WASHINGTON, DC 20301-1000

9/3/19

MEMORANDUM FOR SECRETARIES OF THE MILITARY DEPARTMENTS
ACTING UNDER SECRETARY OF DEFENSE
(COMPTROLLER)/CHIEF FINANCIAL OFFICER

SUBJECT: Guidance for Undertaking Military Construction Projects Pursuant to Section 2808
of Title 10, U.S. Code

On February 15, 2019, in accordance with the National Emergencies Act, the President declared that a national emergency exists at the southern border requiring the use of the armed forces. This declaration made available, among other statutes, 10 U.S.C. § 2808, which authorizes the Secretary of Defense, without regard to any other provision of law, to undertake military construction projects not otherwise authorized by law that are necessary to support the use of the armed forces in connection with the national emergency.

Based on analysis and advice from the Chairman of the Joint Chiefs of Staff and input from the Commander, U.S. Army Corps of Engineers, the Department of Homeland Security (DHS), and the Department of the Interior and pursuant to the authority granted to me in Section 2808, I have determined that 11 military construction projects along the international border with Mexico, with an estimated total cost of \$3.6 billion, are necessary to support the use of the armed forces in connection with the national emergency. These projects will deter illegal entry, increase the vanishing time of those illegally crossing the border, and channel migrants to ports of entry. They will reduce the demand for DoD personnel and assets at the locations where the barriers are constructed and allow the redeployment of DoD personnel and assets to other high-traffic areas on the border without barriers. In short, these barriers will allow DoD to provide support to DHS more efficiently and effectively. In this respect, the contemplated construction projects are force multipliers.

I therefore authorize and direct the Acting Secretary of the Army to expeditiously undertake the eleven border barrier military construction projects specified in the attachment, and, as authorized by section 2808, to do so without regard to any other provision of law that could impede such expeditious construction in response to the national emergency. Such laws include, but are not limited to, the National Environmental Policy Act, the Endangered Species Act, the National Historic Preservation Act, the Clean Water Act, and provisions in Chapter 137 ("Procurement Generally") of title 10, U. S. Code. The Acting Secretary of the Army shall immediately apply for and accept administrative jurisdiction of real property from other Federal departments and agencies, including DOI, and acquire the non-Federal real property necessary to undertake the specified military construction projects. Once the Department of the Army obtains administrative jurisdiction of the requisite land, the Acting Secretary of the Army shall add such land to the Department of the Army's real property inventory, either as a new installation or as part of an existing military installation, consistent with DoD Instruction (DoDI) 4165.14, "Real Property Inventory (RPI) and Forecasting," and DoDI 4165.71, "Real Property Management."

UNCLASSIFIED//FOUO

The Acting Secretary of the Army is directed to immediately proceed to construct 33 miles of border barrier on the Barry M. Goldwater Range (BMGR), identified as Yuma 10/27 and Yuma 2, to the extent the land is already under the jurisdiction of the Secretary of the Navy. As the land holding agency for BMGR, the Secretary of the Navy shall ensure USACE has the access and information necessary to undertake these military construction projects on BMGR. The Acting Secretary of the Army shall proceed with construction of the remaining projects as soon as the requisite land is under the administrative jurisdiction of the Department of the Army and reflected in its records as a military installation.

I further authorize and direct the Acting Under Secretary of Defense (Comptroller)/Chief Financial Officer to ensure that up to \$3.6 billion in unobligated military construction funds are available for the purpose of undertaking the eleven specified military construction projects. As will be detailed in separate guidance, the Comptroller will prioritize deferred military construction projects to ensure that, initially, only funds associated with projects outside of the United States will be provided to the Department of the Army for construction of section 2808 projects.

The Secretaries of the other Military Departments will assist the Acting Secretary of the Army with any staffing shortfalls related to undertaking these tasks.

Attachment:
As stated

cc:
Chairman, Joint Chiefs of Staff
Under Secretary of Defense (Policy)
Under Secretary of Defense (Acquisition & Sustainment)
General Counsel of the Department Of Defense
Assistant Secretary of Defense for Legislative Affairs
Assistant to the Secretary of Defense for Public Affairs
Commander, U.S. Army Corps of Engineers

List of Proposed Border Barrier Projects

Yuma Project 2 (\$40M): Replacement of one segment of primary pedestrian fencing on the Barry M. Goldwater Range starting 2.5 miles east of Border Monument 198 and extending east to Border Monument 197, for a total of approximately 1.5 - 2 miles.

Yuma Project 10/27 (\$527M): Construction of approximately 31 miles of a new secondary pedestrian fence system on the Barry M. Goldwater Range.

Yuma Project 3 (\$630M): Replacement of 31 miles of vehicle barriers with new pedestrian fencing, beginning approximately 0.4 miles east of the Barry M. Goldwater Range and continuing for approximately 31 miles east through the Cabeza Prieta National Wildlife Refuge in Yuma County.

San Diego Project 4 (\$67M): Construction of 1.5 miles of a new primary pedestrian fence system starting 3.6 miles east of the Otay Mesa Port of Entry (POE), extending east, and construction of 2 miles of a new secondary pedestrian fence system starting 3.6 miles east of the Otay Mesa POE, extending east.

Yuma Project 6 (\$65M): Construction of approximately 1 mile of a new primary pedestrian fence system starting at Andrade POE and extending a half mile west of monument marker 206, then resuming east of the Colorado River and extending south one mile; and construction of 2 miles of a new secondary pedestrian fence system starting a half mile east of monument marker 208 and extending east to the Colorado River, and then resuming on the east side of the Colorado river and extending south for approximately one mile.

El Paso Project 2 (\$476M): Replacement of 23.51 miles of vehicle barriers with new pedestrian fencing in noncontiguous segments within Hidalgo and Luna Counties, New Mexico.

- The first segment begins approximately 5.1 miles east of the New Mexico/Arizona Border, continuing east for 4.55 miles.
- The second segment begins approximately 3 miles west of the Antelope Wells POE to 3 miles east of the POE for 6.12 miles.
- The third segment begins approximately 20 miles west of the Columbus POE, extending west for 12.84 miles.

El Paso Project 8 (\$164M): Construction of approximately 6 miles of a new primary pedestrian fence system in place of existing vehicle barriers starting 1.5 miles west of monument marker 64 and extending 2 miles east of monument marker 63; and construction of approximately 6 miles of a new secondary pedestrian fence system starting 1.5 miles west of monument marker 64 and extending 2 miles east of monument marker 63.

San Diego Project 11 (\$57M): Construction of approximately 3 miles of a new secondary pedestrian fence system starting 2 miles west of the Tecate POE and extending to 1.5 miles east of the Tecate POE.

El Centro Project 5 (\$20M): Construction of approximately 1 mile of a new secondary pedestrian fence system starting 0.5 mile west of the Calexico West POE, extending 1 mile east of the Calexico West POE.

Laredo Project 7 (\$1,268M): Construction of approximately 52 miles of a new primary pedestrian fence system starting from the Laredo-Columbia Solidarity POE North West for approximately 52 miles along the Rio-Grande River.

El Centro Project 9 (\$286M): Construction of approximately 12 miles of a new secondary pedestrian fence system, starting 1.5 miles west of monument marker 223 and ending at monument marker 221, and resuming 1 mile east of the Calexico West POE and extending east for 3 miles.
