RE: ZHEN NMN PANG
N-400, Application for Naturalization

REQUEST FOR EVIDENCE

Dear ZHEN PANG,

This office has received your N-400, Application for Naturalization that you filed on August 3, 2021. However, we are unable to fully process your application for the reason(s) below:

In reviewing your Form N-426, Request for Certification of Military or Naval Service, it was determined to be incomplete. Take the following steps to complete your Form N-426 properly:

- Take the Form N-426 to your immediate unit's administrative office, chain of command, or human resources department for service record verification and certification.
- An officer with the rank of O6 or higher who has been delegated certification authority from your branch of service must perform this certification. This certification must contain: the handwritten signature of the person certifying the record; the signer's printed name, title, rank, and place of employment; date signed; and an official stamp or seal (if available).
- The certifying official must properly certify all of your military service, and the certification must specifically identify each period of service upon which you are relying as the basis of your Form N-400. The certification must clearly show an honorable character of service for each such period of service, as well as that no discharges from service--including service not relied upon for naturalization--were under other than honorable conditions.

USCIS will not consider a Form N-426 properly completed without this requested information.

You must either mail all the requested information to an address shown below or scan and upload your response using your USCIS online account (if applicable) within 30 (thirty) days, on or before September 12, 2021.

For First Class mail, please use:
