The Wall is being built and is well under construction. Big impact will be made. Many additional contracts are close to being signed. Far ahead of schedule despite all of the Democrat Obstruction and Fake News!

You can keep telling lies to your base, trying to convince them that you are building the wall you promised Mexico would pay for, but as you lie you lose more and more of your base to reality.

You promised a concrete/rebar wall that spanned the entire border, and was paid for by mexico. There is NO CONCRETE WALL being built!

You are trying to win a battle you have lost. It won't happen. This is 2019. You can't just tell us that you are doing stuff and expect us to believe you.
