:

*Date of Reopen Event – Report the date that a post-judgment motion is filed and the \$50 fee is paid*

*Date of Reopen Event Closed – Report the date on which the reopened case is closed after the motion which reopened the case has been resolved by judicial decision/order which completes court proceedings on the issue raised by the motion. (ex. Motion to reschedule foreclosure sale, Order rescheduling sale)*

**Decisions Needed:**

1. Determine if the workload associated with the case reporting system is justified for reporting information to the legislature.
2. Approve the collapse of SRS case categories to one general category 'Real Property/Mortgage Foreclosure'
3. Approve the collapse of SRS disposition types to three general categories, Summary/Final Judgment, Trial, and Dismissed
4. Select Option 1, 2 or 3 for case status reporting.
5. Approve the option to set all case status' initially to "Inactivity or Pending – Other"
6. Approve the definition of reopen case closure as it applies to the Foreclosure initiative only.

**Subject:** RE: CSWC: Court Statistics and Workload Committee (CSWC) Decision Needed

Decision 1

No doubt this will be a significant workload burden on court staff. However, we just do not have an option not to collect data necessary to monitor the project. Each judicial circuit received additional staff resources. This task should be given priority in the allocation of these new resources. I think OSCA staff, with input from judges and trial court staff, have done a very good job of identifying the minimum data requirements.

Decision 2

I support collapsing SRS categories into one general category for this project.

Decision 3

I support collapsing SRS disposition types to three general categories for this project.

Decision 4

I support option 1

Decision 5

I agree with the staff's recommendation to initially set all case status to "inactivity or pending – other."

Decision 6

I agree with the definitions of reopen event and disposition as proposed by staff. Tracking reopen cases will most likely be one of our most difficult task. We are treading new ground without any real foundation of experience with documenting this process.

**Importance:** High

Members,

Our committee has received another emergency issue to address that requires it be handled by email instead of a scheduled conference call. Judge Masters has asked me to chair this issue for her. Attached is a discussion of the Data Collection Plan for the Foreclosure and Economic Recover Initiative. As many of you are aware, the Legislature allotted the courts \$6 million to provide extra resources to alleviate much of the real property foreclosure backlog. While basic statistics and initiative targets will be computed via SRS, the TCBC has also determined that additional case activity data is necessary to summarize the initiative for the Legislature. The TCBC has requested that the CSWC review and approve this aspect of the project.

The attached discussions describes the proposed data collection plan and presents several decisions for the members. Please review the attached materials and provide a vote to Arlene Johnson or other committee staff (Kris Slayden, [slaydenk@flcourts.org](mailto:slaydenk@flcourts.org), PJ Stockdale, [stockdap@flcourts.org](mailto:stockdap@flcourts.org)) on decisions one through six no later than close of business on Thursday 7/14. The data collection workbooks are scheduled to be sent to the TCAs on Monday 7/19.

Additionally, if there are any areas of this plan that you feel bear further discussion or can be further improved, please provide your comments to the members and staff as soon as possible so that these issues may be fully considered.

Please feel free to contact myself or committee staff if you have questions or need additional information.

**From:** Perkins, Judge Terence R.  
**Sent:** Thursday, September 23, 2010 3:05 PM  
**Subject:** RE: Questionable documents found in GMAC foreclosures

It's worse than you think. Last week I had 10 motions to reset foreclosure sale based on the plaintiffs' "inability to verify the amount of the debt". That smelled bad to me, so I set all of the motions for hearing at 8:45 last Monday morning. What I heard shocked me.

The bank told me that GMAC is servicing many of the foreclosure loans and the GMAC person responsible to review the bank documents and calculate the amounts due, wasn't doing his job. He wasn't reviewing the documents, had no personal knowledge of anything and was not verifying the amounts due accordingly to the bank's payment records. Whatever the attorney sent, they signed. Period. This revelation came in cases in which GMAC was not the named plaintiff and appeared nowhere in the file. Nothing in this file indicated the slightest problem. These troubling facts came to light in a deposition in Connecticut last week, in another case.

Naturally, I cancelled the sale. The law firm is going to file a motion to vacate any Judgments that they believe to be based on "tainted" affidavits. I don't know how we will know which cases are involved but I expect motions of that type in at least these 10 cases, perhaps many more. These cases will go back to SFJ stage and a corresponding delay. I have no idea how we insure the integrity of the process, from this point forward.

---

**Subject:** FINAL JUDGEMENT PACKETS & EXTRA COPIES

**ATTENTION:**

We just came out of a meeting with the Clerk's Office and they have requested a **few changes** from the Administrative Side.

Please make sure all Final Judgment Packets are **stapled** before sending them to the Clerk's Office. If you have to unstaple them to conform that is fine, be sure to put a staple back in them before they are shipped off to the Clerk's Office.

In addition, the cover letter (stating what is enclosed) can be recycled along with all copies of other motions and/or documents which are included that are not originals. If you have any doubt as to what is a copy or an original, please send it on to the Clerk's Office to let them determine.

The clerks have informed us that they are swarmed with paperwork and do not wish to have additional paper to deal with. On Monday, I will be at both stations to assist you in determining the difference.

As always, the original documents go back to the Clerk's Office.

Thank you for all of your help on this project. You got a good report card ☺.

Attached is an interesting letter from the 15th Circuit concerning foreclosure process and sales.

The interesting part is that the Chief Judge instructs foreclosing attorneys NOT to cancel foreclosure sales without a hearing, unless they also have the Association's agreement to cancel if an association is a party to the foreclosure action.

Does anyone know whether there are similar requirements in other circuits?

Uta

Re: Cancellation of Foreclosure Sales

Dear Counsel:

I am writing to you in your capacity as a policy-maker for your firm. As you know, the court has recently been inundated with a wave of foreclosure sale cancellations. All too often these requests come in the day before or the day of sale. The short notice to the court overwhelms the UMC calendar in the morning. The short notice to the clerk negatively impacts staffing and contributes to clerical backlog.

In light of these facts, it is now critically important that you comply with Administrative Order 3.301-5/10 which can be found on the Fifteenth Circuit's website at [www.15thcircuit.com](http://www.15thcircuit.com). This A.O. requires any party seeking to cancel and/or reschedule a foreclosure sale to file a written motion at least seven (7) business days before the sale date. It is also critical that you provide timely notice of the request for cancellation, and schedule a hearing or submit an agreed order as far in advance of the sale as possible. For the time being, these sales can be canceled by agreed order, without the necessity of a UMC hearing, if they affect only the lender and the borrower. In those instances where there may be a homeowners' association or property owners' association, a hearing will be required unless you are able to submit an Agreed Order confirming the agreement of the association as well.

Recently, the judges covering UMC have not strictly enforced Administrative Order 3.301-5/10 because they recognize that, in many instances, the sale going forward may ultimately result in more motions, more confusion, and more untimely delay in the process. However, it appears that a substantial number of sales cancellations may continue.

Please make every effort to submit Agreed Orders at least seven (7) days in advance of the sale. Also, you should schedule hearings on the motion to cancel sale that are not agreed to at least three (3) business days before the sale date with timely notice to all parties. This practice will reduce the strain on the clerk's resources as well

13TH CIR 01131

as the court's. It should reduce the size of the UMC dockets and increase the clerk's ability to focus on other foreclosure filings. Of course I must reserve the right for the judges to consider alternative responses to untimely filings or proceedings.

I will be posting this letter on the 15<sup>th</sup> Circuit's website, both on the message board and on the Division AW/AV webpage, so that all who are interested will receive the same information.

**I have also enclosed a notice requiring the attachment of payment records to affidavits in support of Motions for Summary Judgment and will be posting that notice on the website as well.**

Please acknowledge receipt of this letter so that I will know that this critical information has been received. If there are any questions or concerns, please put them in writing and I will do my best to provide a timely response.

Sincerely,

A handwritten signature in black ink, appearing to read 'P. Blanc', written in a cursive style.

Mike – Are you available to chair the issue directed by TCBC to have the CSWC approve the reporting requirement for the foreclosure initiative? The tentative schedule to implement the reporting requirement is July 16<sup>th</sup>, so we would need to get committee approval some time before then. We assumed it would have to be handled by the committee via email discussion/approval? Once we get the format set, would you mind sending it out to the committee members as temporary chair? Thanks. Kris

Chief Judges and Trial Court Administrators – As mentioned at the JAC meeting in Marco Island, the OSCA plans to provide you with monthly feedback on your progress in achieving the 62% backlog reduction goal. As a reminder, I have attached the target backlog reduction statistics for the foreclosure and economic recovery initiative. We have received a number of inquiries from judges requesting these statistics. You may want to forward the attachment to those judges who are directly working on the initiative.

We plan to send you the following two reports monthly so that you can monitor the statistics that we get in Tallahassee:

- 1) As data comes in from the clerks of court on their SRS reports of filings and dispositions, we will provide you with your circuit's progress in reducing the backlog by 62%. We will send the first report out to you on August 30<sup>th</sup> and then monthly from then on.
- 2) As data comes in from court administration on the status of the cases from the tracking system, we will provide you with analysis of the status and age of cases currently being handled as part of the initiative. We will send the first report out to you on September 30<sup>th</sup>, and then monthly from then on.

These monthly statistics will be provided to you only for internal use and will not be released externally without prior approval. Please let me know if you have any questions. Thanks. Kris

**Subject:** 13th Circuit's Request for Clarification re: ACLU Public record Request

Laura,

As a follow up to our meeting of yesterday regarding the ACLU Public Records Request, the 13<sup>th</sup> circuit would request clarification of the following:

1. Clarification as to whether the ACLU request for all records from January 1, 2009 to present (October 19, 2010) includes, all foreclosure records unrelated to the circuit's Residential Mortgage Foreclosure Project?
2. Clarification of paragraph 2 of the request, as to what is meant in regard to all records relating to rules, procedures and practices established to manage, adjudicate or dispose of foreclosures cases? More specifically, provide us examples of records the ACLU believes relate to rules, procedures and practices established to manage, adjudicate or dispose of foreclosures cases? Further, clarify whether the records requested include all records relating to rules, procedures and practices established to manage, adjudicate or dispose of foreclosures cases from January 1, 2009 to present (October 19, 2010), or all records post establishment of the circuit's Residential Mortgage Foreclosure Project?
3. Clarification of paragraph 3 of the request, as to the definition of the term clerk?
4. Clarification of paragraph 5, as to all records, citing an example, as to rules relating to the governing of public access to civil proceedings including, public access to proceedings in foreclosures cases? Also, specifically, clarification as to whether the request includes all records from January 1, 2009 to present (October 19, 2010) regarding public access, or public access post the establishment of the circuit's Residential Mortgage Foreclosure Project?

[rowlanda@fljud13.org](mailto:rowlanda@fljud13.org)

**IN THE THIRTEENTH JUDICIAL CIRCUIT  
HILLSBOROUGH COUNTY, FLORIDA**

**ADMINISTRATIVE ORDER S-2010-next number  
(Supplements Administrative Orders S-2009-098 and S-2010-052)**

**RESIDENTIAL FORECLOSURE PROCEDURES – CASE MANAGEMENT**

The Florida Legislature authorized and designated funds for the purpose of processing the backlog of residential mortgage foreclosure cases. Since July 1, 2010, this circuit has utilized these funds to establish two special sections, staffed with senior judges, court clerks, and case managers, to process residential mortgage foreclosure cases. For some unknown reasons, most law firms specializing in residential mortgage foreclosure cases have failed to schedule summary judgment motions for hearing.

Under Florida Rule of Judicial Administration 2.545, the trial judge shall take charge of all cases at an early stage in the litigation and shall control the progress of the case until the case is determined. Likewise, Florida Rule of Civil Procedure 1.200(a) authorizes a trial judge to order a case management conference at which a trial date may be set. Setting cases for trial is an effective way a trial judge can control a residential foreclosure case and alleviate the backlog.

It is necessary to supplement the procedures for residential foreclosure cases to effectuate the legislative purpose of processing the backlogged cases. By the power vested in the chief judge under Florida Rule of Judicial Administration 2.215(b)(2), it is therefore ORDERED:

**1. Case Management – Setting Cases for Trial**

In accordance with Florida Rule of Civil Procedure 1.200(a) and Florida Rule of Judicial Administration 2.545(b), the senior judges assigned to Sections I and II will consider ordering a case management conference and setting all residential foreclosure cases for trial with time allocated for dispositive motions to be considered and disposed.

**2. Previous Administrative Orders Supplemented**

The procedures implemented by this administrative order supplement the procedures of Administrative Order S-2009-098 (*Foreclosure Procedures*) and Administrative Order S-2010-052 (*Residential Foreclosure Procedures*), which remain in full force and effect.

**3. Effective Date**

This administrative order is effective October 1, 2010.

It is ORDERED in Tampa, Hillsborough County, Florida, on this \_\_\_\_\_ day of September, 2010.

\_\_\_\_\_  
Manuel Menendez, Jr., Chief Judge

**Cc:** Lisa Goodner; Sharon Buckingham; Kristine Slayden; Patty Harris; Theresa Westerfield; Arlene Johnson; Charlotte Jerrett; Greg Youchock; Elizabeth Garber  
**Subject:** Economic Default Recovery Effort

TCA's -

As discussed at the December meeting, the TCBC is requesting non-recurring funding authority from the Legislature for an Economic Default Recovery Effort, which will be filed as a supplemental FY 2010/11 LBR issue. These funds will be used to provide temporary resources in the trial courts to eliminate backlog in several civil areas, including cases involving mortgage foreclosures, real property, contracts and indebtedness, and county civil valued from \$5,001 to \$15,000.

The funding methodology developed for this Effort is based on the number of backlogged cases (in the aforementioned civil areas) in each circuit. A ratio of one General Magistrate, one Case Manager and two Administrative Support positions for every 15,000 backlogged cases was applied to estimate need. One Administrative Support position is dedicated to mediation for the coordination of civil cases covered under this Effort with the exclusion of residential homestead mortgage foreclosure cases. The annual salaries used to calculate the allocation amounts were approximately: \$79,688 for General Magistrates, \$39,126 for Case Managers, and \$26,090 for Admin Support.

You will find the estimated allocation amount for your circuit in the attached PDF file - Economic Default Recovery Effort. Please indicate, using the attached Economic Default Recovery Effort \_ Distribution spreadsheet, how you would like the funds for your circuit distributed – by category and element. For every element (General Magistrates, Case Managers, General Magistrate Admin Support and Mediation Admin Support) specify the dollar amount and category in which the funds should be allocated - OPS, contracted services and/or expenses dollars. To allow for maximum flexibility, funds may be expended in one or all of the elements. Also, funds dedicated to the General Magistrate element can be allocated as Senior Judge Days if preferred.

As usual we are under a tight timeframe for this Effort. Please respond by Thursday, January 14, C.O.B.

Please let me know if you have any questions or concerns.

Thanks,  
Heather

**To:** Trial Court Chief Judges; Trial Court Administrators  
**Cc:** Lisa Goodner; Kristine Slayden; Sharon Buckingham; Charlotte Jerrett; Dorothy Wilson; Arlene Johnson; Patty Harris; Theresa Westerfield; Elizabeth Garber; Greg Youchock; Gary Phillips  
**Subject:** Foreclosure and Economic Recovery Program Allocations

Good morning,

The Legislature appropriated funding for the Foreclosure and Economic Recovery Program in the amount of \$5,955,606 for FY 2010/11 to the trial courts. These non-recurring funds will be used to provide temporary resources in the trial courts to eliminate backlog in the civil areas. We will be sending information on target backlog reduction goals as well as parameters for implementation and clerk involvement in this program after the May 20, 2010 Trial Court Budget Commission meeting.

The amount of funding authority appropriated for this program is less than the amount originally requested, thus the estimated allotment for each circuit also has been adjusted. You will find the estimated allocation by circuit along with estimated backlog cases in the attached PDF file – Foreclosure and Economic Recovery Program. **Considering your adjusted allocation, please indicate, using the attached ForeclosureandEconomicRecovery \_ Distribution spreadsheet, how you would like the funds for your circuit distributed – by category and element.** For every element (General Magistrates and/or Senior Judges, Case Managers, General Magistrate/Senior Judge Admin Support and Mediation Admin Support) specify the dollar amount and category in which the funds should be allocated - OPS, contracted services and/or expenses dollars. To allow for maximum flexibility, funds may be expended in one or all of the elements.

As a reminder, the funding methodology developed for this proposal is based on the number of backlogged cases (in the civil areas) in each circuit. A ratio of one General Magistrate, one Case Manager and two Administrative Support positions for every 15,000 backlogged cases was applied to estimate need. One Administrative Support position is dedicated to mediation for the coordination of civil cases covered under this program with the exclusion of residential homestead mortgage foreclosure cases handled through the managed mediation program. The annual salaries used to calculate the allocation amounts were approximately: \$79,688 for General Magistrates, \$39,126 for Case Managers, and \$26,090 for Admin Support.

Additional information is also needed again from the circuits as to how economic recovery resources will be deployed circuit-wide. Court leadership would like to be able to share this information with the clerks so they can plan accordingly, since they were appropriated \$3.6 million to support our initiative. Please provide:

-The amount of **magistrate/senior judge FTE's** that will be assigned in **each county** based on the expected workload from the backlogged cases. *Note: Single county circuits can ignore this question.*

-If you have multiple **magistrate/senior judge FTE's** in the proposal, what is the maximum number of courtrooms that will be scheduled at any one time **in each county**?

As usual we are under a tight timeframe. Please respond by **Wednesday, May 12th C.O.B.**

Please let me know if you have any questions or concerns.

Thanks,  
Heather

**IN THE THIRTEENTH JUDICIAL CIRCUIT  
HILLSBOROUGH COUNTY, FLORIDA**

**ADMINISTRATIVE ORDER S-2010-087  
(Supplements Administrative Orders S-2009-098 and S-2010-052)**

**RESIDENTIAL FORECLOSURE PROCEDURES – CASE MANAGEMENT**

The Florida Legislature authorized and designated funds for the purpose of processing the backlog of residential mortgage foreclosure cases. Since July 1, 2010, this circuit has utilized these funds to establish two special sections, staffed with senior judges, court clerks, and case managers, to process residential mortgage foreclosure cases. For some unknown reasons, most law firms specializing in residential mortgage foreclosure cases have failed to schedule summary judgment motions for hearing.

Under Florida Rule of Judicial Administration 2.545, the trial judge shall take charge of all cases at an early stage in the litigation and shall control the progress of the case until the case is determined. Likewise, Florida Rule of Civil Procedure 1.200(a) authorizes a trial judge to order a case management conference at which a trial date may be set. Setting cases for trial is an effective way a trial judge can control a residential foreclosure case and alleviate the backlog.

It is necessary to supplement the procedures for residential foreclosure cases to effectuate the legislative purpose of processing the backlogged cases. By the power vested in the chief judge under Florida Rule of Judicial Administration 2.215(b)(2), it is therefore ORDERED:

**1. Case Management – Setting Cases for Trial**

In accordance with Florida Rule of Civil Procedure 1.200(a) and Florida Rule of Judicial Administration 2.545(b), the senior judges assigned to Sections I and II will order a case management conference and schedule all residential foreclosure cases which are at issue for trial with time allocated for dispositive motions to be considered and disposed.

**2. Previous Administrative Orders Supplemented**

The procedures implemented by this administrative order supplement the procedures of Administrative Order S-2009-098 (*Foreclosure Procedures*) and Administrative Order S-2010-052 (*Residential Foreclosure Procedures*), which remain in full force and effect.

**3. Effective Date**

This administrative order is effective October 1, 2010.

It is ORDERED in Tampa, Hillsborough County, Florida, on this 22<sup>nd</sup> day of September, 2010.

  
Manuel Menendez, Jr., Chief Judge

Original to: Pat Frank, Clerk of the Court  
Copy to: All General Civil Division Judges

## Foreclosure and Economic Recover Initiative Installation Instructions

This workbook is almost entirely macro driven. Most Microsoft Office installations are installed with a high level of security set by default. To ensure that macros can run for this workbook, there are a few steps you must take before you open the workbook. If you are using Excel 2007,

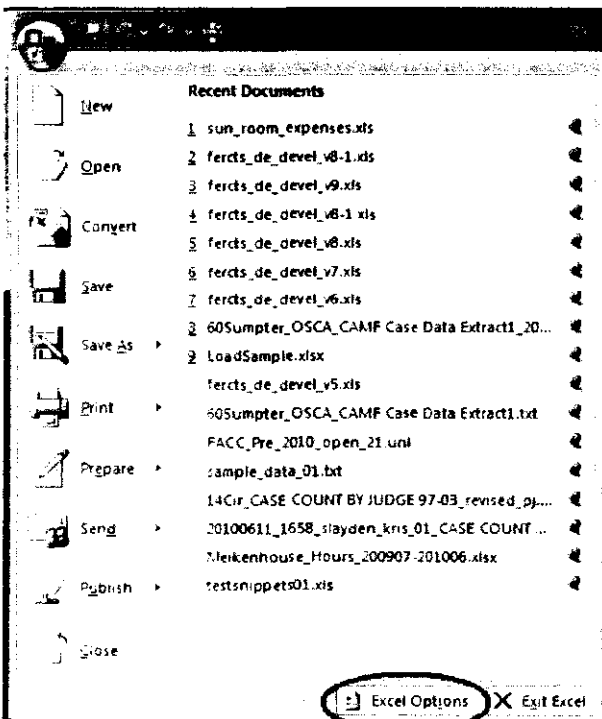

1. Save the FERCTS workbook to a directory to the directory where it will be used and note the location (for example C:\Foreclosure\FERCTS)

2. Open a blank Excel workbook

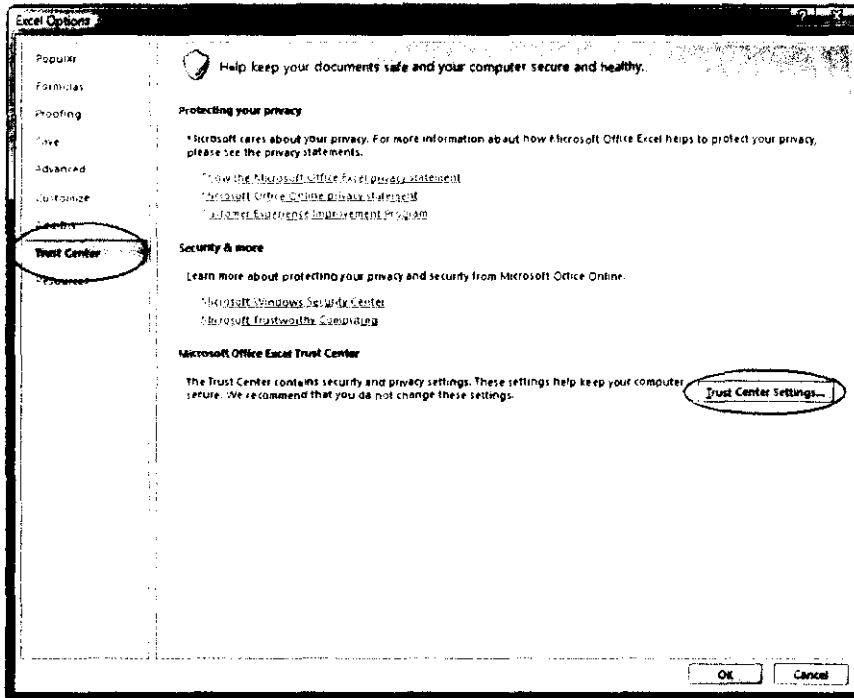

3. Click on the Windows "Office Button" in the upper left corner of the workbook

4. Click on the "Excel Options" button on the bottom right corner of the menu

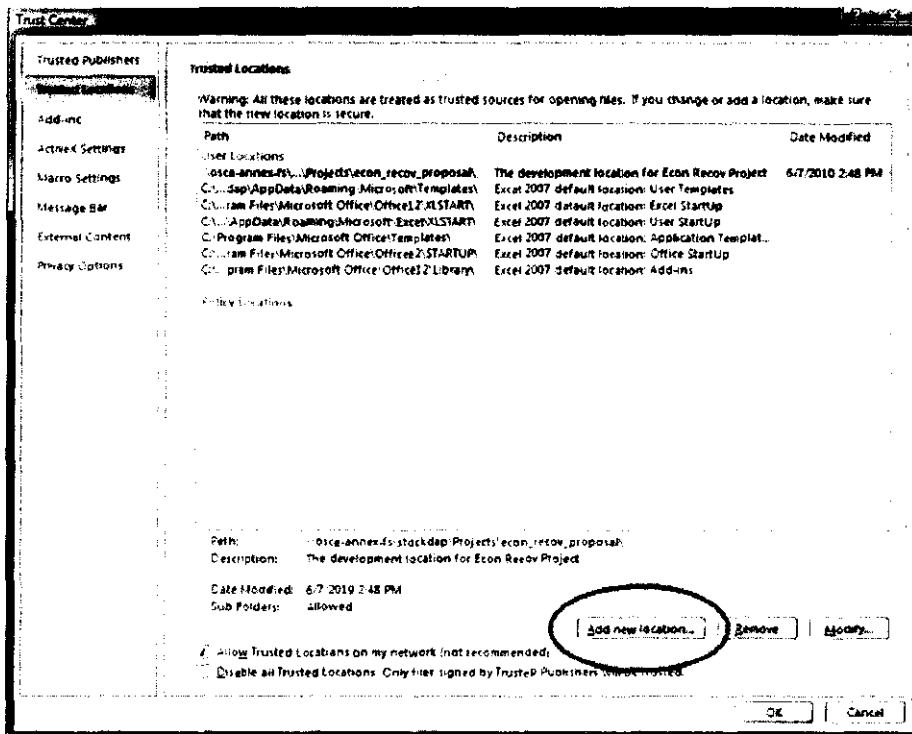

# Foreclosure and Economic Recover Initiative Installation Instructions

5. From this menu, select "Trust Center" and then click on the "Trust Center Settings" button

6. From the Trust Center Settings, Select "Trusted Locations" from the menu along the left side, you should see something similar to the image below:

## **Foreclosure and Economic Recovery Case Tracking System (FERCTS)**

### **Overview**

#### **Application:**

Workbooks will be set up for each county. For the larger circuits we can also split the workbooks up into county and year or maybe even by case-type (residential or commercial) or blocks of case numbers if that would help. Definitions for the fields displayed are provided in the Definitions section below.

The application provides a one page data entry and display user form with a second search tab. Each workbook will be populated with the case list provided by the counties for undisposed, reopened and pending cases as of June 30, 2010. New cases, filed or reopened after June 30, 2010, that are transferred to the initiative will need to be entered into the tracking application by court admin staff either manually or in bulk. New cases can be added through the main user form or directly into the spreadsheet. The underlying Excel spreadsheet does allow for basic bulk loading of data to make this task easier for larger circuits. We are currently working on a Users' Manual.

The tracking application provides basic search capabilities on uniform case number, case status and case age. For this initiative, we calculated case age to be the number of days from filing to the current date or from the reopen date to current date. The application search function will then allow the user to move through all of items meeting the search criteria. The search function allows wildcards so that more than one case can be identified such as all cases with a UCN in 2006 or with a case age greater than 180 days.

Although cases classified as Other Real Property may not be handled with resources from this initiative, some counties have indicated that they cannot make the distinction between Other Real Property and Residential or Commercial foreclosures for cases initiated before January 2010. Consequently, the initial population of cases may contain more cases than strictly necessary. Provisions will be made to allow initiative staff to mark these cases as excluded as they are identified.

Unfortunately, Excel does not have multi-user capabilities. This means that a single workbook cannot be updated by two different persons at the same time. However, you can make copies of the workbooks for different individuals. If multiple persons will be performing data entry, it may be advantageous to divide the cases into blocks assigned to an individual so that each case appears in only one workbook. This will simplify updating. The OSCA has requested that the circuits send these workbooks to us bi-weekly. Each workbook will be applied to a master file that will consolidate multiple workbooks into a single master record for each case.

## **Foreclosure and Economic Recovery Case Tracking System (FERCTS)**

### **Overview**

There are two data fields in this application that are not specifically defined by SRS instructions, date reopen closed and case status. However, both are important in identifying the reasons why cases are not moving to final sale. It seems that case status should be something that case managers will be able to determine fairly easily since it involves long term changes to case status. On the other hand, reopen closed dates may be more difficult. There isn't a specific definition or criteria in SRS that directs when a reopened case is closed and Judge Bailey has suggested that case managers may not know when a reopened case is closed.

We have put together a definition that is consistent with SRS as follows:

Report reopen cases as closed after the final judicial decision which terminates court proceedings, including a summary/final judgment or order entered by the court, and that transfers the case to the clerk of court for action to complete sale.

**Do you think this definition will enable the staff working these cases to determine these dates?** Please keep in mind that we aren't trying to capture every reopen event; only those that take time to complete and, thus, block the case from moving to sale. For example, it would not be necessary to capture motions filed to cancel sale that are filed and disposed in the same hearing. Ideally, it would be great if we could capture these events but for workload reasons, it may not be practical to do so.

### **Definitions:**

Case data required to achieve project goals include the following:

- Circuit
- County
- Uniform Case Number
- Filing Date– initial document stamp date as per SRS Manual (January 2002)
- SRS Case Category - as defined by SRS Manual
  - Real Prop/Mort Foreclosure (Pre2010)
  - Real Prop/Mort Foreclosure-Commercial \$0-50K
  - Real Prop/Mort Foreclosure-Commercial \$50-249K
  - Real Prop/Mort Foreclosure-Commercial \$250K+
  - Real Prop/Mort Foreclosure-Homestead, Residential \$0-50K
  - Real Prop/Mort Foreclosure-Homestead, Residential \$50-249K
  - Real Prop/Mort Foreclosure-Homestead, Residential \$250K+
  - Real Prop/Mort Foreclosure-Non-Homestead, Residential \$0-50K
  - Real Prop/Mort Foreclosure-Non-Homestead, Residential \$50-249K
  - Real Prop/Mort Foreclosure-Non-Homestead, Residential \$250K+
- Date of Reopen Event – report the date a case was reopened as per the SRS Manual

## **Foreclosure and Economic Recovery Case Tracking System (FERCTS)**

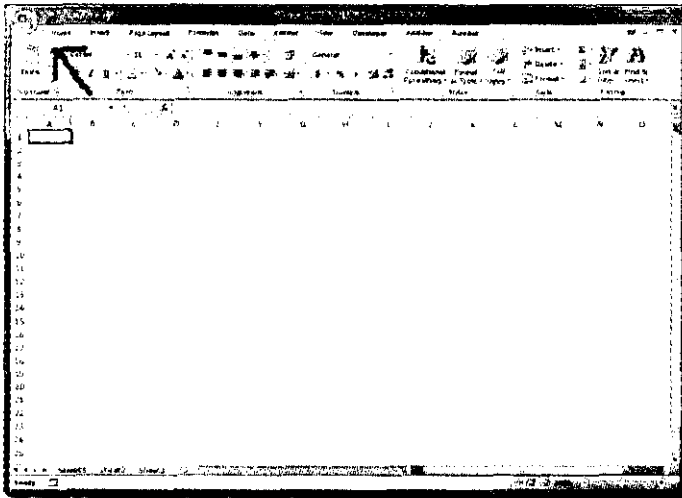

### **Overview**

- **Date Reopen Event Closed** – report reopen cases as closed after the final judicial decision which terminates court proceedings, including a summary/final judgment or order entered by the court, and that transfers the case to the clerk of court for action to complete sale.
- **Date of Case Status Change** – captures the date case status changed from one category to another (status' listed below)
- **Current Case Status** – captures data on the status of a case in three broad categories (Active, Stayed, Inactive or Pending) broken out into several reasons for each status.
  - Active
  - Stayed – Bankruptcy
  - Stayed - Pending resolution of another case
  - Stayed - by Agreement of the parties
  - Stayed - Appeal pending
  - Inactivity or Pending - Attorney inactivity
  - Inactivity or Pending - Insufficient pleadings or documentation
  - Inactivity or Pending - Other (see comments)
- **Date of Disposition** – report cases as disposed after the final judicial decision which terminates a civil proceeding by a summary/final judgment or ordered entered by the court.
- **Disposition Type** –To reduce reporting requirements, the eleven SRS disposition types have been condensed into three major disposition events, Summary/Final Judgment, Trial, and Dismissed.

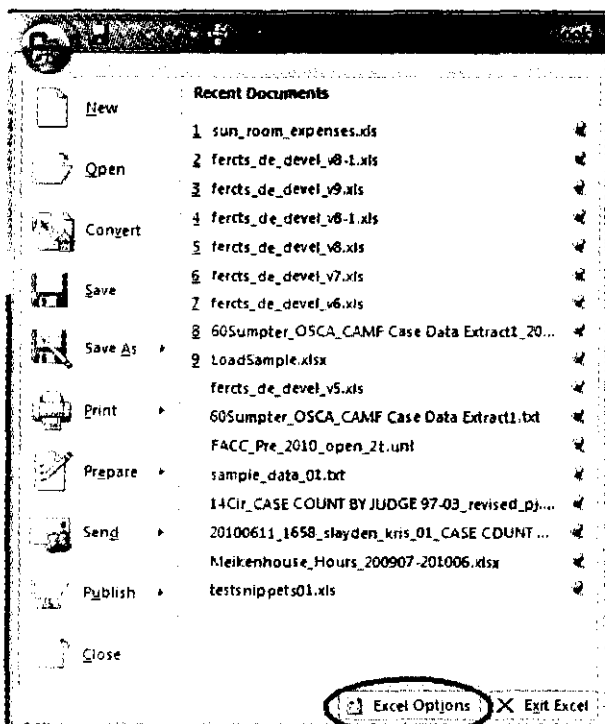

## Foreclosure and Economic Recover Initiative Installation Instructions

This workbook is almost entirely macro driven. Most Microsoft Office installations are installed with a high level of security set by default. To ensure that macros can run for this workbook, there are a few steps you must take before you open the workbook. If you are using Excel 2007,

1. Save the FERCTS workbook to a directory to the directory where it will be used and note the location (for example C:\Foreclosure\FERCTS)
2. Open a blank Excel workbook

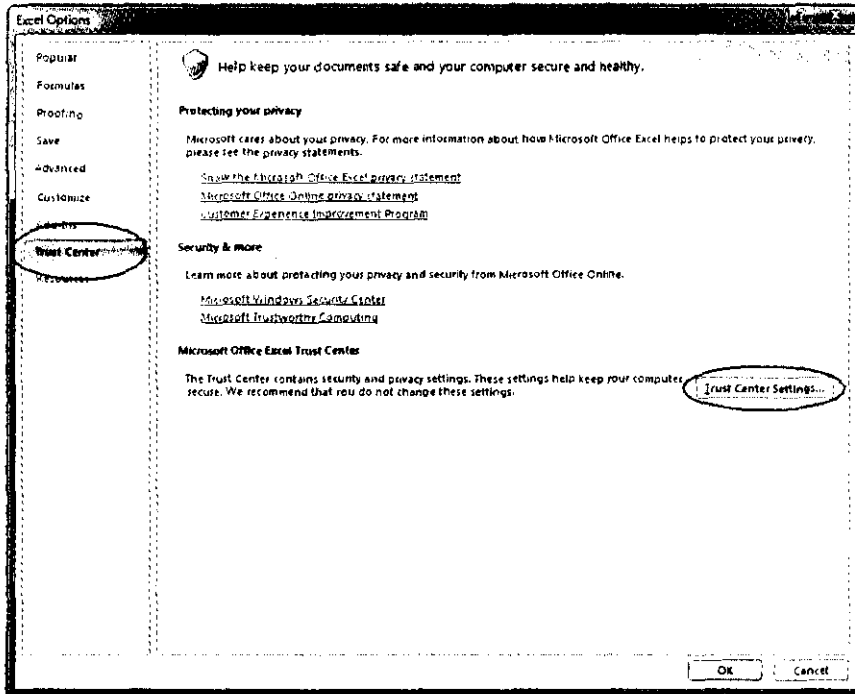

3. Click on the Windows "Office Button" in the upper left corner of the workbook
4. Click on the 'Excel Options' button on the bottom right corner of the menu

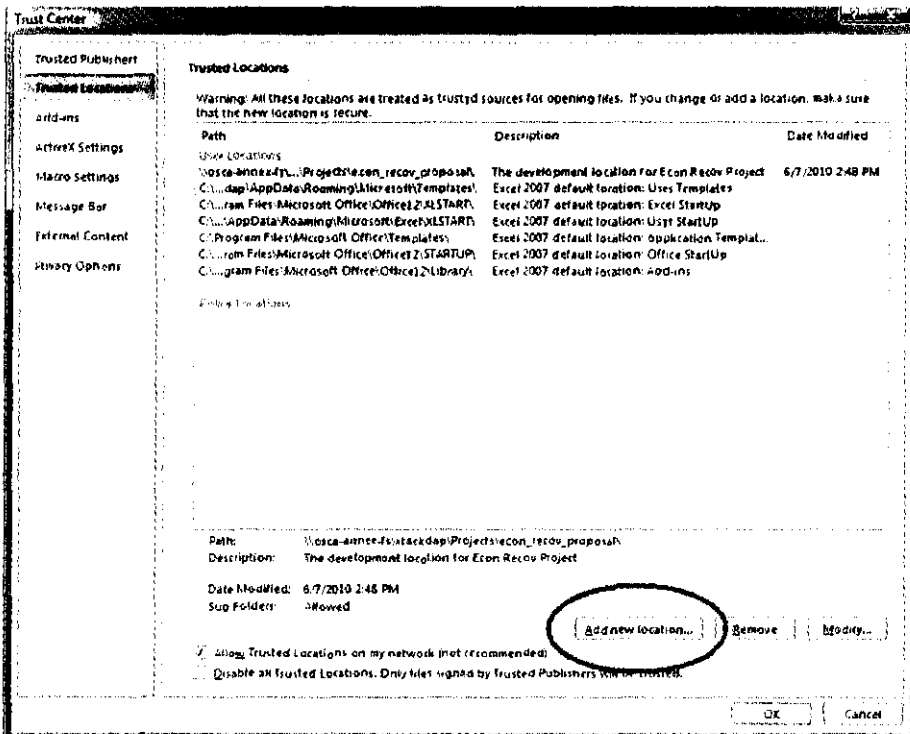

# Foreclosure and Economic Recover Initiative Installation Instructions

5. From this menu, select "Trust Center" and then click on the "Trust Center Settings" button

6. From the Trust Center Settings, Select "Trusted Locations" from the menu along the left side, you should see something similar to the image below:

# Foreclosure and Economic Recover Initiative Installation Instructions

7. Click on the "Add new location" button which will bring up a dialog box to enter a location. You are going to enter the location of the FERCTS workbook that you noted in step 1 above. You can type it directly into the text box or you can use the "Browse" button to navigate to the location. Once you have found the location, click OK. This will add the location to your trust center which will allow you to enable macros without compromising security on your machine.

Please note, if the location that you saved your file to is not local to your workstation such as a network drive, then you must also check the box "Allow Trusted Locations on my network (not recommended). While checking this box is not always the best practice, it is acceptable in this instance. If your local security policy prohibits you from checking this box, then you will have to save the workbook in a location local to your workstation.

Now you should be able to open the workbook with macros enabled. When you double click on the workbook, you should see something like the following:

The screenshot displays a Microsoft Excel spreadsheet with a 'Foreclosure and Economic Recovery Initiative Case Tracking Form' overlaid on it. The spreadsheet has a column header 'Uniform Case Number' and contains a list of case numbers from 1 to 23. The form is titled 'Foreclosure and Economic Recovery Initiative Case Tracking Form' and is divided into several sections:

- Case Data | Search**
- Case Identification**
  - UCN: 602004CA000509XXXXXX
  - Filing Date: 5/10/2004
  - SRS Case Category: Real Prop/Mort Foreclosure (Pre2010)
- Disposition/Status**
  - Date Disposed: 7/25/2005
  - Disposition Type: Summary/Final Judgement
  - Date Status Change: [empty]
  - Case Status: [empty]
  - Case Closed for Court Action:
  - Date Case Closed: 6/25/2010
- Post-Judgement**
  - Open Date: 10/25/2009
  - Closed Date: 6/25/2010
- Case Comments**

On the right side of the form, there is a 'Case Age' section with a dropdown menu set to 'NA' and buttons for 'New', 'Update', 'Previous', 'Next', and 'Exclude'. At the bottom of the form, there are buttons for 'Save' and 'Close App'. The status bar at the bottom of the Excel window shows 'Record 1 of 65'.

# Foreclosure and Economic Recover Initiative Installation Instructions

The user form may be run directly from the spreadsheet by selecting the Developer -> Macros -> ShowDataForm from the macro menu. Then select Run

The screenshot shows a Microsoft Excel spreadsheet with the following data:

Uniform Case Number	Date Case Initiated	SRS Case Type	Date of Initial Reopen Event	Date Disposed	Disposition	Case Comments	Date Reopen Event Closed	Date of Last Event Of
602004CA000509XXXXX	5/10/2004	Real Prop/Mort Foreclosure (Pre2010)	10/25/2009	7/25/2005	Summary/Final Judgement		6/25/2010

**Subject:** RE: ECONRECOV: Prototype of Foreclosure Case Tracking System

Mike,

In reviewing the Case Tracking Form, I question why in the SRS category drop down box (please open attachments and review) the form would include commercial foreclosure when this project is limited to residential foreclosure actions. I would strongly suggest that OSCA remove this data category from the drop down since the project does not include commercial foreclosure actions.

I also question the relevance in breaking down the SRS category for the purposes of backlogged foreclosure actions between Residential Mortgage Foreclosure - Homestead and Non-Homestead Residential Foreclosures. The backlog project is handling all residential mortgage foreclosure actions whether it is homestead or non-homestead. I do not understand the significance of why this needs to be broken down to this level for collection purposes. A residential mortgage foreclosure is a residential mortgage foreclosure. Again, I would suggest that breaking down the data collection down to this level is time consuming and question whether the case managers will have time to enter the data, much less, time to try and determine whether it was a homestead or non-homestead foreclosure. Please note: I can see breaking the data down to this level when reporting the data for the Managed Mediation Project because that is for Homestead - Residential Mortgage Foreclosure actions filed after July 1, 2010.

Same thing with the last category RP/MF – Other Real Property, why do we care it's a backlogged foreclosure action without an improvement on the property. It's still a backlog case and being foreclosed on.

An additional data request is broken down to the estimated value of the property by category. The categories were originally created and broken down to this level in order to determine the increase/escalating filing fee based on the estimated value of the property. Again, I question the value in collecting this information.

Finally, to report track the data requested, we are going to have the case managers read the pleadings ("Complaint") to determine whether each piece of real property is homestead or non-homestead, improved or non-improved and the estimated value: \$0-50K, \$50-249K or \$250K+ The case managers are going to have plenty to do in the big circuits based on each circuits back log numbers just to get the cases ready for hearing.

Mike, Rick,

Please find attached a copy of the Foreclosure and Economic Recovery Case Tracking System (fercts\_devel\_v10-8-1a.xls). We know it isn't a complete solution but I guess the first question we have is whether this application is workable to capture this data. The idea was to find some balance between the needs of small and large circuits. I would be most appreciative to hear your

suggestions on how we might make this application more usable for the initiative staff. There are still a few minor bugs that we are working out but all the major components work. In order to meet our deadline to get the workbooks out to the circuits by 7/16, I will need to finalize the application by next Friday (7/9)

I've also attached a draft summary which contains a brief overview of the application and a list of the data captured along with their definitions. Mostly we used the standard SRS definitions. However, there are two fields, case status and reopen closed date that do not have SRS definitions. We have proposed a definition for these fields that we believe to be consistent with SRS that should help initiative staff complete the workbooks. Please take a look at these, particularly the one for reopen closed date. Does this seem to be a workable definition for this project?

Since this tracking application is based upon VBA macros, there are a few steps that need to be taken to get it installed and running. I've attached a set of installations instructions but you may want to have one of your IT people set it up. Please have your IT folks give me a call, if needed, and I'll go through it with them.

I look forward to hearing from you. Thanks

PJ

**Cc:** Wells, Tracy; Greno, Linda; Cash, Kim  
**Subject:** CMC Docket Annotations

Below is a copy of the Order on Case Management Conference that will be signed by the Judge. Depending on what section of the Order the Judge checks off below, in "red" is the corresponding annotation entry that needs to be noted on the docket in each case for purposes of data entry. At the end of each a.m./p.m. docket session, please deliver the annotated docket to Tracy Wells.

### ORDER ON CASE MANAGEMENT CONFERENCE

Plaintiff's counsel and/or plaintiff having failed to appear, this action is DISMISSED without prejudice. Dism'd = Dismissed

Defendant having failed to appear, the pleadings filed therein are hereby STRICKEN and a default is hereby entered and Plaintiff shall schedule a Motion for Summary Judgment hearing within sixty (60) days of this Order. A = Active

The Defendant has filed BANKRUPTCY. Therefore the Clerk of the Circuit Court shall REMOVE THIS CAUSE FROM ACTIVE PENDING. B = Bankruptcy

The Parties have agreed to a SETTLEMENT. Therefore the Clerk of the Circuit Court shall REMOVE THIS CASE FROM ACTIVE PENDING. If this cause goes into Default, the Plaintiff may reinstate the matter and move forward with their case. S = Settlement

Plaintiff and Defendant having appeared, this case remains on the trial schedule beginning the week of January 24, 2011. T = Trial

Other: If the Judge checks this section and Orders something other than the above, please note on the docket in narrative form what the judge ordered.

**Subject:** RE: Foreclosure Trial List Notice/Case Management Conf

Hello

Sorry for the slight delay but I wanted to forward you the most recent version of the order which was modified just yesterday.

We have 4 docket types running:

- 1) Docket Soundings (where the Motion for Summary Judgment may also be noticed)
- 2) Contested Hearing dockets
- 3) Uncontested Summary Judgment dockets also known as "Foreclosure Fridays"
- 4) Trial dockets

We had been allowing for other types of motions to be set at the docket soundings. However, with the new notice I am forwarding, you will notice that motions are now being required to be heard in advance of the docket sounding dates (with the exception of the MSJ). We are still modifying the process as we go along but it appears that what we have developed is working. We are showing a clearance rate of 306% for the month of August with 2,505 dispositions. Many disposition are being filed after the DS notice is received and before the actual DS date. Suggestions of Bankruptcy are also being filed once the DS notice is received because they previously forgot to put the court on notice. Just one suggestion on bankruptcy cases: You may want to check these against PACERs because it appears that once the stay is placed on the case there does not seem to be a real urgency by the attorneys to let the court know that the stay should be lifted.

Please let me know if there is anything else I can assist you with. Thank you – Nancy

Rick/Nancy,

When do you think you could send me a copy of your trial notice?

FYI, in case you haven't begun to experience this yet. Depending upon the extent of this practice, our ability to reduce the foreclosure backlog may be impacted.

**Sent:** Thursday, September 23, 2010 3:05 PM  
**Subject:** RE: Questionable documents found in GMAC foreclosures

It's worse than you think. Last week I had 10 motions to reset foreclosure sale based on the plaintiffs' "inability to verify the amount of the debt". That smelled bad to me, so I set all of the motions for hearing at 8:45 last Monday morning. What I heard shocked me.

The bank told me that GMAC is servicing many of the foreclosure loans and the GMAC person responsible to review the bank documents and calculate the amounts due, wasn't doing his job. He wasn't reviewing the documents, had no personal knowledge of anything and was not verifying the amounts due accordingly to the bank's payment records. Whatever the attorney sent, they signed. Period. This revelation came in cases in which GMAC was not the named plaintiff and appeared nowhere in the file. Nothing in this file indicated the slightest problem. These troubling facts came to light in a deposition in Connecticut last week, in another case.

Naturally, I cancelled the sale. The law firm is going to file a motion to vacate any Judgments that they believe to be based on "tainted" affidavits. I don't know how we will know which cases are involved but I expect motions of that type in at least these 10 cases, perhaps many more. These cases will go back to SFJ stage and a corresponding delay. I have no idea how we insure the integrity of the process, from this point forward.

**Subject:** Questionable documents found in GMAC foreclosures

If other banks begin to slow down the prosecution of their foreclosures, this could throw a real monkey wrench into our effort to reduce the backlog.

Re: New Publication: Residential Foreclosure Bench Book

The Publications Committee of the Florida Court Education Council is pleased to announce the posting of the Residential Foreclosure Bench Book in the Court Education Resource Library on the Florida State Courts intranet. The Residential Foreclosure Bench Book was written by the Eleventh Circuit's Judge Jennifer Bailey and Assistant General Counsel Doris Bermudez-Goodrich. Used for a recent judicial education course for judges assigned to hear foreclosure cases, this bench book presents readers with the nuts and bolts of current foreclosure law and procedures.

In addition to this bench book, the Court Education Resource Library, developed by OSCA's Court Education Section and Publications Unit, contains a plethora of judicial education materials, among them, court publications (benchguides, bench books, toolkits, and case summaries); court education program materials; and other useful resources (a catalog of books, manuals, and other publications, including materials by state and national organizations).

A PDF of the bench book is attached, but you can also access it from the Court Education Resource Library, at [https://intranet.flcourts.org/osca/Judicial\\_Education/Library/librarymain.shtml](https://intranet.flcourts.org/osca/Judicial_Education/Library/librarymain.shtml) (As the bench book will be periodically updated to reflect changes in foreclosure law and procedure, please visit the site for update notifications.)

Please share this information with judges and court staff who are handling residential mortgage foreclosure cases.

If you have any questions, contact Susan Leseman, OSCA Publications Attorney, at (850) 922-5085 or

**Follow Up Flag:** Follow up  
**Flag Status:** Completed

Chief Judges and Trial Court Administrators – As mentioned at the JAC meeting in Marco Island, the OSCA plans to provide you with monthly feedback on your progress in achieving the 62% backlog reduction goal. As a reminder, I have attached the target backlog reduction statistics for the foreclosure and economic recovery initiative. We have received a number of inquiries from judges requesting these statistics. You may want to forward the attachment to those judges who are directly working on the initiative.

We plan to send you the following two reports monthly so that you can monitor the statistics that we get in Tallahassee:

- 1) As data comes in from the clerks of court on their SRS reports of filings and dispositions, we will provide you with your circuit's progress in reducing the backlog by 62%. We will send the first report out to you on August 30<sup>th</sup> and then monthly from then on.
- 2) As data comes in from court administration on the status of the cases from the tracking system, we will provide you with analysis of the status and age of cases currently being handled as part of the initiative. We will send the first report out to you on September 30<sup>th</sup>, and then monthly from then on.

These monthly statistics will be provided to you only for internal use and will not be released externally without prior approval. Please let me know if you have any questions. Thanks. Kris

**Subject:** 20th Circuit

I talked to Rick Callanan and they also have the same problem and decided to do a trial notice for any case over 12 months old. He is sending me the notice and their calendars. He says so far they are able to disposed of about 60% of the case set. But it is a lot of work and he has had assign staff from other departments to assist. The phone calls are a real problem.

**Subject:** Section I - Mortgage Foreclosure Hearings - week of November 29, 2010

Dear All,

Please be advised that starting the week of November 29, 2010 to June 30, 2011, Section I – Mortgage Foreclosure hearings will be conducted in CR 500. The only exception to the above are the weeks of January 31, 2011 and March 7, 2011 and March 14, 2011. During those three (3) weeks only, Section I will conduct its hearings in CR 501 (Arnold).

If any of you should have any questions, please do not hesitate to contact me.
