WING OPORD 20-11 (CIVIL DISTURBANCE SUPPORT II)

References:

- a. WING CONPLAN 17-01 (Civil Support)
- b. WIARNG OPORD 19-006 (TY19 National Guard Reaction Force Transfer of Mission)

Task Organization:

JTF-DO
QRF-121

Time used throughout this order is Local Time (CDT)

1. SITUATION.

a. General. Kenosha County is requesting WING support for potential civil unrest in the City of Kenosha. The request is in response to an officer involved shooting in the City of Kenosha on 23 August 2020. Additional Law Enforcement Officers were requested through Emergency Police Services (EPS) to support Kenosha PD and Kenosha County Sheriff's Office.

b. Area of Concern.

(1) Operational Area. The City of Kenosha; specified locations set forth by the Incident Commander (IC).

(2) Area of Responsibility. The State of Wisconsin.

(3) Area of Interest. States bordering Wisconsin.

c. Risk.

(1) General. WING forces conducting support in response to Law Enforcement agencies requests are subject to environmental and mission hazards. Incomplete identification of required assets and materials for support functions increase hazards to assigned personnel. WING forces conducting operations in low visibility, COVID-19, and warm temperature environments will face risk of vehicle accidents, illness, and warm weather injury. WING Service Members (SMs) conducting operations with assigned weapons face risk of negligent discharge and injury.

(2) Mitigation. WING SMs conducting operations will take the necessary steps and precautions to include, at a minimum, formal safety briefings to prevent injury, ensuring personnel are properly equipped and outfitted for the conditions required for the mission. Leadership will conduct risk management prior to conducting operations, concentrating upon the general concerns listed above. Every WING SM supporting this operation is required to receive the WING Rules on the Use of Force (SRUF)

WING OPORD 20-11 (CIVIL DISTURBANCE SUPPORT II)

briefing by a WING Staff Judge Advocate (SJA); reference Appendix 2 (DRAW) to Annex C (Operations).

d. Friendly Forces.

(1) Wisconsin Emergency Management (WEM)

(a) The State Emergency Operations Center (SEOC) is elevated to Level 3 and will be staffed 241600AUG20 – 250200AUG20 initially. This staffing is subject to extension as required for the duration of the civil unrest mission.

(b) Emergency Police Services

1. Other Law Enforcement Agencies as assigned to support Kenosha

(2) Kenosha Police Department

(3) Kenosha County Sheriff's Department

e. Legal Considerations.

(1) Military intelligence collection on U.S. persons is restricted by Executive Order, Federal law and DOD policy.

(2) WING SMs supporting this operation will be in a State Active Duty (SAD) status.

(3) Rules for the Use of Force. SAD forces will use and adhere to the Wisconsin National Guard Standing Rules for the Use of Force (SRUF) approved by the Wisconsin Attorney General.

2. MISSION. On order, the Wisconsin National Guard deploys forces to conduct civil support operations in response to civil unrest as requested by proper civil authorities, to protect life and property, and mitigate suffering within the assigned operations area without degrading COVID-19 response capabilities.

3. EXECUTION.

a. Concept of Operations. The Governor has authorized The Adjutant General to call to SAD such elements of the WING as the Adjutant General deems necessary to assist civil authorities in providing response, recovery, security, and other essential services. Upon approved Requests for Assistance (RFAs), WING will deploy forces in support of civil authorities. The responding force will be OPCON to JTF-DO.

(1) Commander's Intent. WING provides support to civil authorities to assist with restoring law and order without degrading WING's ongoing COVID-19 response capabilities.

(a) Desired Effects.

1. Comprehensive understanding of mission requirements through proactive and continuous interagency coordination.

WING OPORD 20-11 (CIVIL DISTURBANCE SUPPORT II)

2. Properly trained, prepared and validated WING forces capable of responding within established timelines.

3. Effective interagency communications with civilian partners.

4. Timely sharing of information within the chain of command and response framework.

5. Portray positive image of National Guard during all phases of this operation.

(b) End State. WING forces have successfully provided prescribed support, have been released by civil authorities in accordance with mission requirements, and safely redeploy to home station.

(2) General. This operation will be conducted in four phases.

(a) Phase I (Notify). Phase I begins with the Governor's task to the WING to provide the National Guard Reaction Force (NGRF), capable of providing assistance to Law Enforcement Agencies. 125 identified service members will be prepared to muster within required timelines. Phase I ends when NGRF SMs have been notified and complete JRSOI.

(b) Phase II (Assemble/Train/Prepare). Phase II begins when the NGRF is assembled and postured to receive necessary training. Training will be in support of and tailored for this specific operation. This phase ends when all Soldiers assigned are trained and ready to conduct operations.

(c) Phase III (Respond). Phase III begins when the NGRF is trained and ready to respond. During this phase the JTF-DO and WI-JOC will provide monitoring of events and liaise with interagency partners. This phase ends when disengagement criteria is achieved and TAG approves WING's release from civil authorities.

(d) Phase IV (Recovery). Phase IV begins when disengagement criteria is achieved and TAG approves WING's release from civil authorities. NGRF elements complete closeout reports. Phase IV ends when Reverse-JRSOI requirements are complete and WING SMs return safely to their home of record.
