1 MR. SWINTON: Yes, Your Honor.

2 THE COURT: Turning to Major Nosse, do you have
3 any sense of how many MAVNIs went by way of DEP directly
4 into active duty?

5 MAJ. NOSSE: Your Honor, I know that currently
6 there are several hundred DTPs awaiting accession onto
7 active duty. Some of them, almost all of them because
8 they're still awaiting the final MSSD, which is the Calixto
9 problem if you will. But they're going through the process
10 under Army's October 26, 2018 policy.

11 So there are several hundred that are DEPs
12 awaiting to access onto active duty and ship to basic
13 training. As far as the number of MAVNIs who have accessed
14 onto active duty, in total, I believe the number is in the
15 thousands. But as far as people that have accessed onto
16 active duty since September of 2016, I would have to look
17 and see how many--

18 THE COURT: Go back for a second. The policy is
19 people who have accessed after October 13, 2017. They're
20 the only ones that dealt within section one.

21 MAJ. NOSSE: Yes, Your Honor. I would have to do
22 a search of our database and see how many MAVNIs would fall
23 in that category have been shipped to training after
24 September -- sorry, October of 2017. I can get that answer
25 for you. But I do not have that currently.
