**Mr. Wessler,**

**Good afternoon, attached is the Mutual Aid Agreement between the Plant City Police Department (PCPD) and the Florida Department of Law Enforcement (FDLE) in reference to cellular locating equipment.**

**I have spoken to Captain Susan Pruet of PCPD's Criminal Investigations Unit and learned her division has not exercised this agreement, meaning at no time have they utilized cell phone simulators.**

**I have also spoken to Captain Dave Millich of PCPD's Patrol Division and also learned his division has not used this technology.**

**I trust a scanned copy is adequate, but if you need this in another format please let me know.**
