RE: Public Records Request Regarding Use of Cell Site Simulators

Dear Mr. Wessler:

This letter serves as an initial response to your office's written public records request dated February 28, 2014 directed at the City of Hialeah Police Department. The City has been reviewing its records to determine whether any exist in response to your request.

Please be advised that the City has no records responsive to your request numbered 1, 2, 3, 5, 6, 7, and 8.

As to your request numbered 4, 9, and 10, the City is still in the process of reviewing its records to determine whether any exist in response to your request and/or, if so, whether the City will cite exemptions for records responsive to this request. Should there be records responsive to your request that are not confidential and/or exempt from disclosure, the City will soon supplement this response to public records request with a cost estimate for the duplication of records.

Sincerely,

Hillah Sara Mendez,
Assistant City Attorney
