42 U.S.C. 1983 CIVIL RIGHTS COMPLAINT

Introduction

This is a 42 U.S.C. 1983 Civil Rights Complaint being brought by Alexander L. Baxter, an inmate presently incarcerated in the Davidson County Sheriff's Office at the Correctional Development Center located on Harding Place in Nashville, Tennessee. The petitioner submits that officers of the Metropolitan Nashville Police Department violated his constitutional rights by using excessive force against him, and that the force was sadistic, malicious intentional and deliberately done to arbitrarily inflict serious bodily injury upon the body of the petitioner. The petitioner submits that not only was his constitutional rights violated, but that Officer Harris and Officer Bracey committed the tort action of especially aggravated assault and/or its statutory equivalent, and as a result, the plaintiff suffered serious bodily injury, personal humiliation, emotional distress and mental anguish because of this criminal act done by Officer Harris and Officer Bracey.

In addition to the above, the petitioner admittedly submits that during the course of an arrest he ran and hid in the basement of a house. Officer Harris and Officer Bracey soon entered the basement with a K-9. The petitioner sat close to the window upon which the officers entered with the K-9. The petitioner watched the K-9 running around on the other side of the basement. The officers located the petitioner first, then the K-9 ran up and one of the officers was holding the K-9 by the collar. The petitioner sat on the ground, frozen still, with his hands raised in the air. The K-9 was barking and rearing up trying to get at the petitioner. When the K-9 ran up to the officer, the petitioner had surrendered. The petitioner was at gunpoint with a flashlight shining on him. It was daylight outside, and there was lots of light shining through the windows. One officer was in front of the petitioner, and one officer was behind the petitioner. The petitioner was not physically resisting. The petitioner did nothing to provoke any force. The officer in front of the petitioner then released the K-9, and both officers stood and watched as the K-9 attacked. The officer behind had an opportunity to intervene and stop the attack. He didn't. The officer in front eventually stepped in and removed the K-9. The called it a K-9 apprehension, but there were no bites under<sup>ON</sup> the petitioner's arms, no bites under/on the petitioner's legs, no bits on the petitioner's hands, nor were there any other bites on any part of the

petitioner's body. The petitioner was transferred to Metro Nashville General Hospital with deep lacerations under the pit of his arm only. The officers then lied in their police reports because the officers located and had the petitioner at gunpoint first. What they did to the petitioner was a criminal act under the authority invested in them by the Metropolitan Nashville Police Department.

The petitioner exhausted all of his administrative remedies. The petitioner filed a complaint/grievance first in DC50. When he received a response, the petitioner filed a grievance appeal. No response to the grievance appeal was received by the petitioner.

The petitioner also filed a formal complaint by way of a Sworn Affidavit as well as a letter to the Office of Professional Accountability of the Metropolitan Nashville Police Department. The petitioner next filed a complaint/appeal to Sgt. Chris Warner, a complaint/appeal to Lt. Christopher Gilder, a complaint/appeal to K-9 Captain Dhana Jones, a complaint/appeal to Chief Steve Anderson, and a complaint/appeal to Mayor Karl Dean. All of the complaint/appeals and responses are included with this mailing.

Respectfully submitted,  
Alex L. Baxter 12-29-14

RE: Complaint for Use of Excessive Force w/ Serious Bodily Injury

Dear OPR,

Please find enclosed my Sworn Declaration making oath to the facts I have listed therein. I will admit that I ran and hid in the basement of a house, but it was during broad daylight with windows uncovered all around. Officers came into the basement and I saw the dog running around free, but once they found me the dog went to the K-9 officer. As I sat on the ground with my hands raised in the air, the K-9 officer deliberately released the dog to attack me. Then he stood and watched as the dog ripped my flesh open. DCSO got pictures.

I was apprehended, in the beam of their flashlights with my hands raised high in the air. There was no reasonable reason to release the dog, and it was not justified by any legitimate purpose. To release the dog then stand and watch as it attacked me was malicious and sadistic and, I believe, was a criminal act.

In closing, please allow me to thank you for your time and attention to this matter. I have never contacted the Office of Professional Accountability before, so would you please let me know the correct procedure. Thank you again, and I will look forward to hearing back from you at your earliest possible convenience. I am requesting to be compensated and the officers punished.

Very truly yours,

Re: Request for Follow-Up Information / Response

Dear OPA,

This is a follow-up to a request/complaint I filed against officers of the Metropolitan Nashville Police Department for a vicious and deliberate K-9 attack. Once again I would like to reiterate that there were no bites on my leg, no bites on my arms, nor were there any bites on my hands or any other part of my body. The only bites I had were under the pit of my arm. That's because I was completely surrounded, at gunpoint, sitting on the ground frozen still with my hands cuffed in the air.

More than 45 days have now passed. MNPD has had ample time to respond. I respectfully request that punitive actions be taken to the fullest extent possible. Please regard your earliest possible convenience.

Re: Citizen Complaint / Administrative Appeal / Excessive Force

Dear Chief Anderson,

Please be advised that I am in receipt of a letter from K-9 Sgt. Chris Warner, dated April 9, 2014, exonerating Officer Harris at this level of this complaint. Pursuant to the Prison Mailbox Rule, the letter was received by me on April 29, 2014. This timely response follows. The reply submitted by Sgt. Warner failed to mention a second officer present who participated and/or acquiesced and/or failed to intervene to stop a malicious and deliberate K-9 assault and attack. The complaint is against both officers.

Please be further advised that this correspondence represents an exhaustive appeal in this action. Once again, it was called a K-9 apprehension, yet there were no bites on my legs, no bites on my arms, nor were there any bites on my hands or any other part of my body. The only bites I had were under the pit of my arm. That's because I was completely surrounded, at gunpoint, sitting on the ground frozen still with my hands raised in the air. The response found such actions to be "... consistent with Metro Police Departmental Policy..."

RE: Administrative Appeal / Compromise Resolution Request

Dear Captain Jones,

I filed a complaint back in January complaining about the malicious and sadistic and violent use of excessive force. I've since received correspondences from Sgt. Chris Warner and Lt. Christopher Gilder providing no relief. The latest correspondence from Lt. Gilder was not dated, but I received it here at the jail on July 3, 2014. The complaint with the facts enumerated therein was sworn to and notarized under penalty of perjury.

The Prison Litigation Reform Act (PLRA) requires that I seek administrative remedy before seeking judicial relief in a federal court of law. It is my position that the action of your officers not only violated my civil rights, but was a violent criminal act (Especially Aggravated Assault) committed against me under the authority of color invested in them by the MNPD.

In the alternative, I am respectfully requesting that a compromise resolution be reached eliminating the need for future litigation. My lawyer's name is Brian Griffith. His telephone number is (615) 254-0202. He is aware of my simple request.

Re: Exhaustion of Administrative Appeal/Compromise Resolution Request

Dear Chief Anderson,

I filed a complaint back in January of this year complaining about the malicious and sadistic and UNNECESSARY use of violent force used against me. I've since received correspondences from Sgt. Chris Warner and Lt. Christopher Gilder providing no relief. The latest correspondence from Lt. Gilder was not dated, but I received it here at the jail on July 3, 2014. The complaint with the facts enumerated therein was sworn to and notarized under penalty of perjury.

The Prison Litigation Reform Act (PLRA) requires that I seek administrative remedy before seeking judicial relief in a federal court of law. Sir, it is my position that the action of your officers not only violated my civil rights, but was also a violent criminal act committed against me under the color of the authority invested in them by the MNPD.

Thusly, this correspondence and the one I will send to the mayor's office, if necessary, represents a total exhaustion of my administrative remedies in this action. I am, however, respectfully requesting that a compromise resolution be considered eliminating the need for future litigation. My new attorney's name is Mr. Brian Griffith. His number is (615) 254-0202. Mr. Griffith is aware of my request should anyone become interested.

RE: Exhaustion of Administrative Appeal / Compromise Resolution Request

Dear Mayor Dean,

This correspondence represents a follow-up to an action I began back in January of this year complaining about the malicious and sadistic and UNNECESSARY use of violent force used against me by officers of the Metropolitan Nashville Police Department. After appealing to Chief Anderson and then communicating that appeal to your office, per your instruction Attorney Cavanaugh conveyed information regarding my complaint back to MNPD "... for further review..." I began the process over and I've since received correspondencies from K9 Sgt. Chris Warner and Lt. Christopher Gilder providing no relief. Subsequent appeals followed to K9 Captain Dhana Jones and Chief Steve Anderson produced no response.

Your Honor, as respectfully as I know how, this correspondence also represents my sincerely remorseful regret. I am shameful, I am sorrowful, and I apologize to you and this city I love so much. I have even acknowledged on the record and in open court my willingness to assist law enforcement, a request made of me during a visit from other officers, to help recover goods and identify businesses that buy goods. But the problem is that the officers who assaulted me as well as their supervisors have refused to accept any responsibility for their actions. Instead, they have engaged in a conspiracy to cover up what really happened.

If you recall, they called it a K9 apprehension, but there were no bites on my legs, no bites on my arms, no bites on my hands, or on any other place on my body. The only bites I had were under the pit of my arm.

That's because I was completely surrounded, at gunpoint, sitting on the ground frozen still with my hands raised in the air. That is when they released the dog to attack me. It was also like an execution. They stood and watched as the dog ripped me open.

EVEN the police report submitted by Sgt. WARNER stated, in part, as follows: "... Officer Harris advised that once he had a visual of the suspect he gave the suspect commands to show his hands. He advised the suspect complied, and K9 Iwo released..." Common sense would dictate that if I complied with my hands raised in the air for complete surrender, there was no need to release that animal to attack me. It was deliberate. It was intentional. It was especially aggravated assault. That is why it has been my complaint, subscribed and sworn to under penalty of perjury, that the action of those officers not only violated my civil rights, but it was a violent criminal act committed against me under the color of authority invested in them by the MNPD.

In conclusion, the Prison Litigation Reform Act (PLRA) requires that I exhaust my administrative remedies before seeking judicial remedies in a federal court of law. Thusly, this correspondence represents a total exhaustion of my administrative remedies and my final attempt to reach a compromise resolution. My request is simple and very reasonable, eliminating the need for future litigation. I am privileged to be represented by a very good attorney. He is aware of my request.

Re: Filing Information & Motion By Letter For Appointment  
Of Counsel

Dear Court Clerk,

I have written this letter to advise the Court that I have put in two requests here at the jail to have copies made, and after several requests I even had to put in a grievance to finally get the affidavit notarized, but I cannot wait any longer to mail it in because my requests have gone ignored and the one-year limitations period is about to end. I am also writing this letter asking for appointment of counsel.

Therefore, please find enclosed my Complaint for Violation of Civil Rights Under 42 U.S.C. 1983, my Application to Proceed In Forma Pauperis, with supporting documentation, my grievances, complaints and administrative appeals, my Sworn Affidavit of Alexander L. Baxter, my "Introduction" to 42 U.S.C. 1983 Civil Rights Complaints and this Motion By Letter For the Appointment of Counsel to be considered.

Please be also advised that unlike being in prison where there is access to extensive legal materials, and where there is information and examples to challenge a motion to dismiss or a motion for summary judgment, here in the jail access to legal materials is by policy restricted to challenge <sup>to</sup> your sentence or jail conditions. Access to previous and recent decisions, case citations or someone skilled to assist or advise to prosecute a civil case does not exist.

This complaint alleges that the defendants used excessive force. The testimony in this case will conflict because I have stated facts that are the absolute truth, that I was caught and had surrendered and did nothing to provoke force, but the defendants will lie in an effort to suppress the truth. In addition to restricted legal materials, and in addition to conflicting testimony, the case may require discovery, the case involves medical facts, and I have demanded a jury trial.

Therefore, the plaintiff respectfully requests that the Court appoint counsel to assist in this case.

Respectfully submitted,
