Re: Public Records Request Regarding Use of Cell Site Simulators

Dear Mr. Wessler:

Your March 13, 2014 correspondence directed to former Chief Lisa Womack has been forwarded to me for the appropriate response. We have made a diligent search of our records and have found records that may be responsive to numbers 8 and 9 of your request:

8. Records reflecting a list of all criminal cases, with docket numbers if available, in which law enforcement officers used a cell site simulator as part of the underlying investigation.
9. All applications submitted to state or federal court for search warrants or orders authorizing use of cell site simulators in criminal investigations as well as any warrants or order, denials or warrants or orders, and returns of warrants associated with those applications. If any responsive records are sealed, please provide the date and docket number for each sealed document.

Lakeland Police Department relies on the Florida Department of Law Enforcement to assist in any cases involving cell tower information. Three files exist that would be responsive, as follows:

1. #13-21164 Subject: Brett Lee Curtis - October 30, 2013
2. #13-14175 Subject: Kenneth Jerome Wilson, III - August 7, 2013
3. #13-17828 Subject: Gregory Alexander Facey - September 16, 2013

Although your request involved significant staff time, we will honor your request that they be provided free of charge. Please call if you have any questions.

Very Truly Yours,

Timothy J. McCausland
City Attorney
