Subject: Kenosha Dispatch
Date: Thursday, September 3, 2020 10:13:07 PM

On Tuesday, I called and spoke to one of the Supervisors at Kenosha Joint Dispatch. I let him know our dispatchers were thinking about them. They were very appreciative of our support. They expressed they have been under a lot of stress, as you can imagine. They have also been working 12 hour shifts.

I also learned that one of the Kenosha dispatchers is the wife of the officer involved in the shooting. Imagine how stressful that is for her, as well as the other dispatchers at their comm center.

They have their dispatch center on lock down with security. If anyone desires to send a care package, contact their supervisor at 262-605-5001 to let them know so it can get through security.
