Not applicable (000008-000010)	WITHHELD	WITHHELD	Email	[EXTERNAL] RE: Keystone XL, Ft. Peck	7-Dec-16	3	U	(b)(5), (b)(6), (b)(7)(A)	Deliberative Process Privilege	Withheld	Email contains a discussion between the Chief of the Operational Protection division for the Directorate of Contingency Operations and an Intelligence Specialist with the District of Montana's US Attorney's Office. The email reflects interagency precoordination efforts concerning potential security threats including protests and possible sabotage concerns. This information is deliberative as it is being exchanged between government agencies to inform future decisions related to security. The email also contains names, email addresses and cell phone numbers of DoD personnel which is protected pursuant to Exemption 6 and Department of Defense Director for Administration and Management Memorandum 1-2 (Nov. 9, 2001), which recognizes a heightened interest in protecting the security and privacy of DOD personnel. In the current world security climate, DOD personnel and their families are particularly vulnerable to harassment and attack from terrorists and others wishing to do them harm.. information and discussions concerning pntial protest activity and protestor targeting of USACE leadership. Finally the information is withheld pursuant to Exemption 7(A) since the information, if released could interfere with law enforcement proceedings. Knowledge of USACE monitoring tactics and coordination with other federal law enforcement agencies could undermine the efficacy of those tactics.
