--	--

**DECLARATION OF EMILY BELLAMY**

I, Emily Bellamy, declare as follows:

1. I am competent to make this Declaration and have personal knowledge of the following facts.

**Background and Financial History**

2. I am 25 years old and live in Conway, South Carolina.
3. I am a single mother and the primary caregiver for my four young children. My daughter is six years old. I also have twin sons who are two years old and a son who is less than one year old.
4. I work full time at a children’s daycare facility, but I do not earn enough income to support myself and my family.
5. Because of my limited financial resources while trying to support myself and my children, I could not pay fines and fees for traffic tickets in 2018. As a result, the South Carolina Department of Motor Vehicles (“DMV”) suspended my driver’s license.
6. I am currently unable to secure higher-paying work in hotel housekeeping or as a home health aide because my driver’s license is suspended.

7. In 2017, I held two part-time jobs. I was a supervisor for Jani King Cleaning Services, a housekeeping service for hotels and condominiums in Myrtle Beach, South Carolina. I also worked as a home health aide for WeCare Homecare in early 2017 and for Carolina Health Force later in the year. As a home health aide, I assisted disabled and elderly people with daily living activities, like housecleaning and running errands.

**Driver's License Suspension for Failure to Pay 2018 Georgetown Traffic Ticket**

8. On February 8, 2018, I was ticketed for speeding less than ten miles over the speed limit in Georgetown, South Carolina, while I was on my way to buy groceries to make a special dinner for my daughter's birthday. The speeding ticket carried a potential \$76.50 fine. Attached as Exhibit A is a true and correct copy of my February 2018 Georgetown Speeding Ticket.

9. I could not afford to pay \$76.50 before the court date on the ticket. I did not have enough money left to pay the ticket after covering my family's needs.

10. The Georgetown speeding ticket said that I had to appear for a hearing in Georgetown Central Traffic Court on February 27, 2018 at 11 a.m. It takes about fifty minutes to drive from my home in Conway to that courthouse.

11. Attending the hearing would have required that I miss a day of work. I was also unable to find someone to cover my shift at work so that I could attend the court hearing on my traffic ticket.

12. I called the Georgetown County Central Traffic Court to request that my hearing be moved to another date. The person I spoke to from the Court told me that the hearing could be moved and that the court would send me something in the mail letting me know the new date.

13. I never received a notice from the Georgetown Traffic Court about a new court date.
14. In March 2018, \$25 was taken from my tax refund and diverted to the Georgetown Central Traffic Court to pay a portion of the fine for my February 2018 speeding ticket.
15. I was not aware that the court could take money from my tax refund in this way.
16. I later learned that the Georgetown County Central Traffic Court tried me in my absence on April 17, 2018, found me guilty of speeding less than ten miles over the speed limit, and sentenced me to pay \$76.50 in fines and fees. Attached as Exhibit B is a true and correct copy of the South Carolina Public Index Record for my February 2018 Georgetown Speeding Ticket.
17. I did not receive notice from the Georgetown Central Traffic Court letting me know that I had been tried and sentenced for the speeding ticket.
18. Since the \$25 was taken from my tax refund, I still owe \$51.50 toward the Georgetown speeding fine.
19. On July 8, 2018, the DMV suspended my driver's license for failure to pay the February 2018 speeding ticket I received in Georgetown. I did not receive notice from the DMV about this suspension.
20. I only learned about this suspension, and that the DMV also charged me a \$100 reinstatement fee for this suspension, after my attorneys requested my DMV records and provided me with a copy of my DMV 10-Year Record and my DMV Reinstatement Requirements list. Attached as Exhibit C and Exhibit D are a true and correct copies of my DMV 10-Year Record and DMV Reinstatement Requirements list, respectively.

**Driver's License Suspensions for Failure to Pay 2018 Conway Tickets**

21. On May 29, 2018, I was driving from a client's home back to the main office of Carolina Health Force in Conway and got into an accident with multiple vehicles. I was issued three traffic tickets for operating a motor vehicle without a license in possession, operating an uninsured motor vehicle, and following too closely. The tickets totaled \$665 in possible fines and said that I had a court hearing on August 1, 2018. Attached as Exhibit E, Exhibit F, and Exhibit G are true and correct copies of the May 2018 Conway tickets for operating a motor vehicle without a license in possession, operating an uninsured motor vehicle, and following too closely, respectively.
22. The officer who issued these tickets also informed me that the DMV had not been able to verify my car insurance for a few months. The ticket for operating an uninsured motor vehicle was the way I learned that my car insurance may have lapsed. I had not received notice from the DMV about problems with my car insurance.
23. In early 2017, the father of my children agreed to pay for my car insurance instead of making child support payments. He had not paid me any child support for a long time. I agreed to let him pay car insurance because I needed help in paying for car insurance so that I could keep my license, drive to work, and support our kids.
24. I thought that my children's father had been paying my car insurance for about a year. He never told me that he had stopped paying. The accident was the first time I'd ever heard that anything was wrong with my insurance coverage.
25. My van sustained significant damage in the accident and was towed by an auto body shop.

26. I went to the auto body shop the next day and learned that it would cost \$305 to get my van. I could not pay \$305, so I left the van at the shop.
27. I had to stop driving to the job sites for my work with Jani King Cleaning Services and Carolina Health Force. Although I was able to formally maintain my part-time employee status with both companies for a few months, I was not able to earn any income because I was not able to go to work and to drive for work.
28. I was very worried about how I would manage the needs of my family without the ability to drive and with three young children and another child on the way.
29. I knew that I would likely not be able to get to my court hearing on my Conway tickets because I could not drive due to the issue with my insurance.
30. In June 2018, I called the Conway Municipal Court to ask that my court hearing be moved to another date. I was told that the hearing could be moved and that I would be mailed a notice with the new date.
31. I never received notice from the Conway Municipal Court of the date for my new hearing for the May 2018 Conway tickets.
32. In August 2018, both Jani King Cleaning Services and Carolina Health Force terminated my employment. Because I had been unable to drive to work, both companies had assigned other employees to service my former clients and job sites.
33. On August 29, 2018, the Conway Municipal Court tried me in my absence, found me guilty, and sentenced me to pay \$665 for the three tickets I received in Conway in May 2018. I did not receive anything from the Conway Municipal Court about this court hearing or about what had happened on that date. My attorneys later requested my DMV records related to these tickets and provided me with copies of notices the DMV received

from Conway Municipal Court regarding my May 2018 tickets. Attached as Exhibit H, Exhibit I, and Exhibit J are copies of the South Carolina Public Index Records for my May 2018 Conway Tickets for operating a motor vehicle without a license in possession, operating an uninsured motor vehicle, and following too closely, respectively.

34. The DMV placed another two suspensions on my driver's license on August 26, 2018, and on September 25, 2018. These are related to the lapse in my car insurance, which I did not know about until the May 2018 car accident in Conway. The DMV also charged me \$905 in reinstatement fees related to my car insurance. *See* Ex. D. I did not receive notice of these suspensions or the reinstatement fees from the DMV.
35. I was very upset when I learned about these issues with my car insurance. I had relied on my children's father to pay for my car insurance instead of paying child support based on our agreement. Unfortunately, he had not been paying child support or my car insurance.
36. On December 6, 2018, the DMV placed another three suspensions on my driver's license for failure to pay the three May 2018 traffic tickets. The DMV also charged me a \$100 reinstatement fee for each of these suspensions. *See* Ex. D. I did not receive notice from the DMV about these suspensions for failure to pay traffic tickets or the related reinstatement fees.
37. By the end of December 2018, I was still unable to find consistent work that did not require driving. I was barely able to support myself and my family. I could not afford to pay the traffic fines and fees or DMV reinstatement fees.
38. In February 2019, my youngest son, K.B., was born. I was so happy about this new addition to my family but I also knew that I would need to find a stable job to be able to take care of myself, my new baby, and my other three children.

39. K.B.'s pediatrician was located in Myrtle Beach, approximately 20 miles away from my home in Conway. I could not find a doctor in the Conway area that would take Medicaid and who was also accepting new patients.

40. Without a driver's license and car, I had to spend time arranging for transportation provided by Medicaid to take K.B. to the doctor, which was required six times during his first year.

41. When K.B. was three months old, he became sick with a virus. I was able to get transportation through Medicaid to take him to the doctor. But, once we were at the doctor's office, the Medicaid transportation provider told me that we would have to wait three hours in order to be picked up and taken home. That would be a long wait, especially with a sick child who needed sleep. Luckily, my cousin was able to pick us up and take us home.

42. When K.B. was about five months old, he had a high temperature. I was able to find a ride to take him to the doctor's office. But once we got there, I was told to immediately take K.B. to the hospital. I called the Medicaid transportation provider to ask for a ride to the hospital but was told that they could not take us because this ride had not been arranged beforehand. I called my mother, who was able to come to the doctor's office and take us to the hospital. To get home after the hospital visit, I had to call my cousin for a ride home. Luckily, he was able to come and get us.

43. In April 2019, I finally found a job at a child daycare facility I could get to without driving. I also pay \$100 per month to have my three younger children use this same daycare while I work.

44. From April 2019 to the middle of October 2019, my boss was willing to drive my daughter, J.B., to school in the mornings and then to take me and my three sons to the daycare facility where I work. She would also drive us all home at the end of my work day.
45. In June 2019, I called the Conway branch of the DMV to see if there was any way for me to get my driver's license back. I was directed to the DMV website.
46. On the DMV website, I clicked on a button referencing payment plans for DMV reinstatement fees. I originally thought this plan might address both my traffic ticket fines and reinstatement fees but later learned that this payment plan was only for repayment of DMV reinstatement fees. The website told me I was ineligible for the reinstatement fee payment plan but did not explain why I was ineligible.
47. In late October 2019, my boss told me she was no longer able to help with my family's morning and evening commute.

#### **Impact on My Life**

48. Right now, I am not sure how to get my children and myself to where we need to be every morning and to bring us all home at the end of the day.
49. Taxis and paid car rides are the only reliable option but are too expensive for me. Taxis will cost around \$380 each month and I cannot afford that. Paying for car rides would cost less money but are still unaffordable for me. It is also difficult to find someone who can drive us every morning and every evening.
50. In the mornings, I would have to pay for a car or taxi to take J.B. to school on time and then for a car or taxi to take me and my three sons from J.B.'s school to the daycare where I work on time. There is no public transportation we can use to travel this route

and get to school and work on time. My boss provides transportation to J.B. to get from school to the daycare facility in the mid-afternoon, but then I must pay for another car or taxi to get myself and my family home from the daycare facility.

51. My income as a children's daycare worker is not enough to cover expenses for myself and my family and to pay my traffic fines and reinstatement fees. Each month, I have to pay for rent, childcare, groceries for my five-person family, utilities, phone service, household supplies, diapers and baby wipes, personal care and hygiene needs, milk products for my youngest son, transportation, and medicine for my family. I also need to pay for clothing for my four children because they are young and continually grow out of their clothes.
52. I could work other jobs to earn more money to cover these expenses and provide for my family if I had a valid driver's license.
53. With a valid driver's license, I would be able to drive to Myrtle Beach on the weekends to work in housekeeping with my former employer, Jani King Cleaning Services. That position, however, requires the ability to drive between various job sites and to transport heavy linens, cleaning products, and rags between the sites.
54. Without a driver's license, I am also unable to visit and help my mother, who lives with HIV.
55. Before I learned that my driver's license was suspended, I visited my mother every Sunday and at other times during the week, when she was ill or needed help.
56. My mother lives in Longs, South Carolina, which is about 21 miles away from my home in Conway. It is about a 30-minute drive from my home to my mother's home and there is no reliable public transportation for this trip.

57. The suspension of my driver's license also affects my ability to make sure that my family has consistent and reliable healthcare. My children's pediatrician is located in Myrtle Beach, South Carolina, because I was not able to find a pediatrician in Conway that would accept Medicaid and take new patients. When any of my four children need medical attention, I have to rely on rides from friends or family, who are not always available, or pay for a taxi or car ride. With my limited income, I cannot afford to pay for taxi and car rides to Myrtle Beach, which is located about 16 miles away from Conway.
58. Because my driver's license is suspended, I am also unable to take my children to community and extracurricular events. The school my six-year-old daughter, J.B., attends hosts a number of community activities, including school plays and family reading events, which require staying late at school. J.B. cannot participate in these events because I do not have a driver's license and cannot get us back home after the events. Similarly, my sons do not participate in youth football at the local recreational facility because my suspended driver's license keeps me from being able to drive them to and from that facility.
59. I used to be an active participant in a number of volunteer and community groups before my driver's license was suspended for failure to pay a traffic ticket. This included a non-profit organization called "Family Outreach of Horry County" whose goal is to help build strong families by providing support and education for young mothers. I have missed the last two Family Outreach meetings because I was unable to arrange for transportation for me and my family to get to the meetings. I also used to volunteer for the Salvation Army and Helping Hands. Because my driver's license is suspended, I cannot participate in any of these activities.

60. Daily life is a struggle because my driver's license has been suspended and I am unable to pay my traffic fines and fees.

61. Now that my boss cannot offer transportation to me and my family in the mornings, things have become even more difficult and I am not sure how I will be able to make this situation work. I do not want to lose my job and source of income. But I might lose this job if I cannot consistently get to work. This will hurt my family.

62. My driver's license continues to be suspended both because I am unable to pay fines and fees on my traffic tickets and because I do not have car insurance. I cannot pay for car insurance and my traffic tickets and reinstatement fees.

63. If the DMV lifted the failure-to-pay suspensions and all reinstatement fees on my driver's license, I could use my tax refund to pay for car insurance and drive my grandmother's old car.

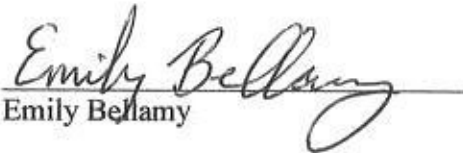

64. With a valid driver's license, I would be able to keep my current job, take my daughter to school, and earn more money through housecleaning or home health care to meet my family's needs.

65. I am filing this lawsuit for myself and others like me who will have or have had their driver's licenses suspended because they could not afford to pay their traffic fines and fees and DMV reinstatement fees. I know that many people are in a similar situation as me because they do not have the money to pay hundreds or thousands of dollars in fines and fees for traffic tickets and DMV reinstatement fees and need their driver's licenses to work and care for themselves and their families. It is important to me to help these people in South Carolina who are also suffering.

66. I am committed to pushing this lawsuit forward on behalf of the proposed Classes.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct and that this Declaration was executed on November 1, 2019 in Conway, South Carolina.
