**DECLARATION OF JANE DOE**

1. I am a Plaintiff in the case No. 2:11-cv-04212-NKL, *Parents, Families, and Friends of Lesbians and Gays, Inc. et al v. Camdenton R-III School District*, proceeding with the use of a pseudonym.

2. The statements in this declaration are based on my personal knowledge.

3. I am currently a student at Camdenton High School in the Camdenton R-III School District. Prior to attending Camdenton High School, I attended Camdenton Middle School, which is also in Camdenton R-III School District.

4. I have used, and plan to continue to use, computers in the Camdenton High School library to access information on the Internet. The library computers allow students to search for information using search engines; however, some websites are blocked.

5. I also had the opportunity to use the computers in the library at Camdenton Middle School to browse the Internet.

6. I am straight, but I have several friends at school who are gay or bi-sexual.

7. I have no complaints about the teachers at Camden Middle School or Camden High School. In my experience, they do their best to educate all of their students.

8. Unfortunately, in my experience, the Camden Middle School and Camden High School are not friendly places for students who are gay or lesbian, or who people think are gay or lesbian. I have witnessed my friends being teased, taunted, and called names because other kids think they might be gay. While the teachers are great, the kids are vicious. I myself have been taunted just for being supportive of my gay friends.

9. I tried to be supportive of all of my friends, regardless of their sexual orientation.

10. I would like to be able to use computers in the library to access information on the Internet that would help me support my friends, but many websites that are supportive of gay and lesbian people are blocked at my school.

11. I want to be able to access information on diverse ideas and issues, including information about lesbian, gay, bi-sexual, and transgender people, but I am prevented from doing so by the software blocking sites on the Internet.

12. I would not feel comfortable asking for a website that is supportive of lesbian, gay, bi-sexual, and transgender people to be unblocked because I am afraid doing so will draw attention to me and make me the subject of further taunting.

Pursuant to 28 U.S.C. § 1746, I declare under penalty of perjury that the foregoing is true and correct.
