FYSA -

Bob put the back seat in the old fleet 12 so now both old expeditions can be used if need be.

Subject: Kenosha Response

Kenosha sent the attached SOS to statewide today. After contacting Kenosha PD Command post to inquire what their Rules of Engagement were, they advised they are "strongly" using chemical munitions and "strongly" using less lethal munitions. Conversation was had with Capt. Baumann and we are sending the Humvee with 4 operators in it as well as 4 operators in a UC rescue vehicle attached to Humvee. Sgt. Benitez is working on back filling and gaps with shift coverage between now and tomorrow morning.

Kenosha Command Post immediately inquired if we were able to come down additional nights. I advised we were unavailable tomorrow night due to a pending operation in our city Thursday morning and we would contact them later this week and assess our availability/resources.
