---	---

**DECLARATION OF ERIC R. NUSSER IN SUPPORT OF
PLAINTIFFS’ OPPOSITION TO DEFENDANTS’
SUPPLEMENTAL MOTION FOR SUMMARY JUDGMENT**

I, Eric R. Nusser, declare as follows:

1. I am an attorney with the law firm of Terrell Marshall Law Group PLLC (“Terrell Marshall”). I am licensed to practice law in the State of Washington and have been admitted to this Court *pro hac vice*. I make this declaration based on personal knowledge, and I am competent to testify regarding the following facts.

A. Continued Issuance of Bench Warrants Against Individuals for Non-Payment of Fines and Fees to Magistrate Courts in Lexington County after September 15, 2017

2. Online court records are available on the South Carolina Judicial Department Public Index (“Public Index”).¹ The issuance of a bench warrant by a Lexington County magistrate court is documented by the entry of a “Failure to Comply” or “Archived Bench Warrant” notation in the applicable Public Index case record as described in detail in the Declaration of Nina Papachristou. *See* Dkt. No. 21–8 ¶¶ 4–12.²

¹ The internet address for the Public Index website is <http://publicindex.sccourts.org/Lexington/publicindex/>.

² Former ACLU paralegal Nina Papachristou outlined the methodology previously used to determine through Public Index court records whether and on what date a bench warrant had been issued by the Lexington County magistrate

3. On October 10, 2017, I visited the Lexington County Public Index and followed the methodology outlined in the declaration³ of Ms. Papachristou to determine how many “Failure to Comply” actions had been entered into Lexington County magistrate court cases between September 15 and October 9, 2017.

4. This search yielded a total of 50 unique cases in Lexington County magistrate courts in which a “Failure to Comply” notation had been entered between September 15 and October 9, 2017. Attached hereto as Exhibit A is a true and correct copy of information recorded from the Public Index identifying the 50 individuals who had “Failure to Comply” notations entered between September 15 and October 9, 2017.

5. I closely examined the Public Index case records for each of the 50 cases to ensure that the defendant was in fact charged with failure to comply due to nonpayment of fines and fees. In all 50 cases, the information in the Public Index case records suggested that the defendant had been sentenced to fines and fees and later reported for nonpayment. For example, none of the 50 cases indicated that the defendant had been sentenced to jail only or that the case had not ultimately been prosecuted.

6. Therefore, during the 24-day period between September 15 and October 9, 2017, the Lexington County magistrate courts issued an estimated 50 new bench warrants ordering the arrest and incarceration of individuals for nonpayment of fines and fees owed to the magistrate courts.

court between February 1, 2017, and March 31, 2017. *See* Dkt. No. 21–8 ¶¶ 4–18. Please note that at the time Ms. Papachristou conducted her research, the entry of “Archived Bench Warrant” was also a searchable term in the Public Index that indicated the issuance of a bench warrant. While that entry still appears in case records, it is no longer searchable in the Public Index; therefore, the only relevant search is for “Failure to Comply” actions entered during the relevant time period. I am aware of no information suggesting that the use of the “Failure to Comply” action in a court record on the public index no longer indicates the issuance of a bench warrant as described in the Papachristou Declaration.

³ *See* Dkt. No. 21–8 ¶¶ 4–18.

B. Individuals Incarcerated Pursuant to Bench Warrants Issued by Lexington County Magistrate Courts From September 15 to October 9, 2017

7. From September 15 through October 9, 2017, I visited or directed my legal assistant to visit the Lexington County Sheriff's Department Jail Inmate Inquiry website ("Inmate Inquiry website"), which is publicly available and lists all inmates whom the Lexington County Sheriff's Department ("Sheriff's Department") reports as being incarcerated in the Lexington County Detention Center ("Detention Center") at the time the page is visited.⁴

8. Each day during this 24-day period, I converted or directed my legal assistant to convert the daily list of inmates incarcerated in the Detention Center ("Daily Inmate List") to a PDF document using the computer's print function.

9. Each day during this 24-day period, I reviewed or directed my legal assistant to review the Daily Inmate List to identify all inmates with a primary charge of either "Magistrate Court Bench Warrant" or "Magistrate/Municipal Court Bench Warrant" (collectively "Bench Warrant Charge"). There were 114 inmates identified through this process. Information from the Daily Inmate List was recorded for each such inmate along with additional information gathered from the inmate's public booking record, which was available through a link on the Inmate Inquiry website. I also reviewed or directed my legal assistant to review the Public Index for cases associated with each inmate. Attached hereto as Exhibit B is a true and correct copy of information from the Daily Inmate List, public booking records, and Public Index court records identifying the 114 inmates, their primary charges, and the fines and costs associated with their primary charge.

10. For each of the 24 days for which the Daily Inmate List was converted to PDF, I compared or directed my legal assistant to compare the Daily Inmate List for that day against the

⁴ The internet address for the Inmate Inquiry website is <http://jail.lexingtonsheriff.net/jailinmates.aspx>.

list for the previous day and to identify any names that had been newly added (i.e., individuals booked in jail during the previous 24 hours). We also compared the two lists to identify any names that had been on the previous day's list but were not on the current day's list. A person who appeared on the previous day's list but not on the current day's list would have been released at some point during the previous 24 hours.

11. Between September 15 and October 9, 2017, there were 114 unique inmates who appeared on at least one Daily Inmate List with a Bench Warrant Charge as the primary charge.

12. For 18 of these inmates, the primary charge was listed as "Magistrate Court Bench Warrant." *See* Exhibit B. A review of Public Index court records indicates that all of these individuals were arrested on a bench warrant issued by four of the seven Lexington County magistrate courts: the Irmo Magistrate Court, Lexington Magistrate Court, Swansea Magistrate Court, and Central Traffic Court. For the other 96 inmates, the primary charge was listed as "Magistrate/Municipal Court Bench Warrant." *Id.* A review of Public Index court records indicates that at least 39 of these 96 individuals were arrested on a bench warrant issued by six of the seven Lexington County magistrate courts: the Irmo Magistrate Court, Lexington Magistrate Court, Swansea Magistrate Court, Oak Grove Magistrate Court, Cayce-West Columbia Magistrate Court, and Central Traffic Court. (The issuing courts for the remaining 57 individuals could not be determined.)

13. Thus, based on jail and court records, at least 57 unique inmates were arrested and jailed on bench warrants issued by magistrate courts in Lexington County between September 15 and October 9, 2017. These consist of the 18 inmates on the Daily Inmate Lists with a "Magistrate Court Bench Warrant" primary charge plus the 39 inmates on the Daily Inmate Lists with a "Magistrate/Municipal Court Bench Warrant" primary charge.

14. On any given day from September 15 to October 9, 2017, there was an average of 50 inmates incarcerated in the Detention Center whose primary charge was listed as a Bench Warrant Charge. Attached hereto as Exhibit C is a true and correct copy of the data used to determine this average, which is drawn from the Daily Inmate Lists retrieved on each day from September 15 through October 9, 2017.

15. Notably, analysis of Daily Inmate Lists showed a higher average number of inmates in the Detention Center following arrest on bench warrants issued by Lexington County magistrate courts during the 24-day period after September 15, 2017 than during the 28-day period in the month before Plaintiffs filed their Class Action Complaint. Analysis of Daily Inmate Lists, booking records, and Public Index court records confirmed that there was an average of 43 inmates in the Detention Center on bench warrants issued by Lexington County magistrate courts on any given day from May 1 to May 28, 2017. *See* Dkt. No. 21–5 at ¶ 11.

16. On average, for the period from September 15 to October 9, 2017, 7.48% of all inmates on the Daily Inmate List had a Bench Warrant Charge listed as their primary charge. *See* Exhibit C.

17. On average, for the period from May 1 to May 28, 2017, 7.22% of all inmates on the Daily Inmate List had a Bench Warrant Charge listed as their primary charge. *See* Dkt. No. 21–5 at ¶ 12.

C. Fines and Fees Owed to Lexington County Magistrate Courts by Individuals Incarcerated on Bench Warrants Between September 15 and October 9, 2017

18. The Daily Inmate Lists and public booking records included statements of debts owed for 30 of the 57 unique inmates confirmed to have been incarcerated pursuant to a magistrate court bench warrant charge from September 15 through October 9, 2017. *See* Exhibit

B. The greatest amount owed by any one of these inmates was \$2,125. The least amount owed by any one of these inmates was \$100. *Id.*

19. The total debt listed for all 30 people combined was \$27,376.99. Dividing this amount by 30 indicates that the average debt owed among these 30 inmates was \$912.57. *Id.*

D. Lack of Hearings in Lexington County Magistrate Courts for Individuals Incarcerated on Bench Warrants Between September 15 and October 9, 2017

20. I reviewed the Public Index court records associated with all 57 unique inmates who were confirmed to be incarcerated in the Lexington County Detention Center pursuant to a bench warrant issued by a Lexington County magistrate court from September 15 through October 9, 2017.

21. Of these 57 unique inmates, 17 had an entry of “Show Cause Hearing” listed in the Public Index record associated with the case in which the bench warrant was issued.

22. Of the 57 unique inmates, 40 did not have an entry of “Show Cause Hearing” listed in the Public Index record associated with the case in which the bench warrant was issued.

23. None of the 57 unique inmates had an entry of “Show Cause Hearing” or any other entry listed in the Public Index record associated with the charge for which the bench warrant was issued for a date after their arrest indicating they received an ability-to-pay hearing after they were arrested pursuant to the bench warrant.

I declare under penalty of perjury under the laws of the United States that the foregoing is true and correct and that this declaration was executed in Seattle, Washington on this 12th day of October, 2017.

By: 
Eric R. Nusser, WSBA #51513
