Dear Mr. Bacon:

Thank you for visiting with me concerning internet filters on school computers. We are pleased to know that you all have completed a review of the filtering categories and now have deactivated the "Lifestyle" filter" and configured the filters so as to comply only with CIPA, but not to filter protected content based on viewpoint.

We very much appreciate your conducting a review to ensure your students have access to this important information. Please do not hesitate to contact us if you wish to discuss this or any other matter, and thanks again.

Sincerely,

*Holly Dickson*
