Subject: Meet Friday 10/15 w/ Fannie Mae on Pre-foreclosure Mediation Program?

Josephine, in connection with our conversation earlier, Fannie Mae's "pre-file" mediation program is now in a staged rollout and Fannie VP Mike Hernandez and I are trying to meet with each circuit's Chief Judge and/or the Judge overseeing the foreclosure docket. The purpose of the meeting is to explain our pre-file program, how it benefits all parties, particularly the borrower, and get feedback. Mike and I have met with 9 circuits in the last two weeks and we've found the meetings to be positive, informative and valuable for all attending. Would you please let me know if Judge Taylor could meet with us for one hour next Friday morning in Plantation?

Should we be able to meet, Mike and I would welcome an opportunity to meet with Performance Mediation Inc., so please feel free to invite one of their representatives to the meeting.

I look forward to hearing from you.

Thank you,

Subject: Order Setting Status Conferences Not Filed

Yesterday I discovered original Order Setting Status Conferences in a file in my desk. Denise said because her dates are in black, what I have are the copies for the Clerk. I'm not sure why I didn't immediately put them in the pile for the clerk's office, but these have my blue date of Sept. 7 on all of them. They are:

5 for Key West October 13
3 for Plantation October 15
3 for Marathon October 20

All the envelopes went out, but I do remember making some mistakes and photocopying extras for the date and your stamp, so I was confused as to why I kept them. I called Jacque and just told me she doesn't have the originals and therefore they must be cancelled.

Is that the final word on this? If the parties got their notices, isn't there some way for the clerks to just take this paperwork and add them to the files? We're talking about 8 for this week and 3 a week from Wednesday.

But if procedures are that they must be scanned in advance and that cannot change, then I guess I have to contact these folks and reschedule.

Please let me know what is the best way to proceed.

I apologize for putting unnecessary problems in your way, but could use some guidance.

Thank you.

I just wanted to let you know that I am bound by these rules and will not be able to put in extra time to catch up when the court closes for broken air conditioners, hurricanes or 2 hours off for Halloween, as per the memo put out by Holly this morning.

So in addition to not having any sick days or holiday time, whenever the court is closed I lose work. \$12.44 an hour isn't such a great deal of money but it all adds up. I want to help you and keep up with the work flow. I will do the best I can within the 40 hour work week assigned to me.

Cheryl just send another email telling me I'm allowed to work until 5 tomorrow, after everyone else goes home, so I guess I'll do that.

Sorry to bother you with this but I don't want it affecting our work. I will continue to do the best I can to assist you.

Yes, we talked about it two pay periods ago – when you had overtime on one of those weeks. Your work week is Friday to Thursday. You have to Flex your time – come in later on some days if you worked longer on another. A rule of thumb would be to add your hours up on Wednesday, and only work the necessary hours to get you to 40 on Thursday. We do not budget for overtime for any our positions County or State.

Jos--

Maritza is correct...I have posted on the website procedures that if the hearing is non-evidentiary and 15 minutes or less in duration, that parties do not need a motion in order to appear telephonically. Anything over 15 minutes will require a motion and order...if an attorney asks about telephone hearings, you can just refer them to the website.

Monica may be confused as I originally wanted motions on all telephonic hearings, but there are so many of them and I nearly always granted them I just set up the procedure stated above.

Oh dear---it sounds like this was set with Judge Becker's office and they (Judge Becker's office) did not let them know that Judge Becker isn't doing these cases anymore. I am not hearing cases on 8/27 (I am in Miami doing a mediation).

Maybe it would be a good idea to check with Leah (Judge Becker's JA) to see if she still has a calendar set for foreclosures on 8/27 or any other time. If so, try to find out how many cases are currently scheduled for 8/27 or sooner. If there are several, I might find a Special Magistrate to cover those hearings for me...and any others that may need attention in Marathon...so they don't have to be cancelled. But if Leah has any other foreclosure calendars scheduled after 8/27, she needs to cancel them and tell the attorneys to call you to reschedule.

Also, I have one day available on which I could schedule foreclosure hearings - that is 8/26. Do we have cases that need to be set in either KW, Marathon or PK that would necessitate my making this date available? Please give me your thoughts on this.

Jos

The DFLOPS can wait - just try to deal with the scheduling...the rest will work itself out with time. What happened on the 12th & 18th of October? I thought the courtrooms were reserved for foreclosures on those days! Please tell Maritza that we really need to use those days for hearings and that I will gladly use a hearing room before we cancel them. If necessary, I will do the hearings in the senior judge office or the judicial conference room.

Also, I think we should considering adding more hearings on the days we already have booked in August & September. I looked at my foreclosure calendar for the foreclosure court in Tampa and they have scheduled me to do nearly 150 five to ten minutes hearings a day. I don't think that many cases are realistic for us, but we could probably do at least 40 or 50. About how many have you been scheduling per day?--I lose track!

Go ahead and start booking August 26th for KW in the morning. If something comes up where I am needed in Marathon, I can always go up there that afternoon. Let's see how it falls out. Were you able to talk to Leah about the August 27th? If we have to find a magistrate to cover hearings on that date, we should probably get started looking for one. Email me and let me know and I will give you additional direction.

I will talk to you tomorrow.

It's been a hectic day, but I wanted to touch base with you to make sure I'm proceeding in the right way.

I spoke with the legal assistant for Hickey v. Harbour, Case No.: 502009CA000141A001MR, and she said they will wait until the bank files their motion to set a date.

As for scheduling hearings on 8/26, the problem is that I can't tell from looking at the 94 messages in my inbox how to triage them! We could set a tentative date for one location, but then as I go through the list find out there are more for another place. This is a dilemma. My instinct is that more cases come up in Key West than the other keys, so perhaps we should designate that day for Key West.

Also, Maritza told me this morning that we have to reschedule all hearings for Oct. 12 and 18 because the courtrooms are being used by the other judges. I've been trying to find out if anyone has an available room rather than having to reschedule over 10 appointments. So far no word on that.

And, of course, Kevin Hoyes was here again but Kathy Rupp was able to deal with him in person while I managed the email response. He sent back a courteous reply, so I think he's okay now.

As far as prioritizing, I had been thinking that scheduling the hearings should come first. But do you need me to do something with these DFLOPs sooner rather than later? I got the impression they could wait a day or two, but if they need to go out, just let me know and I'll manage that.

Again, I'm sorry to bother you with all this and hopefully will understand the system better in the coming weeks.

Thanks,
jos

Judge Taylor frequently splits days between Marathon in the morning and Plantation in the afternoon. I have attached her schedule from July through September so you have that info. Just keep in mind that days are added or shifted, (ex., she may decide not enough cases assigned in Marathon and so will take a full day in Plantation).

As for Key West, she's usually here all day because of the volume of cases to be heard.

Thanks for your help and interest. I hope you have a lovely weekend.

Jos - I forgot to answer you about the trials. Anyone who wants to set a trial should follow the same procedure - file a Notice for Trial (I think its Rule 1.440) and I will review it and set a trial date. The Rule sets out everything that is required to be in the notice...they should send us a courtesy copy of the Notice they file with the Clerk.

If there is any specific question the attorneys are asking that the Rule doesn't address, just pass the question along to me and I will try to answer it.

Hi Jos--

I see we have some hearings coming up in the not too distant future (!) that are lengthy hearings. I just want to remind you, although it is probably unnecessary, to remind the attorneys, when they call to schedule a hearing, that while I am very liberal in allowing telephone hearings, any hearing which requires testimony and/or is scheduled to take more than 15 minutes requires permission from the court for an attorney or witness to appear telephonically. I want to make sure they do not mis-read or misunderstand my requirements and procedures posted on the website.

Thanks...hope the day is going well.

(MORE TO COME)

I would like to suggest that you go ahead and add the date and time to the notice. I have asked Josephine to save time on my calendar on 10/15 and 10/19 for status conferences in Plantation Key. I will continue to set mine on 10/15 and you can use the 10/19 date (starting at 2:30 p.m.) In Key West, use 10/13 (starting at 3:30) or 10/14 (I will ask Josephine to send you the times available - I don't recall as of this writing). In order for Josephine to have all the information she needs to put the status hearings on the calendar, when I make copies of the order for mailing to the parties I make an extra copy for her. If you could toss in an extra copy of your orders, it would save me (and Josephine) a great deal of time.

My first day back at work in the Keys is 9/10 - in Key West. If the Orders are ready to go then, I can sign them and get them in the mail that day or over the weekend. That should still give the parties plenty of notice.

Thank you so much for the help. Please know how much I appreciate your (and Denise and Lourdes') dedication to the cause.

Sandy

NOTE TO JOSEPHINE: A copy of the orders listed above will be sent to you by mail at the end of this week so you can go ahead and get them on the calendar.

Subject: Judge Taylor's report

Holly, the report I sent you on Friday afternoon I did not send to Josephine or Judge Taylor. I think I should send it to one of them for the Judge to review and determine what she wants done on the cases.

What do you think?

Jos--

I have receded from my original position on this issue. A certified copy of the assignment or an affidavit with a copy of the assignment attached is fine. I am going to do an update to my procedures to clarify this change, (if I ever get a minute!) but in the meantime, please tell Rich that it's OK and I no longer require the original assignment of the note and mortgage.

And please don't worry about tossing anything to me...

Subject: Foreclosure Procedure Question for Judge Taylor

Josephine,

As I mentioned, I have a question for Judge Taylor re: the requirement in the new foreclosure procedures to file an original assignment as part of the foreclosure process. Unfortunately, we do not have original assignments for many of Iberiabank's loans. The reason for this is that since Iberiabank took over the assets of Orion Bank (and a few others in the state) there are quite a few loans to be assigned. The assignments are coming from the FDIC as Receiver for the taken over banks. The assignments are being done in bulk- i.e. 5-10 at a time. The assignments are all recorded in the public records. Accordingly, we only have one "original" assignment covering 5-10 loans. We do have all of the original notes, mortgages and allonges. We could provide an affidavit or something attesting to this fact if it would help.

Judge Taylor frequently splits days between Marathon in the morning and Plantation in the afternoon. I have attached her schedule from July through September so you have that info. Just keep in mind that days are added or shifted, (ex., she may decide not enough cases assigned in Marathon and so will take a full day in Plantation).

As for Key West, she's usually here all day because of the volume of cases to be heard.

Thanks for your help and interest. I hope you have a lovely weekend.

Will Judge Taylor ever have hearings scheduled at both court houses on the same day (maybe morning in Key West & afternoon in Marathon)?

Yes, it is overbooked (and I did it to myself!!) but we absolutely shouldn't set any more on the docket.

as to HSBC v. Robinsky, et al - yes, the second date should stay on the calendar, just in case they don't have it together for the 10/13 hearing date.

Attached is a docket which I think is overbooked:

October 13

Take a look and let me know if you want me to continue to place cases on this date.

In the group of papers for status conferences there is a case, HSBC v Alon Robinsky and Alon Croitoru, 07-CA-1610-K. This has been placed on the docket for status hearing on 10/13 (there was no date indicated) but I also see it has a MSJ for 12/8. I just want to be sure I have the right date and that this second hearing remains on the docket.

I hope everyone is getting through via CourtCall. There have been MANY calls here from people being told (in Plantation) to call me. Maybe the CourtCall info needs to be provided to whoever answers phones there so people don't have to call me just to be referred to CourtCall at 888-882-6878.

Finally, I spoke with Michelle McCoy regarding Eastern Bank v Duane Hansen, 09-CA-384-M. She had sent her final judgment package to Key West via FedEx (haven't received it yet) and told her to just try to get into the hearing anyway. I know you need the documents, but thought better she at least present herself rather than just cancel. Sometimes you can make some kind of decision without the papers, although I know this was a stretch. I hope it didn't cause too much chaos.

Well, ciao for now.

Jos-

Thanks for the info. Don't schedule a whole lot more on 12/1 - I am going to set several status conferences and get a magistrate to cover 9:30 - 11:30 and 1:30 - 3:30. I will let you know more when I get it all together. Also, go ahead and keep 12/9 open - I may have a mediation on that date and if I don't I will use it for a mediation, I will set some of these two hour trials/hearings that keep bugging us.

Also, I am getting our "numbers" ready for Holly to submit to Tallahassee and I can't locate a couple of my old calendars. Hopefully you haven't deleted them from your computer. I am trying to find my 9/10/10 calendar and my 9/17/10 calendar (I have a copy of my morning in Marathon, but not my afternoon in PK) Any help you can give me is appreciated. Holly is trying to get the count in today, so would you check ASAP and email them to me if you have kept them??

Thanks a bunch.

The purpose of the meeting is to explain our pre-file program, how it benefits all parties, particularly the borrower, and get feedback. Mike and I have met with 9 circuits in the last two weeks and we've found the meetings to be positive, informative and valuable for all attending. I am working on some cases between today's hearings and I need to set a few hearings. I *think* I gave you an additional date to use to schedule hearings on December 9th. Am I right? And if so, is there any time left on that date?

I have one case I need an hour for - in December. What do things look like?

Jos - I thought you already scheduled a two hour hearing on the morning of the 9th (from 10:30 - 12:30) That would only leave the 9:30 to 10:30 time slot available for status hearings. She can set 15-20 status hearings in that time-slot. If there are more than 15 or 20, I will start at 9:00 instead of 9:30 and she can set more, using 9:00 am as the start time. Does that work?

That was a big help, thanks. These calendars do appear very full, but I won't be surprised if we have mass cancellations on the 12/8 docket. It has been a big trend statewide---today I had a total of seven hearings scheduled, when just last month I was hearing between 50 - 90. It may improve by December, but we will just have to see.

If you need an additional thirty minutes on 12/8, just start my docket at 9:00 instead of 9:30.

I've attached the docket so you can see what I booked for 12/9. I did schedule this 2 hr. hearing at 10:30, as you will see in the attachment. I'm waiting to hear from Regi to see how many status conferences she placed for 12/9 because there have been other requests for hearings (up to 30 min.) that day.

I also gave her times for the other dates in December when there was at least an hour for status conferences. I do think there is enough time in Dec. for KW status conferences, just not all on the same day.

The other big day for you is Dec. 8, which seems pretty full. I've attached that in case you would like me to move anything around.

Please let me know if you'd like to see the other dockets.

Subject: RE: December 9th Calendar

Jos - I thought you already scheduled a two hour hearing on the morning of the 9th (from 10:30 - 12:30) That would only leave the 9:30 to 10:30 time slot available for status hearings. She can set 15-20 status hearings in that time slot. If there are more than 15 or 20, I will start at 9:00 instead of 9:30 and she can set more, using 9:00 am as the start time. Does that work?

I've placed this on the December 9 calendar for 1:30 – 3:30.

Regi asked me today for extra dates for status conferences, and I suggested she contact you about 12/9 in the morning. I don't know if she reached you but I'm holding the morning open because she said there are lots of them. If you prefer a different date, please let me know.

Thanks,
Jos

Jos-- I scheduled a non-jury trial on 12/9 in Case No. 09-CA-25-K, Centennial Bank v. Cochran, et al for 2 hours beginning at 1:30. I know it will overlap with my 3:00 p.m. hearing in the Henriquez case, but I think it will work out. In the worst case scenario, the 3:00 pm hearing may have to wait for a few minutes.

Please add this trial to the 12/9 calendar and I think that fills it up. I will work on some more dates tomorrow.

Jos--

I just gave Regie 9:30 a.m. - 10:30 am for status conferences on December 9th. I know you have set one Special Set for 10:30 - 12:30 and I have set one from 3:00 - 5:00 . I am about to set one more hearing from 1:30 - 3:00 and I want to make certain that we don't double-book the hearing times. Is 1:30 to 3:00 still available? If so, I will use it and that should close out the day.

Let me know.

Would you send me a copy of those dockets as they now stand. It will help me make a decision about whether we can take any more. It is unusual for the Clerk to cry "uncle", and I really try to accomodate them the best I can.

I've conveyed this message and await their response.

I also just received a phone call from Jacque asking for all our KW dockets for the week of Nov. 15, saying "I hope you're not planning on scheduling any more hearings for those dates." I said it was up to you, and so would like to know if I (also Regi) should not book anything else for KW for 11/15, 11/18 and 11/19.

Thank you

This does not require a hearing. They should submit a proposed order and envelopes to our office, along with a courtesy copy of their motion.

No problem for me, however Judge Slayton designated Courtroom A for Special Magistrate Yates on that day. So now there is a problem with finding a room for you.

I spoke with Raquel and let her know that the most important aspect is having access to CourtCall.

I will let you know as they try to work out the logistics.

I am planning to work the entire day. If you schedule me for Plantation, I try to start at 9:30 or 10:00 since I usually drive up from Key West in the morning and it takes a couple of hours to get there. It is also good if I end at 4:00 so I don't get back to KW too late.

If I am working in KW or Marathon, you can set the schedule as needed.

After you confirm this I will send out an updated version of your schedule to everyone who needs it.

Jos - I believe this is the day you asked me about (with the weird times set in PK?) - I looked at my personal calendar and see that I had given Maritza that date as a special set date to use in whatever location needed the time - her choice. Apparently, she used it for PK. However, if you need it for Marathon or Key West, I don't mind if you decide to reset those cases set in Plantation. The point, I suppose, is that I am working that day - where I work is your call.

I am sorry I flew out of the building yesterday and didn't get to say good-bye. It was a good day and I thank you for your hard work and your sweet spirit.

I will be in a mediation all day and may not get to check my emails again. I will, however, catch up with them over the weekend at the very least.

Have a good weekend.

Sandy
